Parks & Recreation System Master Plan

COMMUNITY-WIDE SURVEY SUMMARY

INTRODUCTION

From March 24th to July 19th, 2016, the City of Cupertino implemented a community-wide survey to collect input on the state of the City's parks and recreation system and potential improvements and alterations to the system in the future. The 27-question survey was conducted using the online survey service Survey Monkey, with paper questionnaires available. The survey was widely advertised through a variety of public announcements, events and the City's website.

This document summarizes the major findings from the results, including MIG's analysis. Appendix A presents the original questions and the raw results of the survey, as exported from Survey Monkey.

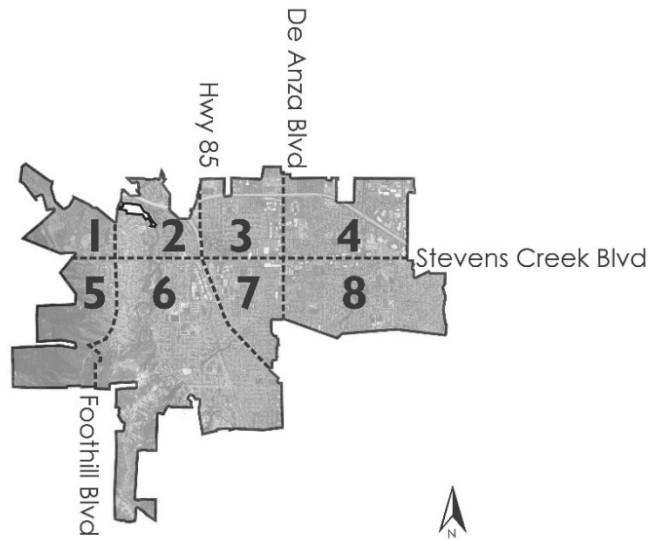

WHO RESPONDED?

The survey collected input from a total of 679 respondents. Approximately 75% of respondents to the Community-Wide Survey agreed to answer additional survey questions, and approximately one-third of respondents provided their email addresses for a contact list to receive updates and information regarding the Master Plan.

Nearly 75% of the survey participants indicated they were Cupertino residents, and almost 18% reported that they work in Cupertino. Of the 406 respondents who identified as residents, 336 provided details regarding the area of Cupertino in which they lived. (See map on adjacent page.) MIG conducted an additional analysis of selected survey results using these data, aggregating data based on where respondents live. The intent was to see if there were differences in responses for residents living east and west of De Anza Boulevard. To do so, data are divided into three categories: East of De Anza Boulevard, West of De Anza Boulevard, and Other (which includes respondents who did not answer this question or who indicated they live outside Cupertino.) In some cases, responses differed substantially. This analysis presents these findings where responses from residents east and west of De Anza Boulevard differed by 5-10% or more, plus highlights a few instances where results are nearly the same.

Most survey respondents (52%) were between the ages of 40 to 64 (Table 1). This is slightly higher than the percentage of City residents in the same age category (37% as per 2010 U.S Census data, which is also noted in Table 1 for comparison). Few youth under the age of 18 responded to the survey, while respondents over the age of 60 were over-represented (24% of the respondents indicated they were 65 years or older compared to 12% as per 2010 U.S Census).

Community-wide Survey Summary

A total of 336 survey respondents indicated where they lived within 8 different areas of Cupertino. For this analysis, results from west of De Anza Boulevard (areas 1, 2, 3, 5, 6, and 7) were evaluated separately from east of De Anza Boulevard (areas 4 and 8) to see if responses differed substantially for selected questions. Responses from people who do not live in Cupertino as well as those who did not answer this question were grouped in a third category "Other."

LEVEL OF SATISFACTION

The survey results indicate that while there is general satisfaction with parks and recreation services, there is room for improvement. A series of four questions about various aspects of parks and recreation services provides insights.

TABLE 2: LEVEL OF SATISFACTION WITH DIFFERENT ASPECTS OF THE PARKS AND RECREATION SYSTEM

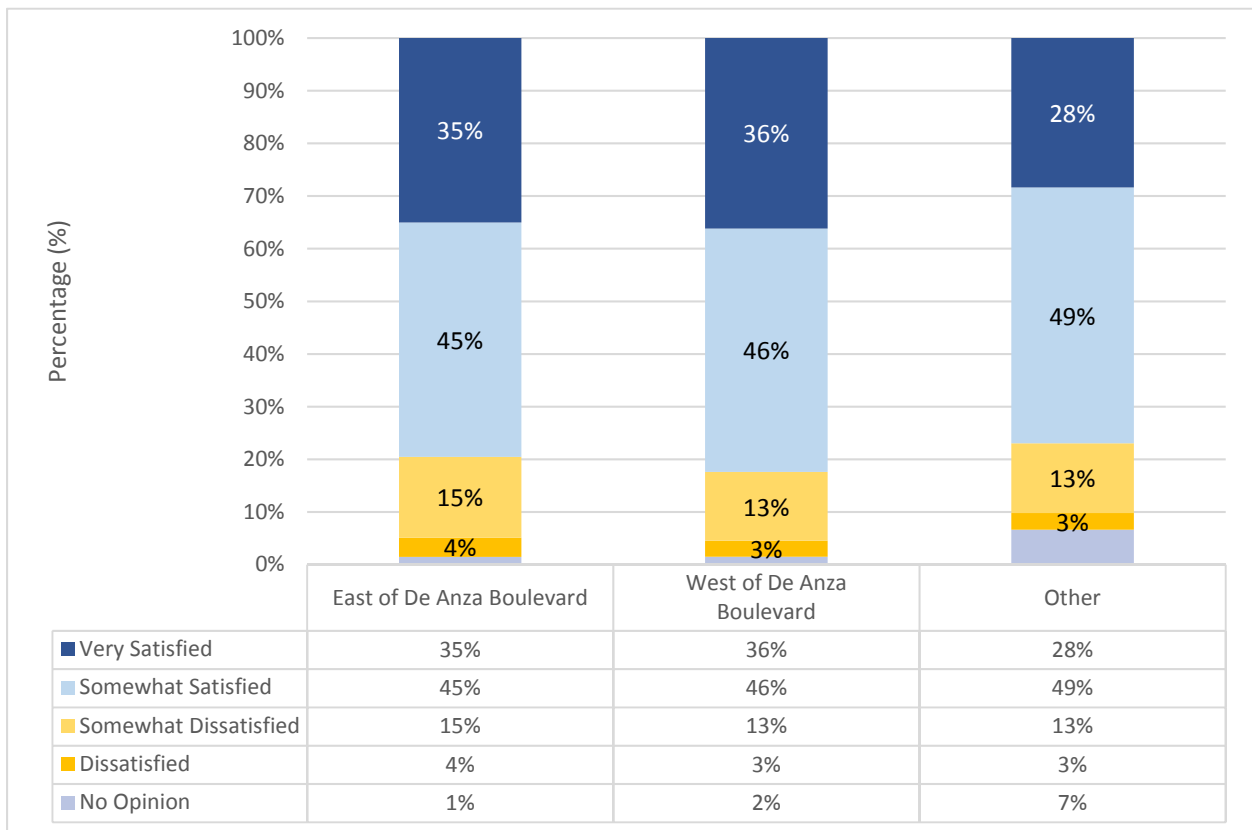

IN GENERAL, HOW SATISFIED ARE YOU WITH THE...	NO OPINION	VERY DISSATISFIED	SOMEWHAT DISSATISFIED	SOMEWHAT SATISFIED	VERY SATISFIED
quality of Cupertino's parks and recreation facilities?	3%	3%	15%	54%	25%
quality of Cupertino's recreation programs?	24%	2%	13%	40%	22%
maintenance of Cupertino's parks and recreation	4%	3%	14%	47%	32%
safety of Cupertino's parks and recreation facilities?	7%	2%	8%	42%	41%

- When asked about satisfaction with parks and recreation facilities, though only 19 respondents reported being “very dissatisfied.” Overall, the top answer was “somewhat satisfied” (54%) with 15% choosing “somewhat dissatisfied.”
- When asked about satisfaction with programs, almost a quarter of respondents chose “no opinion,” indicating a lack of familiarity with Cupertino’s program offerings. While the percentage of those “very satisfied” is about the same as with overall service satisfaction, the percentage of “somewhat satisfied” dropped by more than 10%.
- The level of satisfaction with park safety is highest, with more than 40% choosing “very satisfied” and a similar percentage choosing “somewhat satisfied.”
- Park maintenance also was rated higher than services overall, with more than 30% reporting that they are “very satisfied” with another 47% selecting “somewhat satisfied.”

