

CUPERTINO's DRAFT PARKS AND RECREATION SYSTEM MASTER PLAN

Public Input on Draft Master Plan, Additional Public Comments, through Apr. 11, 2019

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
69		There is no mention of tourism in the master plan. I think that Cupertino has many interesting attractions for tourists, and the city could play a role with organizations such as Apple to refine tourism.	I am not clear whether Tourism falls into Parks & Rec, or another arm of the city. But if it falls into Parks & Rec, the master plan should definitely address tourism. I would be happy to contribute / lead the Cupertino Tourism plan, if desired. I recently spent 3 years touring the World, so I've seen a number of Tourism "systems".	Dan Marshall	DanMarshall22@Gmail.com
68	I like that there are intentions to improve our parks and acquire more green open space.	I would change the addition of performing arts, aquatics center, and gymnasium facilities to our parks, especially memorial park. Memorial park is the largest park in Cupertino and has the most open space. I see it as a tremendous loss and waste of open space to put those facilities in the place of the open space.	I would like to suggest if they want to replace the pond in the Memorial park, maybe a giant playground similar to the Magical Bridge handicap accessible playground in Palo Alto and saving a small part of the water system to make a water play area similar to Ortega Park in Sunnyvale for summertime fun. I know we have droughts, but I'm hopeful there are sustainable options for water play.	Angel Chen	acchen3@gmail.com
67	I love the idea of acquiring more park space in Cupertino.	Memorial Park should not be considered as a potential location for a new aquatics facility, performing and fine arts center, or gymnasium complex and multi-use recreation center. The park needs more green space, not less. Local businesses already have problems with people attending park events parking in lots intended for their customers. Including any of those facilities in Memorial Park could make this occasional issue into a constant issue.	Memorial Park's proximity to existing performing and fine arts centers, and to a gymnasium complex and multi-use recreation center would make a new facility of either sort within the park superfluous. Also, an aquatics facility may attract ducks and geese back to the park after all the effort that have been made to get rid of them.	Sherman Cater	stcater3@gmail.com
66	Dog park and off-lease areas. Aquatics facilities including warm pool for water therapy. Trails and trail corridors		This is a fantastic plan. Thank you for the great work, and looking forward to the new developments! Eastern part of Cupertino, which is experiencing a large population growth of young families, can really benefit from more facilities. I am strongly supportive of pool facilities and dog parks in particular. I would personally very much welcome short-term trial of off-lease areas at Wilson Park and Creekside Park. My observation of Wilcon park usage pattern is that the Southeast quarter is almost always unused. Turning the area into a location for new facilities would be a great use of the land.		
65	Preserving our Parks and hopefully adding parks to the Eastside of Cupertino. Inclusive areas for all levels of abilities, renovating where needed Activities in all parks was a great addition last summer and happy to see it will be continued	All building - especially the Eastside cannot do in lieu and has to add parkland in their own project. Make sure parks are shady. Replace trees that were taken out so we have more shade.			
64	Parks and Bicycle/Walking Paths and Trails on East side of Cupertino, and especially along the creeks	Farmers Markets in different locations	If there can be a plan to help keep our trails along the creek clean, deal with homeless encampments and graffiti. Organize regular creek cleanup days. Post visible signs where complaints and reports should be directed like garbage spilling out of cans, homeless encampments and graffiti.		
63	Good thinking!	Prioritize Pokemon Go. A Significant amount of your silent users go to the parks purely to use this app			

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
62		Would really like to see various sport options in more parks in quicker timeline. For example, at Wilson park now, there are 3 baseball fields and only baseball - the park will enrich much more neighbors' life if there is a mix of sports fields/options like tennis, table tennis, badminton etc. More nature/environmental education and art elements can also be added. This will make a lot of fun visits to parks.		Vivian	Qyl168@hotmail.com
61	Very little	Why's all the important information in tiny font in the appendix? When I ask questions parks and rec commissioners that made this plan say " it's in the appendix" This is a TERRIBLE master plan. No representation for East Cupertino, no representation from working mothers and fathers and the plan contains all information for things WE DO NOT NEED. Build parks and open Green space (on the ground not 50 stories up in the air that is NOT a park) are what the children need. Force Lawson and Segwick to open their gates to the public. Just like all of the people coming from outside our city to bash residents say, "open up and unlock the land." The schools belong to the residents. Lawson and Segwick cannot continue as they have we need a written agreement to open up their courts and fields. More funding must be allocated to East Cupertino. Disproportionately it has gone to the Monta Vista area. No more. The residents of Cupertino have spoken up and we have a mandate. ALL must be represented fairly. This plan is a slap in the face to those that value community engagement transparency and accountability.	Please reject this Master Plan. Peter Pau himself could not have written a more vague, abusive, ineffective plan and it's sad to see politics harm our children, working class, seniors, and Cupertino community.		
60	I love that Cupertino takes such good care of parks .	I do not want a bathroom across from my house in three oaks park . We voted when the park was built to keep it a neighborhood parl		Lenore williams	Lenwilliams2@earthlink.net
59	Include dog parks				
58	Anything updated that includes preserving the nature that we have in supporting community is good	I'm not deeply familiar with the plan outside of the video. My only thought is the interconnected aspect. I lived in Cleveland 20 years ago where they had a beltway which was fantastic (trail and cars). My concern here is that it could become a security issue allowing theft or violence to be more easily transferred between communities. Perhaps micro connected trails to dissuade that is a consideration	For playground structures please consider sunshade. We have 2 small children and so many of the parks have trees around them but not necessarily over the structures which makes them hot and obviously provides too much Sun for young skin		Msmasully@gmail.com
57	There is some recognition that east side of cupertino need more parks	There needs to be an actual concrete plan/route map on how to add parks to east side of Cupertino, namely the Rancho area, not just hope and dreams		Neal	gheewala114@yahoo.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
56	I mean know disrespect to the team that prepared the Plan. However, reading the Plan sparks more questions than solutions regarding how Cupertino will address park, recreation, and open space inequity across the City.	(1) Please add data that identifies how many people live within a 1/2 mile of each park. Please identify how many people are expected to be served per acre per park. For example if a park is 3 acres, how many people live within a 1/2 mile of the 3-acre park (no matter city of residence)? Give expected park user values in terms of residents-per-acre. (2) Please provide within the body of the Master Plan an objective assessment of each park and amenities. For example, how many restrooms? When were the restrooms last renovated? How many picnic tables? When were the picnic areas last renovated? Play equipment? Walking/mixed use paths? Other? (3) Please consider upgrading Library Field status from "field" to "park". The community values Library Field, as it is in near constant use for cricket, pick-up soccer, volleyball, and field play. Library Field needs to be recognized and protected for the utility it offers the community.	I'd like to see better outreach to residents regarding the Parks and Recreation Master Plan. It seems the Plan includes big ticket items, yet relatively few residents contributed to the data set that informed the Plan. Without broad community support, where will the money come from to build the items suggested in the Plan. If Cupertino were to add a 200-600 seat performing arts center, who will pay for it? Does use of nearby performing arts centers indicate demand for Cupertino to have its own center, replacing Flint Center? Similar questions and concerns with a new aquatics center: are there opportunities to leverage/subsidize existing pool facilities as a means of meeting current and future aquatic needs and interests? It seems Cupertino needs incremental improvements and increased parkland acreage today, especially in eastern neighborhoods and as a higher priority than distant future, non-park capital improvements.	Liana Crabtree	lianacrabtree@yahoo.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
55	All of it. The I believe 7 main points are masterfully done. Sustainability and protection of ecosystems connecting the parks and the idea to make them all accessible equally to everybody instead of for instance all the nice bike paths and connections to larger walking paths all are in the wealthy neighborhoods(like they so often are.) It's well done and even attempts to address getting kids outside because we have in my opinion an epidemic of oversupervised children who don't get enough outside time with thier peers.	Surprisingly not that much I would make sure that there's something in there that they don't do what so many cities have done and ruined access by charging money. if the activities and places are built sustainably and well it shouldn't take much maintenance and volunteer groups should be encouraged. When you charge people those who need it the most often don't and can't go. It also takes away a lot of the casual enjoyability of outdoor activities which should remain as they always have since as long as humans can remember; just something you go do. So I would say to make it a clear point not to as so many cities have done a decent job of their master plan but forgot this little point and too many well-off city planners don't understand the sociology behind it and implemented fee's the average people simply can't afford. On that note I would like to see a firm edition of insurance free zones where people can just be human without having to literally give our allegiance to the whims of insurance companies and litigation. Obviously this one is a challenge but since you guys asked.. Most important it would be nice to see more parks and playgrounds open later so that 9-5 working people and kids can use them after school. Especially in winter. Last but not least please put in there somewhere that you will never over do the reserve system. That one is such a doozy and makes it so that perfectly good ball fields and the whatnot are completely unused more often than not.	I would like to point out that kids and people in general have a lot more fun when an area is less manicured just well taken care of. (it's also much cheaper to maintain and is consistent with what it seems you guys are trying to do) I would love to see some just beautiful native parks with maybe a little bit of grassland where people can throw frisbees or have a little family soccer game. Super low maintenance and just not a lot going on except just enjoy the space. In other words as natural as possible but not specifically for hiking. Old orchards and the whatnot make great places for kids to play things like capture the flag. On the same subject it would be nice if Cupertino had a place where people can have family reunions, anniversaries and weddings that are outdoors that had next to them optional camping for friends and family so the people don't drive afterwards. It just makes sense and it's makes it a lot more fun and people can sit around a campfire and enjoy each other's company after the event. They do this in Europe all the time and I found that it's very enjoyable and extremely well attended. All that said these are little things and from what I read of the draft it's extremely and surprisingly well written bravo and good luck.	Jey	Patterwigis@gmail.com
54	Keep McClellan Park Preserve a Nature Preserve. My husband and I ran a Research Garden at McClellan for 14 years where we received press coverage for the Park and City of Cupertino. Please don't do anything to McClellan. Leave it alone. We have been standing to keep this beautiful space as it is. Keep it a Nature Preserve	Buy the Oaks Shopping Center and use if for a larger more diverse Farmers Market as they have in Sunnyvale, which includes prepared foods, music, produce and cultural events.	WE don't have children and have been active citizens of Cupertino for 35+ years. I would like to see more open spaces, less soccer fields and specialized fields. I'd like to see at least 2 community gardens in Cupertino for people to understand where their food comes from and to learn how to care for our environment and planet. What is the average number of years a family lives here? I asked because there doesn't seem to be a long term thinking in planning. I served on the Citizen committee to create the General Plan 20 years ago and volunteered many hours to help Cupertino be more a conscious community in terms of open spaces and less impact on nature. I challenge the statement that we have "tree lined" streets as our former Director of Public Works, Bert Viscovich preferred to cement over parking strips rather than plant trees. I was told this by a staff member of Pubic Works at the time and if you drive down November Dr. you will a lot of cemented parking strips rather than trees. I am also a Master Gardener with UC Davis, a member of Our City Forest and an active citizen scientist.	Roxanne Beverstein	rbeverstein@gmail.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
53	<p>I heard that De Anza community college board voted to close Flint performance art center last week. And there is another motivation from city's planning committee of building another performance art center in down town cupertino. I don't see any point on this two controversial duplicated efforts, other than wasting tax dollars. 1) the flint center already serves well for community, what is the point of abandoning this and building another one? It double the costs, tearing down and building new, for nothing. 2) parking spaces. It is very effective to have a performance art center in community college campus. Recreational time and school hours are complimentary to each other. School campus provides ample parking spaces for recreation hours of weekends and nights. But you have to build parking structures for downtown performance art center to relieve parking burdens. This is another extra cost, and still it doesn't resolve but severe the traffic jam in downtown area. 3) traffic. Flint center in De Anza College is close to high way 280, it doesn't gives the burden on already jammed Stevens creek blvd, while downtown performance art center does. 4) college art programs. Flint center in campus can benefit students and community members. Other than the school's annual ceremony and celebration activities, it also gives the school the choice of providing performance art programs. I thinks these programs will benefit community members way more that a downtown performance art center. Please reconsider closing down Flint center and the plan of new performance art center in downtown. Thank you!</p>				
52	Do not like the master plan.		Please keep the Flint performance center.	Frank Liu	Frankliu_6@yahoo.com
51	Enhancing existing parks	Avoid adding more basketball courts. Parks are supposed to help people get in touch with nature, not concrete floor.		ron	