Community-wide Survey Summary

A review of open-ended responses throughout the survey revealed some comments regarding needs for more high-quality parks and recreation amenities east of De Anza Boulevard. For this reason, MIG analyzed the data to understand differences in satisfaction between participants living east and west of De Anza Boulevard. As Figure 1 illustrates, participants living west and east of De Anza Boulevard indicated almost similar levels of overall satisfaction with the parks and recreation facilities.

FIGURE 1. SATISFACTION WITH CUPERTINO'S PARKS AND RECREATION FACILITIES, BY GEOGRAPHIC LOCATION

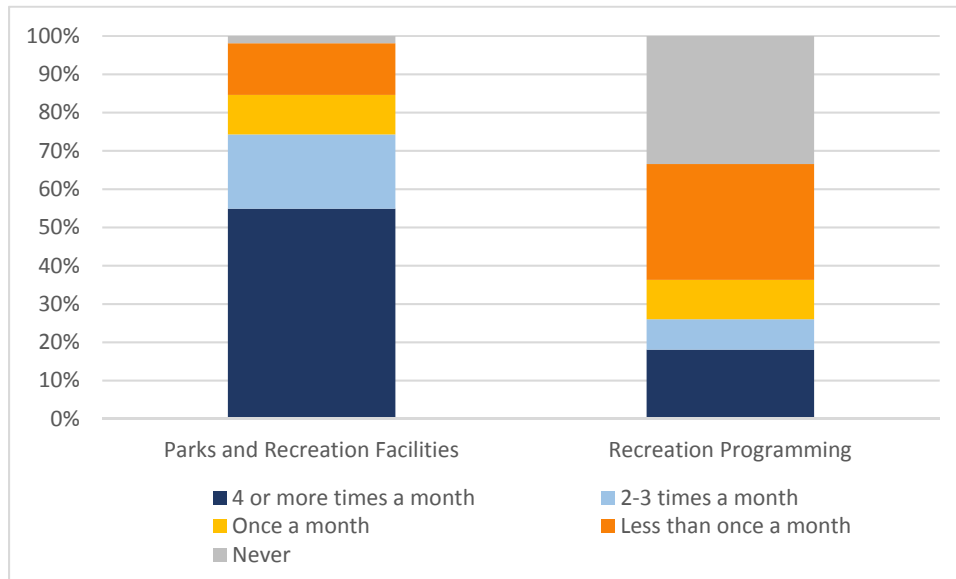

"Other" reflects those respondents who did not indicate where they lived or lived outside of the city.

FREQUENCY OF PARTICIPATION

Two questions asked about frequency of visits to parks and frequency of participation in programs. As Figure 2 illustrates, the results show that respondents have more familiarity with and use of Cupertino’s parks, and less familiarity with and use of Cupertino’s programs.

- About a third have never participated in a City program, compared to 2% reporting never visiting a City park.
- Almost 55% reported visiting parks four times a month or more, whereas for Cupertino’s programs, only 18% participate at that same rate.

FIGURE 2. PARTICIPATION IN CUPERTINO’S PARKS AND RECREATION FACILITIES AND RECREATION PROGRAMMING

A total of 445 respondents provided open-ended comments about how they used Cupertino’s parks and recreation services over the past year. Respondents identified recreation activities they pursue in parks (dog walks, soccer, exercise, for example); named specific parks or facilities they visit; and wrote about specific programs and activities. A review of these comments shows the range of recreational pursuits supported by Cupertino.

BARRIERS TO PARTICIPATION

Parks

The survey asked respondents to indicate what challenges, if any, prevented them from using parks in Cupertino. Raw results and results by geography are shown in Table 3.

When looking at all responses, the top reason for not visiting parks is “too busy.” In communities with Cupertino’s demographic profile, this is typically the top reason. Cupertino’s results, particularly when cross-tabulated by place of residence, reveals different patterns.

Table 3 shows responses by location (east of De Anza Boulevard, west of De Anza Boulevard, and other) and collectively for all groups.

Facilities and Programs

The survey asked respondents what challenges prevented them from using recreation facilities or attending programs. A total of 590 people responded to this question. Similar to the question on barriers to park use, the responses show "too busy" as a top barrier and indicate that lack of maintenance is not a barrier to using facilities and programs.

Community-wide Survey Summary

- The most frequently selected answer was “none of the above” (29%). This answer did not allow comments, so it is not possible to further evaluate perceptions about barriers to programs.
- Schedule and availability received 25% of responses overall, indicating a need for different programming approaches and models. More than 1/3 of residents from east of De Anza Boulevard chose this answer, and 30% of residents from west of De Anza Boulevard did. A review of write-in comments to the “other” response also reveals comments about schedule.
- “Other” received 20% of responses, and 118 people wrote in comments.
- While many of the comments addressed topics that were covered by the answer choices, the topic of program cost as a barrier was mentioned in several comments.
- Though program quality and location of facilities received only 13% and 11% of responses overall, they were barriers for relatively more east of De Anza Boulevard residents (17% each) compared to residents from west of De Anza Boulevard (12% and 8%).
- Notably, a preference for private clubs and providers did not rank highly as a reason for not using Cupertino programs and facilities. This indicates that the Cupertino market is open to City-provided programs and facilities.

In the tables and charts breaking down east, west, and no answer, the final column includes all respondents that did not indicate where they live in Cupertino. This includes respondents who work in or visit Cupertino.

POTENTIAL ADDITIONS TO THE PARKS AND RECREATION SYSTEM

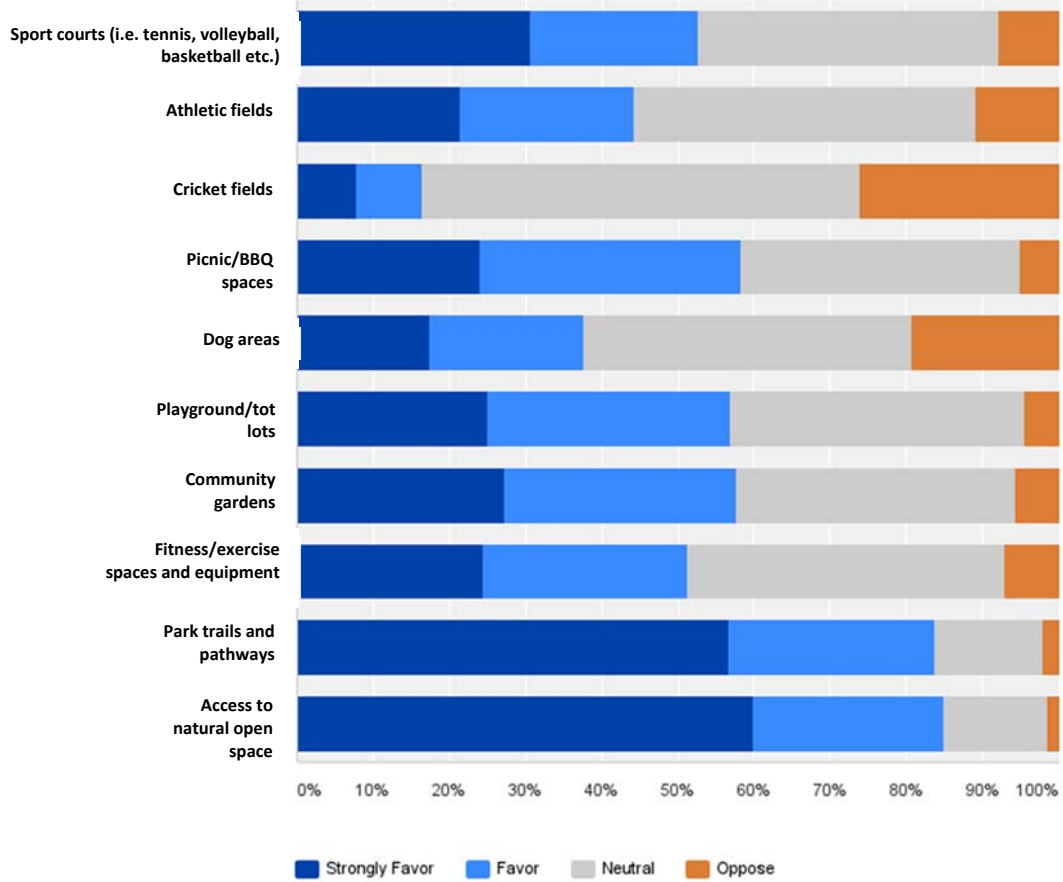

A series of questions asked about preferences for potential additions or enhancements to the park and recreation system. These questions allowed people to indicate their level of support (how strongly they favor or oppose) listed options. Evaluating both the level of support for and opposition to answer choices provides insights about potential future directions.

Additional Amenities

The survey asked respondents to indicate their interest in adding amenities to parks in Cupertino, shown in Figure 4.

- Providing access to natural open spaces and adding and enhancing park trails and pathways garnered widespread support and little opposition. This was highlighted in the open-ended responses throughout the survey, with many participants noted they would like to see more natural pathways and off-street trails, including bike paths linking parks and an extension of the existing Stevens Creek Trail.
- Additional cricket fields garnered the most opposition (26%), with limited support.
- In contrast, the opinion about additional dog areas appears divided, with 19% opposed and 17% strongly in favor. This was consistent with the pattern seen in the write-in comments.
- Of note, participants living east of De Anza Boulevard were much more likely to be strongly in favor of athletic fields and sports courts.
- Respondents, regardless of location, highlighted the need for more basketball courts, tennis courts and bocce courts throughout Cupertino. Many survey participants wrote in that they would like to see a half or full-sized basketball court in Wilson Park, located in the South Blaney neighborhood.

FIGURE 4. INTEREST IN RECREATION AMENITY ENHANCEMENTS OR ADDITIONS

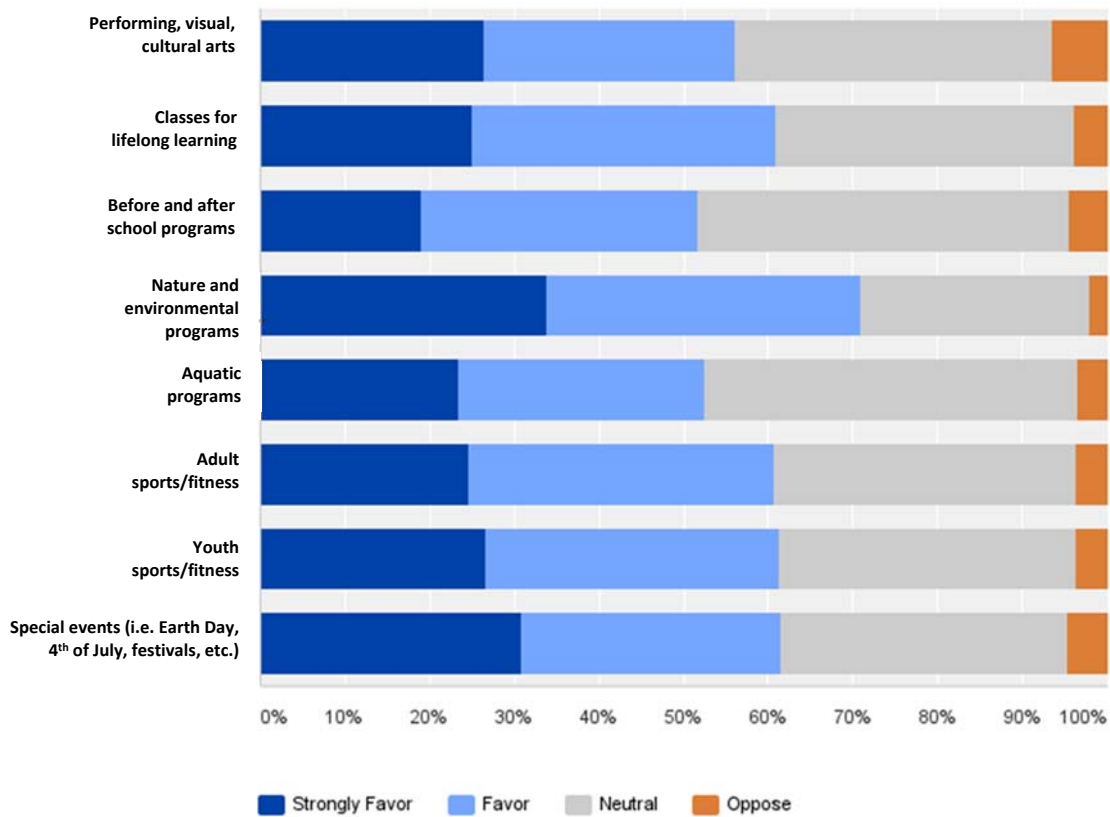

Additional Recreation Programs

The survey asked respondents to indicate their interest in adding different types of recreation programs, and 559 provided responses as shown in Figure 5.

- Overall, there was support for each option and limited opposition. This aligns with earlier results indicating a desire for more programming options.
- Additional nature and environmental programs received the most support and least opposition, also following patterns seen throughout the survey.
- The results show less interest in aquatic programs and before and after school programs than other options.