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
50	Emphasis on connecting our city and nearby open space and other cities with walkable/ bikable paths and trails. Preserving McChellan and Blackberry Farm	I would like to see a neighborhood by neighborhood assessment of park space and then if major inequities, or needed upgrades/repairs are found then a plan developed for that as first priority. The East and West Highway 85 is a rather arbitrary designation. It is actually a major barrier between parts of our city. We also have the spaces such as the non "parks" at Cali Mill and Main Street. There have been many missed opportunities. The sample size of the survey was so small (1-2%) that I feel that tables and graphs that were generated from this data may not reflect the needs of the residents. Park space should be identified in Masterplan	A Performing Arts Center is not a top priority. It is very difficult to give a response in this format	Susan Moore	Suemmo@comcast.net
49		Library field is noted as potential location for Arts center(page 88) or Teen center(page 90). This is the only green space in this neighborhood and it has to be preserved for sports/leisure activities. I would suggest to remove this site as potential location for future arts and teen center from the master plan.	Pg. 82 Longer Term Selected Enhancement Opportunities. Must modify the statement "Connect via trails and bike lane network to Cupertino High, Wilson Park and Civic Center/Library" to specify that these are subject to city council approval of design and environmental impact review.		
48	Visual and performing art center provision	I would like to see a gallery or art museum space.	No	Janki chokshi	
47	I like its robust support for nature, habitat, wildlife and ecological function.	I think it is well thought out and is based on having the right goals. So there is nothing I would change or add.	Thank you for your hard work. I am a member of the Sierra Club Loma Prieta and I know it supports the plan.	Janet Walworth	walworthjanet@gmail.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
46	<p>This is a very well put together document. I like the high level to low level presentation. Good job describing and communicating the scope of this effort. I learned some things about the responsibilities of the Parks Department that I did not know. You have clearly put a great deal of time and effort into this plan, so kudos for that. And thank you for the opportunity to provide comments. Regarding themes: Pg 16. Nature experience. I like the decreased emphasis on large lawns, retained natural character, environmental education, and nature programs. We have a variety of wildlife in our parks, and education on wildlife co-existence would be beneficial to residents. Pg 17. Trails and connectivity. Absolutely essential! A continuing communication and education program regarding connectivity will help residents appreciate what exists today, and how to adhere to bike and hiking safety best practices. Also an opportunity to work with Bike/Ped commission, Walk-Bike-Cupertino, and other entities toward mutual goals. Pg 18. Parks and Facilities access. Improving what we have is the priority. Acquiring more/new parks may be prohibitively expensive. Ditto for new items like an aquatics facility; improving and leveraging existing aquatics facilities might be a more practical and timely step.</p> <p>Pg 19. Social Gatherings. I liked the pilot program that was done in summer 2018. Some were hits, some misses, but it was fun and definitely could be learned from and used as a template for moving forward. Pg 20 Extra-ordinary play. How well utilized are our existing facilities? E.g., when I go by the Bocce courts I rarely see them in use. Before we run off the build more, let's make sure that what we have is in good condition, well communicated, and that we track utilization. It would be a shame to provide additional facilities only to see them lie fallow. Pg 23 Welcoming place and services. Seems like a no-brainer. Improve what we have with the straightforward improvements noted. Pg 25 The Arts. Count me among the skeptical about Cupertino having its own performing arts center. Huge undertaking, as I am sure Mountain View could confirm. If this is to be done, it is better placed at a site like Vallco and main street rather than memorial park.</p>	<p>Water conservation: We need to be water conscious in California. The problem will only get worse in the future. Water efficiency and conservation should be foremost in the goals for a Master Plan. In some of the individual items and specific actions this is mentioned (e.g. water play water reclamation). But I think it is worthy of being a major theme. Californians need to be constantly reminded that water is a precious resource that all of need to conserve. Lead by example in our parks. Air and Noise Pollution: I would like to see the city ban the use of gas-powered leaf blowers. They are polluting devices, both air quality and noise. As it is squarely related to climate change, air quality, conservation, and communing with nature, maybe the parks department can take the lead on this? I can't tell you how many times a nice outing to a park has been shattered by the consistent and obnoxious whine of a leaf blower. Once a leaf blower ban is accomplished, the next step is to ban gas powered mowers.</p>	<p>My comments on the Master Plan goals. Pg 36. MP-1, Conservation. 1A-1E. I strongly agree with the objectives and specifics listed. I noted the comment on working with volunteers and partners to improve/enhance/restore natural areas. I think there are many people in our community that would be interested in volunteering to participate in such activities. I know I would. Community volunteers could be an untapped resource for the parks department. Pg 42. MP-2, Connection. Strongly agree with 2A-2D objectives and specifics. Also an opportunity to work with Bike-Ped commission and others on common objectives. I will note that connectivity includes our city streets, with bike lanes, bike blvds, education on proper riding etiquette for children and adults. Pg 46. MP-3, Equitable access. Agree with A, B, and C. Will note that some 'neighborhoods' like seven springs have their own 'park-like' facilities, and these private facilities should be reflected in the equitable access calculation. Same for school facilities where there are existing agreements on public access/utilization. I'm particularly interested in adult swim (for exercise) opportunities. Lastly, can you give an example of a POPOS (page 48). Do we have any in Cupertino, or the surrounding area? Pg 50. MP-4, Enhancement. A-G, All noble goals. But do we really need WIFI in the parks? One hopes these can be areas where people look up from/get away from their screens. People yakking on their phones on the walking paths is bad enough.</p> <p>Pg 56. MP-5, Activity. 5A would seem well served by other organizations. Is there a need for the Parks department to contribute here? 5B- Are these needs unserved today? 5C-5G seem like nice-to-haves. Pg 62. MP-6, Quality. 6A is a core need and a must! 6B seems like a should. 6C is a must. 6D seems like an action item list well within the Parks department charter to just act on. 6E seems like an action item list as well. 6F seems like a should. 6G is a must. And I suggest connecting with all residents regarding parks info, not just new residents. People need to be regularly refreshed (short attention spans/too much going on to retain). Pg 70. MP-7, Sustainability. 7A is a core need (must). At the end it all boils down to priorities and the funding to execute the short term tactics and long term strategies. 7B is a core need (must). I'm hoping the guidelines say to get rid of thirsty lawns in favor of drought tolerant landscaping. 7C is a core need (must). Keep in mind that there may be community volunteers that can participate in these types of activities. 7D "a must. Can't do everything, can't do it alone, so leverage!</p>		

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
45		The pond area in Memorial Park should NOT be repurposed. Rather it should be put back into operation. The ponds were a beautiful part of the park and should be retained.			
44	Good ideas	Access to the Parks: specifically: in the last 20 years the City has done nothing to improve the non-existent sidewalk (i.e. rough area which is not safe for seniors or children) on Orion Lane/Stelling intersection, despite many discussions with the City. The lack of a proper sidewalk makes access to Jollyman Park unsafe and difficult for many who live in the Orion Lane areas. And it's made worse by large traffic volume and drivers who do not observe stop signs. And poor crosswalk signage and controls for crossing Stelling. So: what is the City going to do to improve SAFE ACCESS to Jollyman Park in the next 20 years from this neighborhood? This aspect seems to be missing from the plan.			
43	I support the Plan's vision which aspires to 'create an inspiring, lively, healthy, diverse and sustainable community by connecting our residents to outstanding parks, nature and one another' I support the mission to restore, preserve, and protect our creeks, meadows, trees and natural areas and look forward to the implementation of the goal of 'Conservation: Protect nature, trees and natural areas in parks and throughout the city to support wildlife, ecological functions and a stronger connection to Cupertino's natural environment'		Well done. So glad you listened to SCVAS and the community rather than just creating sports fields.		
42	Very environmentally respectful, as it seeks to enhance our native natural treasures, along with our enjoyment of them.	Thank you for all the work you put into creating this exceptional plan with its robust support for implementing its Vision.		Mark R. Brux	furrybeast@iname.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
41	<p>Paved areas in nature settings where I can roll my 88 year old father along in his wheelchair. He has lived in Cupertino since 1956, and getting out and reminiscing about the Cupertino parks is still important to him. Swimming pools! Swimming lessons and rec swim at DeAnza and Monta Vista pools were a huge part of my childhood. There should be many pools and they should be open year-round. Ever hear of Wim Hof and cold thermogenesis? No need to heat them to high temperatures. Add solar panels to help heat for free. The plan to have 3 community gardens. Many people in Cupertino do not have the big backyards of yesteryear. And there is still a yearning to put one's hands into the soil and grow something to eat. Provide more opportunity for people to be able to do that. Even if it is just in a community way where volunteers can come help to work a communal piece of land Mon Wed Sat mornings from 8 to 10am or some such.</p>	<p>Seattle, Cotati and Petaluma (and I am sure many more communities) now have food forest parks. It would be nice if one or more of the gardens could have permaculture food forest areas. Fun would be a section of natural edibles. My Dad's backyard in Cupertino is still a bit wild and has lots of Miner's lettuce in it, for instance. California poppies are edible, wild rose hips, etc. Also, I know fruit trees are messy, but they are so much fun. Please plant more fruit trees in community areas. Did you know that there are tall collard trees? The leaves are edible collard greens. They can be used as standing trees or hedges. So can pomegranate bushes. Or artichokes. etc. Every fence and wall could have fruit trees espiald onto them. There should be many swimming pools and they should be open year-round. Ever hear of Wim Hof and cold thermogenesis? A cold swim is highly conducive to the production of brown fat and therefore weight loss. Advertise that so there is No need to heat them to high temperatures. Add solar panels to help heat for free.</p>	<p>Figure out how to maintain parks without pesticides and herbicides and irrigate using water saving methods and then advertise what you are doing right. Have volunteer days. Have a master gardener program. Have an open-pollinated heirloom seed library. Do a seed and scion swap festival with the California rare fruit growers like this http://crfg-redwood.org/events/scion-exchanges/ Cupertino was filled with fruit orchards when I was a kid. In fact both sides of Steven's Creek blvd all the way down into what is now Santana Row was orchard. When the orchards started to be abandoned, we would glean from them and then can the fruit and make jam. Bring back some of Cupertino's fruit tree legacy for new generations to enjoy. Varian park would be a good place for that. My dad worked at Varian in Palo Alto for 32 years and used to drive Varian's children to school on his way in to work. He says Varian had lots of fruit trees on his property in Cupertino. Memorial park also used to be a fruit orchard when I was a kid. http://www.anseladams.org/orchard-santa-clara-mp104.html Teach fruit canning and jam making classes. Have blackberry bushes. We used to pick blackberries by wading into Steven's Creek near Blackberry farm during the summer when the water was low and the banks were filled with berries. We made wonderful blackberry pies with them. Can children today still pick blackberries in Cupertino and make pie? Blackberries make great edible hedges, although, admittedly they do tend to spread.</p>	Sandi Percell	sandrosep@me.com
40	<p>Protections of creeks and wildlife. I also like that so many people were brought into the conversation when creating the plan, including the Loma Prieta chapter of Sierra Club.</p>	<p>Continued efforts at providing places for trash and particularly recycling plus water conservation in restroom facilities.</p>		Kathy G.	