FIGURE 5. INTEREST IN RECREATION PROGRAM ADDITIONS OR ENHANCEMENTS

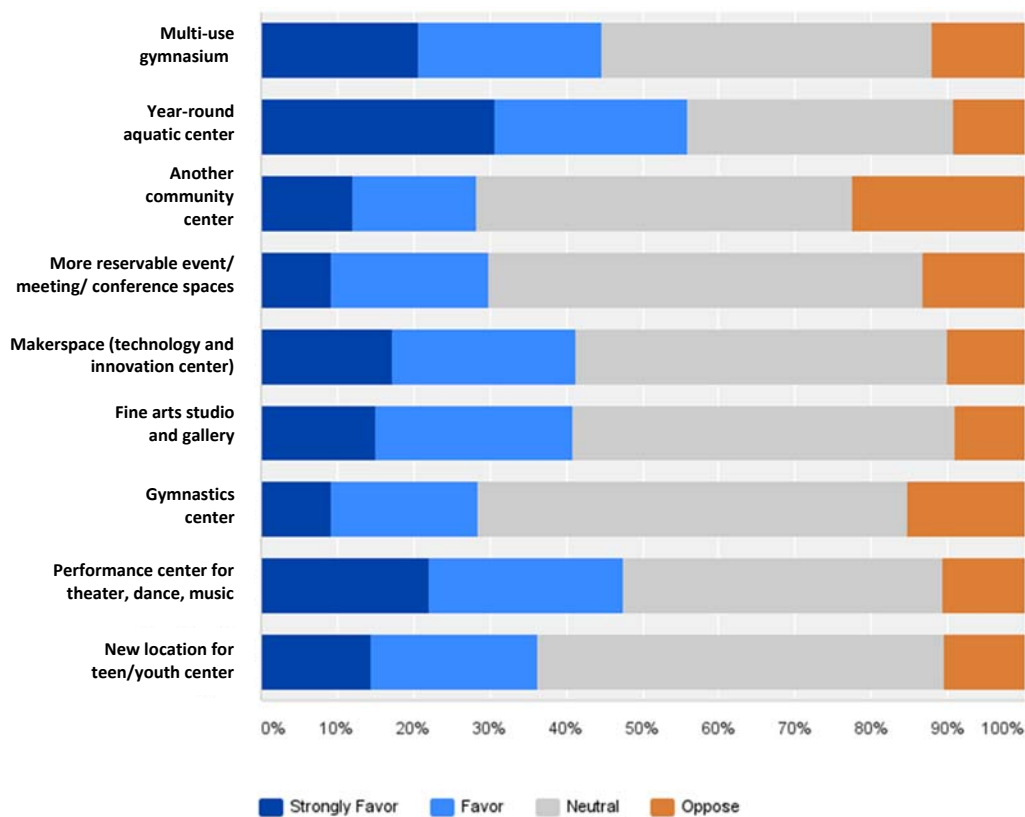

While this question did not provide an opportunity to write in comments, a review of other open-ended responses highlighted several potential programming additions, including the need for more programming for youth with special needs or disabilities and the need for programming geared towards teens.

Additional Recreation Facilities

The survey asked respondents to indicate their interest in adding different major recreation facilities. A total of 554 people responded to this question.

- Most notable was the “neutral” responses. For all facility options, the neutral option received the most responses. This pattern was not seen on the two previous questions.
- Of all the facility options, a year-round aquatic center appears to have the most support with fewer neutral responses than other answer choices. It should be noted that the answer choice does not make it clear whether this would be an outdoor facility or an indoor facility. Though the local norm is outdoor pool facilities, some write-in comments in other sections of the survey brought up the idea of an indoor pool.
- Another community center has the least support and most opposition of all the answer choices.
- The results of this question seem to indicate that there is more interest in the community in enhancements to existing parks and expansion of program than in adding major facilities. It also indicates that more evaluation of needs and the recreation market to develop a market-based space program would be advisable if Cupertino explores adding more recreation buildings or major facilities, or even considers major renovation to existing spaces.

35	Love summer concerts and Shakespeare in Memorial Park. I am thankful the parks are dog friendly. I went to July4th activities. Until recently I was a member of the Cupertino sports club and enjoyed the yoga classes. I am a member at the Cupertino Senior Center mainly to get the discount for the Sport Center. Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

144	I go to parks for peace, quiet, respite, trees, wildlife, open space with as little man made anything as possible and that are the least crowded. Please, please (!) don't build anything more in BBF or McClellan - they are already way over built. We must protect our city parks from being over built/over developed to where they lack any main purpose/function/use. Too much is jammed into too little space too much of the time. We need more open space (on top of huge new buildings does not count in my book). We need to slow down this constant need to develop and develop again so we relax, enjoy what we have just leave things be for 20 or 30 years (except for maintenance obviously). We must create/preserve natural open space and reduce, reduce, reduce man made anything. That will help make Cupertino really special!!!	6/3/2016 1:49 PM
145	take kids to play in the park. Enroll kids in Gymnastics programs.	6/2/2016 3:19 PM
146	I walk my dog at Memorial Park & Blackberry Farms often. Portal park is within walking distance of my home, but I prefer to walk in a larger area. We have gone to the dog park a few times, but there is no shade in the small dog area, so that is not good.	6/2/2016 10:53 AM
147	Daily walks with my dog to Three Oaks Park with occasional walks to Jollyman Park.	6/1/2016 4:59 PM
148	Blackberry Farm Golf course is primary Location. The blackberry aquatics center is second and Monta Vista park would be 3rd.	6/1/2016 9:29 AM

154	Tennis courts, open-space (Rancho San Antonio) trail running, hiking, Fremont Older & Stevens Canyon, mountain bike riding.	5/28/2016 11:06 AM
155	We reside near Memorial Park and use the tennis courts on a weekly basis. Have you been to these courts??? They're in terrible shape. The surface is coming apart. When I was there a couple of months ago, a player on court 1, tripped and hurt herself such that it took 10-15 minutes for her to recover. I can't remember the last time the courts were repaired/resurfaced. When they last resurfaced, it was poorly done.	5/27/2016 4:08 PM
156	Rented facility at Creekside Park. Very annoyed with the event insurance requirement. As a result, prefer to use Rancho Rinconada for events.	5/27/2016 3:44 PM

206	Hiking, walking, nature observation	5/21/2016 3:11 AM
207	I walk in my neighborhood and regularly walk through Varian Park, almost daily. I play tennis at Memorial park, almost weekly. I have played at Memorial Park since the park was established. The condition of the tennis courts there are abominable. It looks like an earthquake zone. There are breaks in the surface and deep pits. This condition has existed for several years now. Therefore, I have to say that they have not been maintained and are extremely unsafe. Another problem is that the grassy area leading to the courts drains downhill and the courts collect water after rains. An easy fix would be to build a concrete barrier where the courts and grass meet. I honestly can't understand why they are so grossly neglected. The courts at Varian are beautiful, but logistically my tennis partner asks to play at Memorial because of other timing concerns.	5/20/2016 8:35 PM
208	bicycling, hiking	5/20/2016 6:23 PM
209	Blackberry farm golf course. The course needs new irrigation system. Flatten and smooth all t-boxes. Marketing is needed to let golfers know BlackBerry is a renewed course thereby boosting revenues. You are hiding a gem. DON'T DO GROUP - ON. Put a banner across Stevens creek @ Wolfe . One at Wolfe & the new Apple facility. Employees could golf 9 after work, have team building tournaments etc. Marketing is desperately needed and you don't need to loose money w/group - on .	5/20/2016 4:37 PM

310	ALright tbh I'm a teenager and I am just too busy to go out to parks or participate in recreation programs. That being said, I'm sure I don't represent all of Cupertino youth and please don't take my statement to mean that parks and recreation services should not cater to teens. Perhaps if I lived closer to a park, I would be more inclined to go to them.	5/10/2016 12:09 PM

3	Availability of facilities.	7/17/2016 9:14 PM
4	I like to walk and only few of the parks have walking trails. Also, I don't like to drive and it would be nice if there were a city shuttle bus to get to the parks.	7/13/2016 2:36 PM
5	I would like to go more often. Access to my neighborhood parks is very easy, but Memorial Park events can be hard to park at. Also, it is very difficult to go to and park at the Library/City Hall area almost all the time during the school year.	7/11/2016 1:38 PM
6	We need more fenced-in open areas for small dogs to run and play.	7/10/2016 7:14 AM
7	Nothing. We go to many parks in Cupertino. I would love for Cupertino to have some flagship park for kids. It seems like other cities have done more comprehensive upgrades to their facilities than Cupertino. The play structures at this park in Memphis, TN were amazing (see photos at: https://www.yelp.com/biz/shelby-farms-park-memphis-3). 14	Good brochures detailing hiking trails & parking for applicable parks would motivate me to visit more often	6/21/2016 2:27 PM
15	We need bathroom signs in other languages in parks as many people let their children go on the ground behind trees. They can't find the bathroom More garbage containers on weekends for all the pizza parties. Food and garbage on the ground all weekends and when schools have parties.. A bathroom at 3 Oaks is necessary!!	6/21/2016 11:40 AM
16	Our children are grown and we no longer use the city's parks. We walk through the ones closest to our house on occasion and they seem to be well maintain and safe.	6/20/2016 10:07 PM
17	Need more cleaning and maintenance for tennis courts (e.g. Murdock Park), more classes for adults on arts, music (piano, composition, group etc)	6/20/2016 9:32 PM
18	Traffic and parking at major events.	6/20/2016 8:26 PM
19	Lack of parks in walking distance, even small parks would help quality of natural elements of parks, e.g., redwood trails etc..	6/20/2016 6:37 PM
20	Lack of accessibility for physically limited.	6/20/2016 5:42 PM
21	I live in Los Altos and it is quite cumbersome to take the bus to your facility	6/20/2016 4:45 PM
22	Lacks activities/purpose for seniors to attend.	6/20/2016 4:42 PM
23	I've moved from Cupertino to Willow Glen area of San Jose and the traffic to get back to Cupertino is really bad. So, tend to do my hiking closer to where I now live.	6/20/2016 4:37 PM
24	Distance, as I have parks in my area too but always enjoy Cupertino's for variety.	6/20/2016 4:28 PM