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
39	Well thought out.	I suggest: 1. Consider adding to MP4, 4.F, ii Safe Adventure experiences such as ropes courses, zip lines, giant slides, climbing walls, skate board parks, giant swings. Note that MP5, 5B already has some of these things, but they are focused on teens. All ages need some safe adventure. 2. Currently MP4, 4G, vii says, "Provide equipment and technology in parks to support recreation activities, especially fitness." Add "For example a sound system that would enable regularly scheduled outdoor zumba classes" (Note that in Ecuador and other S American countries outdoor Zumba classes are held early each day and roughly 50 people attend. The cost is very low and the benefits of social interaction and exercise are huge.) 3. I see no mention of tourists. Cupertino could be a tourist destination. We have many assets tourists would enjoy including nearby museums, bicycle trails, wineries, horse back riding, hiking, birding, and Apple Campus. Being a tourist destination can be a significant economic engine powering lodging, restaurants, and guide services. In our travels we've found towns that became tourist destinations by offering nothing more than the world's largest sweater, for example. Cupertino has far more to offer as a tourist destination.		Dan Marshall	DanMarshall22@Gmail.com
38	It is very forward-thinking. It preserves resources that would otherwise be lost	nothing		Ron	rknoack1@gmail.com
37	The plan creates a vision for a healthy sustainable community that keeps folks connected		Thank you for your inclusive and thoughtful process.		
36	Environmentally friendly		I support the mission to restore, preserve, and protect our creeks, meadows, trees and natural areas", and look forward to the implementation of the goal of "Conservation: Protect nature, trees and natural areas in parks and throughout the city to support wildlife, ecological functions and a stronger connection to Cupertino's natural environment"	Kim Freitas	kim.freitas@gmail.com

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
35	I want to give my support for the Plan's vision which aspires to "create an inspiring, lively, healthy, diverse and sustainable community by connecting our residents to outstanding parks, nature and one another"; that you support the mission to restores, preserve, and protect our creeks, meadows, trees and natural areas", and look forward to the implementation of the goal of "Conservation: Protect nature, trees and natural areas in parks and throughout the city to support wildlife, ecological functions and a stronger connection to Cupertino's natural environment".			Marian Fricano	fricano.marian@gmail.com
34	Its work connecting people with outside spaces and nature				
33	Connecting residents to nature. Restoring and protecting creeks, meadows, trees and natural areas. and we helped create Protecting nature, trees and natural areas in parks to support wildlife, ecological functions. Improving park and facility access and trail connectivity. Overall I support the plan.	Speed up implementation of habitat restoration			
32	Bike trails	The master plan needs to include more hiking trails.			
31	Will help people connect to nature, and also help to restore some natural features/areas.				
30	It is a comprehensive, pro-active approach to planning recreation areas and use currently and in the future.	In Canmore, Canada, they did an innovative design combining their library, city administrative office, café and sports facility in one building. If the City Center site is redeveloped, it merits exploration.	On page 82, the proposed changes should only be pursued if approved by City Council	M.G. Wong	
29	Audubon society likes it and I love keeping the nature park	Can you add a trail from the orchard at blackberry on the west side of th creek back to the picnic area so we have a little loop ??	Thanks for all your hard work. It really shows !!	Susan norman	Norman.susan@comcast.net
28	I do not like it overall because it is vague and does not appear to be a plan but brainstorming with a \$200 Million price tag. The survey samples are small and not reflecting the population.	Delete the Performing Arts Center. Move park equity to the top of the importance list. Halt the Stevens Creek Corridor Plan until park equity is resolved.	City funds need to be allocated in a balanced way. This plan fails to take care of that both from a geographical standpoint and when addressing age groups. It's a great start but isn't ready.		
27	Enhancements to existing parks and trails. School joint use partnerships.	less indoor and theaters, items in pages 87, 88 and 89	Have more open spaces and green lawns at Northeastern part of the city. Establish new parks.		