29	Lack of certain sports courts at nearby parks	6/19/2016 6:16 PM
30	I am prevented from using Basketball courts during school hours. In East Cupertino, the city has agreements with Eaton and Hyde Midle School to share the parks, but I can not share those parks during. School hours.	6/17/2016 3:53 PM
31	There is no roller hockey rink	6/17/2016 3:42 PM
32	No place to play roller hockey	6/17/2016 1:42 PM
33	Like more natural habitat than most parks have.	6/16/2016 6:24 PM
34	restoration of creek and riparian areas is needed. There are few natural areas with native plants, nature trails, etc. Therefore i tend to only visit McClellan ranch or else i go to open space reserves.	6/15/2016 3:31 PM
35	parks are nice but not unique and (with a few notable exceptions) offer a generic experience. educational information, friends of the park activities, native plants, wildlife, integration with other open space areas should all be considered to enhance the park experience.	6/15/2016 2:15 PM
36	There are limited natural areas that are good for wildlife viewing.	6/15/2016 12:56 PM

37	Park next to library is always crowded and must share parking with library. Parking lot is always crowded. Please consider having more evening programs like family/all-age dance (which don't conflict with the already busy day schedule). Have library expand hours to open 1 hour earlier to lift pressure on use.	6/15/2016 11:09 AM
38	Not in mood!	6/14/2016 9:43 AM
39	generally speaking, people in Cupertino are not dog friendly. it's not very nice to be in parks with your dog(s)	6/12/2016 6:04 PM
40	I sincerely hope the city planning council will consider the safety there by adding enough lighting in Wilson park. There is no lighting on one side of Wilson park. People are not able to walk there at night time because it is almost impossible to see the ground surface. It fell down there couple times. Sometimes, we also noticed that some strangers park around the park and gather at the BBQ area in the park during late night. we can't observe what they did because the park is just so dark. However, we can smell marijuana. The next day we can see beer or soda cans left at where they parked their cars.	6/12/2016 5:06 PM
41	Some parks have something (basketball courts in my situation) an others don't. Live near Wilson park. But always have to drive to creekside pack just to play basketball beach use Wilson park has no basketball court	6/11/2016 9:29 PM
42	Would like to have a half court basket ball court at Wilson Park	6/11/2016 6:45 PM
43	Lack of basketball courts, only half courts are available in 3 parks.	6/11/2016 1:58 PM
44	Sometimes the bathrooms are not open	6/10/2016 6:12 PM
45	More as a general statement, we avoid some parks due to being less safe than ones closer to Cupertino-center.	6/10/2016 12:19 PM
46	Grass is to long	6/7/2016 10:32 PM
47	The residents of Cupertino are extremely fortunate to have such a diverse park system.	6/7/2016 7:23 AM
48	age	6/6/2016 11:24 AM
49	Open - Close times are not always convenient for me	6/6/2016 10:24 AM
50	No tennis within East Cupertio, which forces commute across town to recreation. Lack of bicycle lanes, too dangerous to bike to parks with children. Water fountain at Wilson park are all broken. Grass in Wilson park has many sink holes, many sprained ankles. Maintenance workers marked the sink holes, but then never filled them; now the paint markings have been faded. Cupertino contracted with Eaton for use of grounds for residential park, but basket ball courts are so decrepit. Cupertino contracted with Hyde middle for use of grounds for residential park, but basketball courts are decrepit.	6/4/2016 2:15 PM
51	Cupertino parks has many trees died for the past years. The environment is not shady enough and looks bare.	6/2/2016 3:21 PM
52	Ignorance of program	6/1/2016 3:00 PM
53	please keep bathrooms open and clean	5/30/2016 9:46 PM
54	1)Stevens Creek Regional Park lacks a pedestrian connection (sidewalk) along Steven Canyon road between Miramonte road and first available park trail which is about 1000 feet from Miramonte road. 2)Not often, but sometimes local community tennis courts are busy and unavailable without waiting. 3)Tennis court surfaces are often partially covered with debris, mostly from adjacent foliage.	5/28/2016 11:23 AM
55	Why does senior parking spaces take up so many of the park's spaces? There are times that there are not adequate parking for non-seniors.	5/27/2016 4:10 PM
56	Please construct adaptive/inclusive playgrounds like the Rotary Park in San Jose (and soon in Morgan Hill). Please build separate small and large dog parks.	5/27/2016 3:45 PM
57	If there were more natural areas incorporated into city parks, I would visit them more often. Now there is too much turf grass occupying space.	5/27/2016 12:04 PM
58	Too many dogs in the park	5/26/2016 8:00 PM
59	No complaints about Cupertino parks but I like hiking and go to Rancho San Antonio for this.	5/25/2016 2:48 PM

60	Bathrooms at Memorial Park too small & often dirty, so we have to work around that.	5/25/2016 9:12 AM
61	My top choice is to add very safe and extensive bike routes throughout the city, including to and through the parks.	5/24/2016 7:05 PM
62	Would be nice if some of the pedestrian/bike paths could be wider - I'm thinking of the circular route at Jollyman - so bikers and and walkers could more easily share the paths. Walkers like to walk side by side (of course), but makes it hard to co-exist with bikers. Same is true for Memorial, while the path seems wider at Linda Vista. Keeping up with uneven breaks in the surface is always appreciated.	5/24/2016 6:41 PM
63	we have very few parks when compared to other cities. we need to have more smaller "parklets". We live near maxine/homestead (homestead villa) and have no cupertino parks close by. Have to drive to memorial park.	5/24/2016 3:40 PM
64	Mobility problem	5/24/2016 11:40 AM
65	Not enough quality parks in the East side of Cupertino	5/24/2016 7:50 AM
66	Lack of bathrooms, or the bathrooms are too far away from the children play areas, picnic tables.	5/23/2016 2:01 PM
67	I only use nearby (my home) parks and facilities.	5/23/2016 1:08 PM
68	Memorial Park, until recently, when the water features were drained, were too heavily used by Canada Geese. The poop kept us from coming ourselves, bringing our grandchildren, attending the wine fairs, or the open theater in the park during the summers. With the water feature drained, we have been able to bring our grandson. I miss the water feature, but the upside is we can now use the park.	5/23/2016 11:24 AM
69	We live along Homestead and Acacia Way and would love convenient bike/walking access to the parks. Connecting the Stevens Creek bike trail from Sunnyvale across 280, along the creek, would be a great and convenient amenity to access our city's parks without driving and adding to the traffic congestion.	5/23/2016 2:35 AM
70	I don't take the time -- I should.	5/22/2016 9:26 PM
71	To clarify, not all parks have bathroom facilities which is a must. Very few (can only think of Creekside have a facility to rent for parties. Blackberry Farm does, but it is outside only. Most of the parks I have been too have inadequate lighting -- especially Monte Vista -- critical especially where there are activities that occur when it is dark (most notably winter months). Lots of park options for little kids (playgrounds) but less for tweens and teens. Love the outdoor concerts, Shakespeare & movies in the park to keep but a theater house for kids like Los Altos, etc. have would be a great addition for closer to home kid activities. If there is a place for older kids to go and "make" things (legos, robots, wood projects, etc.) I haven't heard of it.	5/22/2016 10:40 AM
72	Lack of space designated for dogs; grass area closed for access at Creekside Park when soccer season isn't active.	5/21/2016 9:24 PM
73	prefer hiking at County Parks - Rancho San Antonio, senior, can't play tennis any longer, no grandkids in area	5/21/2016 4:05 PM
74	my main interest for parks is hiking. If I want to do a short walk, I can bike/drive to Cupertino Middle school track; Lawson is closer but not always open in 5-9PM hrs.	5/21/2016 3:28 PM
75	I like our parks, use them often, and think they are well maintained.	5/21/2016 2:14 PM
76	Not much of a park person. However, when I am biking or walking I greatly appreciate clean & functional restrooms, including sink, soap & paper towels or hand dryers!	5/21/2016 12:50 PM
77	Speaking again of Memorial Park, when the Sr. Center has a bus activity parking is restricted to other users. The problem is exacerbated by inadequate parking near the Quinlan Center. This is a beautiful park, it just seems like it needs new ideas to solve its problems. Some of the neighborhood parks, such as Varian, near me, have no restrooms. I can see that it would require extra maintenance and discourages non-neighbor use, but it can also be a nuisance with small children. People tend to ignore the leash laws there, too, which is very annoying.	5/20/2016 8:41 PM