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
26	Seems well thought out except getting a balance across the entire city.	1. Put a General Plan Policy in place preventing 'Quasi-Publicly' zoned/land use areas from changing. Add a municipal code (law) that would give the City first dibs on purchasing these parcels. They are typically churches, utilities, etc. Keeping them quasi-public means they can be easily converted to parks and community facilities or fire, police substations, libraries, senior centers, etc. 2. Also, develop a relationship with fitness centers, private pools, etc. to work towards a joint relationship.	#3. Page 173 of 209 (Table E1 sites). Add "Joint-use sites then list - Lawson Middle School which has a track, outdoor fitness equipment, tennis and basketball courts - Sedgwick Elem School which has multiple facilities open to the public - Cupertino High which has a track, tennis courts - Fremont High School in Sunnyvale but cupertino residents have access to the pool and track - Homestead High School residents have access to the track #4 Table E-3 page 179 of 209, under Basketball Courts ADD AN 'X' under 'Schools' and 'Public/Private Partnerships because Lawson, Sedgwick, Cupertino HS, etc come under this. Under 'Outdoor Recreation Diversity' ADD AN 'X' under 'Schools' they have outdoor fitness and tennis. #5 On Map D-2, add a spur off of the I-280 trail along the Apple wall (behind Larry Way) that goes from I-280 trail straight to Lawson Middle School. This would give kids in Garden Gate off-road access to the middle school (no crossing De Anza!). It would also give kids safer access to classes at Memorial Park, Quinlan, Garden Gate area.	Peggy Griffin	Griffin@com puserve.com
25	The idea and motivation to have a master plan for long term development is good.	I think it should address the issue of park land being very insufficient on the east side of De Anza. This is a known issue and has not been addressed in at least 12 years since I moved to Cupertino.	Green land will be much more important than a performing art center. The city should prioritize them. Green land park will benefit almost all residents and accessible in the daytime, any time, but performing art center has its own specific use that only a portion of the residents may benefit from it.	Ping Gao	gaoping@gm ail.com
24	I like that the plan has considered adding more neighborhood accessible small parks that are family friendly and close to home. I also am glad that more water play has been recommended, since this is something I wanted to bring up as I notice there is no water play facilities in the public parks in Cupertino, and every summer we had to go to other cities for the kids.	I would add having more shade in the play areas. I would also recommend more public schools' sports or play ground to open up for the neighbor after school hours.	1. I hope the city would exploit more ways to approach for public inputs, the current schedules for public meetings are generally not friendly to people like me who work full time, got little kids at home, with partner or myself had to work overtime quite frequently. In this age, an app can be more convenient for us to provide feedback in such public issues that we do care. 2. I live in eastern park of Cupertino, we don't have as many parks or trails per household. I'd hope to have more trails planned in the future so we can take a walk after dinner or on the week more conveniently.	Lili	lili.l.xu@gmai l.com
23	Not like it	Add fund for some park at east side.	Don't waste city money to build art center. East side need park. Should be more urgent.	Dongming yao	

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
22	I don't like this plan	Add a park @east Cupertino	We don't need performing arts center in Cupertino , there is a Flinter center already		
21	Don't like it at all. I was totally shocked by the ridiculous master plan, especially that it claimed to spend two years and with resident outreach but still manage to resemble nothing close to the real need of the residents. It is fishy who was behind the master plan, but one thing is for sure, it is definitely not pro-resident.	We don't need performing arts center. We need parks!!!	Master plan should be redone to include more parks and no performing arts center.		
20	I don't like the plan at all. This plan does not represent residents need at all. We need parks!!! Spending 100M on performing arts center is totally ridiculous.	No performing arts center. More spending on parks.	The master plan redone all over.		
19	Not sure I can use "like" for a 20yr master plan which will change the city I live, but I did know anything about it until this week	Do we need to spend \$100m out of the total \$204m budget 9n a performance art center?! Does every resident know about it? I for one strongly oppose to this project	Remove project "performing art center" from page 104, cause I don't believe we have been well informed in this big budget spending ahead of time		
18		Remove the performing art center at Vallco. It is not only costly, but also not necessary. We can use Flint Center.	Add parks on the east side of Cupertino.		
17	I like the part that we need to build more parks on the east side of the city- but I'm very shocking to see that among the 200M budget, 100M is devoted to a performing art center- why performing art center is consider as park, as it's not going to be accessible every day for citizens , for two why we need a new performer art center where we already have two under utilized performance center at de Anza college already. And why another 60M for a swimming pool- how many people will use that pool? We need more park space on the east side of the city.	Please add specificlly the budget that city plan to help build more park on the east side of the city .		Qin Pan	Qinpan@gmail.com
16	I like that the plan is general enough to allow staff to work with. It's far better than a plan that is too detailed.		page 85 CUSD is ready and available to work with the City on these plans.	Steven Kaufman	Kaufman_steven@cusdk8.org

#	What do you like about the Master Plan?	What would you change or add to the Master Plan?	Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)	Name (optional)	Email (optional)
15	The diversity of input from interest groups and community members has produced a very comprehensive plan that reasonably addresses everyone's concerns. I love that we have the opportunity to make Cupertino an even better place to live, work & go to school by improving and properly maintaining our parks & rec site. I'm most excited about improving Memorial Park, which is currently an uninviting "eyesore".	No changes necessary.		Keith Warner	
14	-Robust, exemplary planning process led by excellent staff and consultant. -Focus on protecting nature and integrating habitat into city park policies	Add educational training to ground maintenance crews about native plantings and how to care for them and keep viable habitat	Cupertino should be proud of this plan!	Shani Kleinhaus, Santa Clara Valley Audubon Society, McClellan Ranch	shani@scvas.com
13	A lot of work and public input was put into it! I love the preservation of our ecology and natural assets. I would add our historic markers into our master plan...the Native American habitats, DeAnza's encampment and the early settlers influence	I would add an historic element. So much history occurred along Stevens Creek...The Ohlone's DeAnza encampment, Elisha Stephen's settlement. Historic markers can memorialize Cupertino history	Goals and vision should add the importance of our unique history!	Donna Austin	Primadona1@comcast.net
12	I like that you are doing a Master Plan. And, I like that you are asking residents what we residents think should happen at our parks.	I would like to see our parks without organized outside groups using them for organized soccer leagues and outside baseball groups renting them. I feel our parks should be available to our residents all the time. There is little enough space for kids to just run and play in open spaces, and to have "dis"organized groups playing volleyball, soft ball, or just running on our open green space,	Yes I do: We are so fortunate, as a community, to have open green space. Let's keep it "open" to all our residents, and not just to organized groups.	Ruby Elbogen	rgelbogen@aol.com

CITY OF CUPERTINO

Parks & Recreation System Master Plan

Public Workshop | 1/23/19

What do you like about the Master Plan?

Park improvement looks good.

What would you change or add to the Master Plan?

Is the ^{plan of} Lawrence - Mitty park still available
Hope to see new parks at East Cupertino.
Some real parks, not a piece of tiny grassland at
Main Street. That should not been call "local Parks".

Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)

Still having performing and Fine Arts center? I think the Vallco plan
is on hold. Why this plan is still there? Do funds have to be reserved?
Could parking lot for Rancho San Antonio be expanded?

CITY OF CUPERTINO

Parks & Recreation System Master Plan

What do you like about the Master Plan? *It provides*

- ① *More recreational areas*
- ② *More ~~open~~ outdoor parks, trails, bike lanes*
- ③ *~~But~~ Encourages outdoor activities*

What would you change or add to the Master Plan?

- ④ *More indoor recreational activities for cold/winter days*
 - *Indoor tennis court*
 - *Indoor badminton court*
 - *Indoor basketball courts*

Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)

*Convert the cov #13, 14, 15 to Indoor
Tennis & BASKETBALL COURT*

Name (optional) *Ravi Kumar*

Email (optional) *ravi4biz@gmail.com*

Why Tennis court
Can't @.

CITY OF CUPERTINO

Parks & Recreation System Master Plan Public Input Form

What do you like about the Master Plan?

What would you change or add to the Master Plan?

Please add a playground at the Cupertino library. There is nothing to do w/ kids after story time. I.E: Los Altos Library, which we go to b/c there are 2 playgrounds we can play after we finish the library (one next to police station, 1 next to school)

Do you have any other comments? (Please be as specific as possible. Include page numbers if known.)

The mound of dirt, hill, between the big kids play area and small kids play area makes it ~~diff~~ impossible to keep an eye on big kids while watching a toddler. Please consider families of mixed age children and trying to watch them all. Christine Kerrest

There are no playgrounds w/in a reasonable walking distance to Lincoln school. ~~There~~ There is no "community" feel to this school b/c we have no place to congregate after school.

Perhaps across from 7-11, ~~where~~ there used to be water can be converted to a playground... or alongside 7-11 ??

Parks & Recreation System Master Plan

What do you like about the Master Plan?

What would you change or add to the Master Plan?

Pickleball

Do you have any other comments? *(Please be as specific as possible. Include page numbers if known.)*

Palo Alto provides free space for pickleball, but Cupertino city does not. We hope not to drive all the way to Palo Alto all the time. I can be volunteer. I am willing to donate for this sport in Cupertino.