87	use Rancho San Antonio most	5/14/2016 1:27 PM
88	During standard time we don't go to the parks because the lights aren't on and it is dark. If the lights were on at Portal Park until 7:30 PM we would go year round.	5/13/2016 6:59 PM
89	No water park (unless you count outside library) and better play structures elsewhere.	5/13/2016 3:47 PM
90	As a hiker and runner, I use tracks and trails. For safety, I generally avoid trails used by bikers.	5/12/2016 10:36 PM
91	Nothing so far please keep the housing development away from the Stevens Creek reservoir area	5/12/2016 7:50 PM
92	It would be nice to have a full Cricket field.	5/12/2016 2:33 PM
93	Memorial has very little parking. No parking at all on Senior Center side. Biggest problem you don't enforce the dog leash law at Linda Vista or Jollyman park. You need BIG Signs stating the law and the fine and enforce it.	5/12/2016 1:53 PM
94	Not on park available for those children or adults with physical or mental disabilities. The closest park is Calabasas.	5/12/2016 1:24 PM
95	I use the parks mostly for sports. I would use them more often for play groups and such except I live in San Jose and don't like having to drive to get there all the time.	5/12/2016 11:32 AM
96	Use "my" park twice a day for walking my dog thus meeting neighbors who are doing likewise.	5/12/2016 9:21 AM

104	Because as previously indicated we mainly use the parks for soccer practices/games, the lack of TURF fields WITH LIGHT is a limitation during the winter and whenever it rains	5/11/2016 9:24 PM
105	Need better and newer kids playground structures. Sunnyvale, Saratoga have some awesome new parks with new and better play structures, water play, sand area. Kids are bored with Cupertino Parks.	5/11/2016 5:49 PM
106	Need to restore parking for buses that bring kids to BBF pool!	5/8/2016 1:14 PM
107	No one is ever at the parks around my home. The atmosphere is pretty dead.	5/8/2016 9:27 AM
108	Don't always feel safe, seldom see park rangers.	5/7/2016 7:17 PM
109	The city has been opposed to pocket parks, but it is time to have some more green areas, visible while driving in the city, and accessible to walkers and bikers. Pocket parks are answer. I do like the parks we have, and think we need to keep up the youth and adult sports uses.	5/7/2016 1:11 AM
110	Not big enough	5/6/2016 1:18 PM
111	Not always the activities my family wants. My sons and I love flying remote control gliders but this activity needs a big park and there is no "official" city club for adults and youths to meet (except at Kennedy).	5/6/2016 6:44 AM
112	Lack of large open areas. Lack of nice walking paths and locations (McClellan Ranch an exception). More pathway along Stevens Creek with connection to the Mountain View & Sunnyvale Stevens Creek trail would be GREAT.	5/5/2016 9:41 PM
113	Parking at Memorial Park softball field is terrible. Why is it against the law to park on the street next to the field? Why is it against the law to leave your car in the Blue Pheasant bar overnight if you had too much to drink?	5/5/2016 8:44 PM
114	Lack of bathroom facilities	5/5/2016 5:26 PM
115	Water is allowed to pool up in parts of parks, creating mosquito breeding places. I have been bitten several times this year. Lighting often goes out and is not fixed because no one is paying any attention. Maintenance teams often drive through park walkways and block access.	5/5/2016 3:44 PM
116	I don't live in Cupertino	5/5/2016 8:47 AM
117	Lack of shades. The sun is burning hot especially for the summer. It would be nice to put up some tents/shades like what Sunnyvale Seven Seas park, where they have some artificial shades up for the kids to stay under the shades. This is important because it will prevent people getting sunburned.	5/4/2016 10:17 PM
118	Illegal off-leash dogs; most of which are owned by repeat offenders. City needs to enforce this offense during the weekend and weeknights in the summer. City needs to make the penalties more severe: First offense; warning, 2nd offense \$100; 3rd offense \$500, etc.	5/4/2016 7:49 PM

128	I don't know the tennis court is fee or no fee, reservation required or not	5/3/2016 5:56 PM
129	My older sons have nowhere but the street to toss a ball.	5/3/2016 4:07 PM
130	My nearby park, Creekside, is fenced off a good deal of the year. The rest of the time it's overbooked with soccer, so unusable for general public. The layout is problematic. Play area for toddlers, especially is remote, removed from bathrooms - the dumbest thing about it! and has inadequate play structures. The faucets were removed from many of the drinking fountains so dog can't take a drink. The one that was left on by toddler area was replaced backwards so now it's not over the drain. Play areas in all parks need to be innovative and creative. Right now they are just your standard play area. We need more parks, even if smaller size, with more interesting features. I know there's a drought, but we really lack parks with any kind of water feature. I often take grandson to another city with better parks.	5/3/2016 3:55 PM

You take out fireworks from the city and put in bullshit parades, unless it's the macy's day parade, who the hell wants to out early in the morning to watch random ass people walk? Where is all the tax payer money going? Last year I understood not having fireworks since there was a drought, but this year what's the excuse? 42	Generally, lack of interest. For exercise, I prefer YMCA.	5/23/2016 2:45 PM
43	The parents control the two grandkids (who are one now 5 1/2 years old, and 8+ years) schedules now, and it is difficult as grandparents to arrange / request grandkids to go into recreation programs -- the parents both work and schedule trips/activities on short notice. However, when the two grandkids were younger they were active participants in the Cupertino preschool programs.	5/23/2016 2:09 PM
44	I am retired, therefore, timing is usually not a problem. I do prefer morning to evening classes.	5/23/2016 11:26 AM
45	My gym (Right Stuff) costs \$5.00/month. I like to hike and bicycle, and other areas (MidPen; Hidden Villa, Foothills Park) are more conducive to these activities (especially hiking). I prefer more esoteric programs - (lectures on trees, old car restoration, planning policy, etc) that I find at places like Stanford University.	5/23/2016 8:48 AM
46	The paths along Memorial park is often covered with goose droppings when we visit, so it's not a good place for young children to roam about freely	5/23/2016 2:37 AM
47	I've attended some classes at the Senior Center. The physical setting for some of the discussion classes are not well set up. Instructors need more guidance in education.	5/22/2016 9:29 PM
48	Less options targeted for tweens and teens only. Many of the offerings have age ranges like 7-11 and age 7 is quite different from an 11 year old in what content could be covered/offered. Need bathrooms at all the parks. Need access to batting cages -- can be a pay-per-use! More security so kids can ride their bikes and meet/hang out with friends to play games like volleyball, basketball, badmitton, etc.	5/22/2016 10:44 AM

13	Would love to see an Inline Roller Hockey Rink or Skate Park!	7/15/2016 1:42 PM
14	It would be fantastic to have a roller hockey rink! ESPECIALLY if we lose the ice hockey rink at Vallco. It is very easy to add and maintain a roller hockey rink. Reference Fossil Creek Park in Fort Collins Colorado on how to implement it into a community park.	7/14/2016 8:04 AM
15	More bike trails that are away from cars.	7/13/2016 7:11 PM

17	I really like the nature hiking trail and creek restoration at McClellan and Backberry Farm. Would love to see more hiking trails, restoration of more creeks that run through Cupertino. Access to more open space and natural environments would be great. Would be so good to have some quiet, peaceful places to walk and enjoy nature.	7/13/2016 2:43 PM

22	Would like to see parks reworked to be appealing to neighborhood - more gathering spaces, bathrooms, more variety of features. This is really true for my closest park (Hoover) which is quite blah compared to the others. I think Linda Vista Park or Memorial Park are very well done by these measures. Adding more features to hang out at the park would make some of the nice parks (Three Oaks, Jollyman) really great.	7/11/2016 1:43 PM
23	Hockey rink - roller or ice	7/11/2016 9:48 AM
24	Hockey rink for ice hockey or roller hockey -- one for kids and for adults More programs for families and kids	7/11/2016 12:50 AM
25	I'd be in favor of more active recreation like skateboard parks and in-line hockey rinks. Sometimes we have to drive a long distance, but there's definitely an interest in those facilities	7/10/2016 11:26 PM
26	An outdoor rink for in-line hockey is greatly needed. This could be something like the one near Half Moon Bay High School. More ideal, though, would be for Cupertino and the rest of the cities and counties of the Peninsula to pool resources and efforts to create new ice rinks for ice skating and ice hockey. Two rinks have been closed on the Peninsula (San Mateo and Belmont) and the need is dire. Please keep in mind that the rinks are more than just recreational amenities, they are also community centers that bring together people from all walks of life. Further, they serve citizens from all over the Bay Area. Contact Sarah Feldman, Silicon Valley Ice Skating Association (SVISA, a 501 non-profit).	7/10/2016 10:12 PM

32	a full community center on the east side of town	7/8/2016 11:04 AM
33	Please hire appropriate personnel to promote/manage facilities. A Cupertino Sports Center manager should be an athlete that plays the sports available and relates to the regulars, welcomes new members. A manager/participant would initiate events, receive feedback on what works and does not; provide active encouragement and support to the young athletes in the summer programs.	7/6/2016 5:56 PM
34	I thought in-park exercise equipment was pretty silly, but we stumbled up on Bracher park in San Jose (https://www.yelp.com/biz/bracher-park-santa-clara). They installed some modern outdoor exercise equipment that was pretty impressive. During our visit, there were many people that seemed to use it.	7/5/2016 11:39 AM
35	Improved and safer bike lanes. More off leash dog areas where there is shade. Complete Stevens Creek Trail! Community garden area. Free or low cost yoga classes offered in the park during good weather seasons. I would also love to see a performing arts center similar to Mountain View's.	7/5/2016 10:25 AM
36	The ponds at Memorial Park are dry and the drought doesn't seem to be ending any time soon. Why not accept this and give the park a makeover. Teens rarely have a good place to go to have fun-why not convert some of it into a skate park to encourage kids to come out and do physical activity, and have a place to gather that wouldn't require taking a scheduled class? There could even be on and off hours to accomodate concerts and plays. Also, this community is desperate for a dog park. People with dogs need some place to go where they can take the leash off, besides the tiny strip behind OSH near Lawrence expressway.	7/4/2016 10:01 PM

44	Appreciate activities/classes for toddlers.	6/30/2016 9:53 AM
45	Toilets in some parks (eg Memorial Park) need to be renovated and kept cleaner to improve the overall park experience. In Portal park, the sand in the sand in the sand pit is very old/dirty and has pieces of broken glass in it, which is not great for the children. Also, more fences around playground areas next to roads (eg Portal park) would be great, so small children can't run into the street. Finally, picnic tables should not all be really high or HUGE (ie the bench to table distance), as it is impossible to use them with children (who are 75% of the users in most parks). Please install lower tables for families. Thank you!!	6/29/2016 11:38 PM

53	I REALLY miss having fireworks at De Anza College when residents could gather at Memorial Park and watch. Please bring that back! It was a huge community gathering opportunity and Memorial Park is ideal for this kind of activity due to size, parking facilities, etc.	6/21/2016 2:31 PM
54	The Senior Center is small for the amount of people it caters to. In comparison it is a much smaller facility than the one that the city of Sunnyvale has. The Senors deserve a much larger and advanced facitliy for the wonder people who work there and who go to the center for their enjoyment.	6/21/2016 2:15 PM
55	Please figure out where people are to park and drive in this city before any more buildings for activities. Traffic is a mess around DeAnaza college since the change on S. Stelling with all the green paint. Traffic is becoming harder on all street to and from Kaiser and much much road repair is needed. Thank you for coming up with solutions.	6/21/2016 11:46 AM

65	Would like more classes at senior center that are held on Thursday or Friday	6/20/2016 4:41 PM
66	Cupertino residents should be given priority for sign-up for Senior Center trips.	6/20/2016 4:28 PM
67	Hope to see Hills at Vallco get created More tiny senior housing	6/20/2016 4:15 PM
68	There is a lack of ice rinks per capita in the bay are in general, Cupertino is no different. Vallco is the only place and, as far as I know, it itself is threatened.	6/20/2016 1:36 PM

72	A half-court basket ball court at Wilson Park. This is important because (1) the contracted agreements with Eaton and Hyde do not allow using those courts during school hours, (2) Creakside has only 2 courts which are always used at full capacity. After school hours, children must be shuttled by parents to Eaton or Hyde.	6/17/2016 4:11 PM
73	It would be great if there was an outdoor roller hockey rink. I am in a group of 80 people that play pickup every week and would love a place that wasn't in a parking lot.	6/17/2016 3:46 PM

78	(1) We need a skate park for our youth, who have to travel a long way to other communities. Plans for a skate park were cancelled during a budget crisis several years ago. (2) I have been told there are no longer any individual BBQ areas for residents at Blackberry Farm. If this is true, I think some space should be dedicated for this purpose. (3) My children attended private high school and were excluded from some of the Parks & Rec teen activities even though we are residents. That's not right, and I hope is no longer true.	6/16/2016 1:38 PM

84	Please improve existing natural areas and create more native/natural area. Please stop expanding sports fields and buildings. We have enough concrete and building in this city. We need creek, riparian, and native plant restoration to try to maintain some wildlife within our city for humans to enjoy. If people want a pool or gym they can pay to join a gym or club but I can't pay to join a restored/natural park space. I have to depend on my taxes, my votes, and government to protect and provide me with these ecological services.	6/15/2016 3:38 PM

86	I would like to see more care with the vegetation at Blackberry Farm. It doesn't need to be overgrown but its wildness should be cultivated so that more birds will use it. We can't lose the birds to people, people, people, as well as sports events, more buildings, etc. Artistically speaking, a natural place that enhances all of us and is pretty is what people such as me would really want to continue!...with a very few well placed amenities.	6/15/2016 1:40 PM

87	My child goes to a Cupertino Union school (John Muir) but doesn't have the same level of access to at school site afterschool programs like offered at many Cupertino Union elementaries. I have repeatedly been frustrated trying to talk with secretary and principal staff to get them to pay attention to getting afterschool programs with what the city offers in place. Can you please work with the superintendent to create so initiative to encourage (can't be bothered) school staff to care. Afterschool programs help the parents, the teachers and of course the kids. As well more access to these programs at school sites would help the Cupertino Recreation & Community Services as well as the School Superintendent as community would know that Recreation is available where it matters (instead of spending money on private companies after school programs) and that the Superintendent is actually involved in specific site quality of life improvements for the students and parents. Also there are no real social evening entertainments in Cupertino. Having a weekly or monthly all-age dance/concert would be great so we could stay and spend our time and money in Cupertino instead of San Jose or San Francisco.	6/15/2016 11:27 AM
88	Spend money to upkeep current facilities and add programs, not new buildings.	6/14/2016 8:11 PM
89	Safer bike lanes. Community information for drivers dealing with cyclists and cyclists' safety measures	6/13/2016 9:52 PM
90	An inside adult swimming pool.	6/13/2016 5:55 PM
91	Please add the water at the Memorial Park at Stevens Creek. Even in the drought, the other nearby cities still used recycled water in their fountains. It's time for Cupertino to add this important water feature!	6/13/2016 2:04 PM
92	Completion of Stevens Creek Corridor Trail, a real dog park that has room to play, bicycle pump track, lap pool that can accommodate a Masters program (why not at BBF?)	6/12/2016 6:10 PM
93	a small basketball court or a swimming pool in Wilson park.	6/12/2016 5:13 PM
94	1/2 basketball court at Wilson Park!!	6/11/2016 9:32 PM
95	It would be nice to have a basketball court in Wilson Park	6/11/2016 9:12 PM
96	I want a full size basketball court at Wilson Park	6/11/2016 9:08 PM
97	1/2 court basket ball at wilson park	6/11/2016 6:49 PM
98	I would love to see a full-court basketball court at Wilson Park. My kids always have to go to Creekside Park or have to play at an Elementary School when they would prefer 10-foot high hoops. My son is a point-guard for an AAU team.	6/10/2016 6:16 PM
99	More sand volleyball courts. Roller hockey rink. Indoor volleyball facility (could be revenue source, the NCVA is always looking for tournament locations).	6/10/2016 1:41 PM
100	I heard mention of a skate park and roller rink, that would be awesome. Thank you.	6/10/2016 12:43 PM
101	I would love to see a safe roller rink, especially as the closest one is in Redwood City. San Jose and Milpitas private ones have closed down. There is basically only Redwood City and San Francisco GG Park. With the popularity and success of San Jose Sharks or general skating fitness, a roller rink for skating enthusiasts would be safer in a Cupertino area than on the streets.	6/10/2016 12:23 PM
102	additional year around aquatic center	6/8/2016 9:44 AM
103	Lighting to turn on earlier in the evenings when the time changes	6/7/2016 10:16 PM
104	Pickle-ball court and class; pool with aquatic exercise classes	6/7/2016 11:26 AM
105	Please do not consider any more development at McClellan Ranch or Blackberry Farm unless it is to existing buildings. Moving the club house closer to the creek would be a terrible idea. I would like to recommend that any buses that come to the drop off area be required to be electric or hybrid to lower the impact of emissions in the area. This corridor is so unique to Santa clara Valley it has to be preserved with the lowest impact of humans possible. The first phase of creek restoration has gone well. It would be a shame to impact the area in a negative way.	6/7/2016 7:33 AM

107	A lighted outdoor roller hockey rink (Similar to Roosevelt Roller Rink in San Jose)	6/6/2016 10:26 AM
108	Small 1/2 court basketball at Wilson Park, please. Note: basket should face south (shooters face north) so that we are not blinded by sun when playing. Thanks.	6/4/2016 2:21 PM
109	Tai Chi classes either free or low cost and walk-in OK. Thanks!	6/3/2016 5:10 PM
110	plant more big-shade trees.	6/2/2016 3:27 PM
111	Don't down size the golf course, it is very enjoyable and special the way it is. It is unique with appropriate length holes.	6/1/2016 9:36 AM
112	Would like to see the Poison Oak taken out at Blackberry and other locations along the creeks, this is not something people need to deal with as it can even be life threatening if you have more than a light reaction.	5/31/2016 10:45 AM
113	Please return the July 4th celebration with fireworks because it brings our multi cultural community together in an American tradition. We need to keep our patriotic holidays. Please keep the golf course and do not develop Blackberry Farm. This is Cupertino treasure.	5/30/2016 9:52 PM

115	Survey is too slow took 20 hours to complete!!!1!!!1!!!1!!!	5/29/2016 11:44 AM
116	I really appreciate the natural open spaces available in Cupertino, it's one of the things that makes our city special. I would love to see an expansion of connected trails.	5/28/2016 2:49 PM
117	Fix the tennis courts at Memorial Park.	5/27/2016 4:13 PM
118	Adaptive/inclusive playgrounds like Rotary Park in San Jose and (soon to be) in City of Morgan Hill. Separate dog parks for small and large dogs. More trails along the creeks to get the kids safely biking to school like at Creekside Park. There's an opportunity to extend that leg of the trail. Work with County Parks and SCVWD.	5/27/2016 3:51 PM
119	More nature learning programs and activities. More natural areas within the city. Additional community gardens and specialty gardens (e.g. butterfly, native plant gardens)	5/27/2016 12:22 PM
120	Convert the library field into an official park and add restrooms. No roads through library field. Add a small playground. Put parking underneath library field so existing library parking lot can be used for expanding the library.	5/26/2016 4:19 PM
121	I want more ground level parks in Cupertino. I support the purchase of Mitty Park. I am strongly against rooftop parks. I want all large projects to provide parkland instead of parkland mitigation fees. Large projects that can not provide ground level parkland space should NOT be allowed in Cupertino. It should be mandatory for all development projects in Cupertino to preserve existing fully grown trees (even if they need to be transplanted within their property.) I want more performing arts and music centers in the parks around Cupertino.	5/26/2016 3:35 PM
122	Fewer structures, more open space for walking, biking.	5/25/2016 9:34 PM
123	I would like to see a real dog park for large dogs. There are swimming facilities at Blackberry. There are plenty of fields for cricket.	5/25/2016 8:26 PM
124	there is no community get together area - think of the concept of a beer garden, and the focus is not the beer but an area where people can meet. Beer in this context is northern European concept - it can be tea, it could be something else makes it desirable to go out - and meet others	5/25/2016 6:08 PM
125	Indoor swimming pool. More centrally located outdoor pool.	5/25/2016 2:53 PM
126	Roller hockey rink where diverse group of children and adults can play. This is particularly popular among girls and women.	5/25/2016 2:09 PM
127	more teen and young people 13 and above opportunities - they are not all studying and being forced to stay inside to study and take ap classes etc. so they need opportunities to be social, hang out, dance, party, be happy, meet friends, be safe, learn to be out and about before heading to college, drop in places where they can hang other than the library	5/25/2016 1:11 PM

128	Poet Laureate programming locations	5/25/2016 8:02 AM
129	Social recreation for adults and seniors. Expand senior center programs.	5/24/2016 11:53 PM
130	Yoga outdoors, Tai Chi outdoors, etc.	5/24/2016 7:09 PM
131	Continue to improve bike paths in and out of parks - more bike parking/locking stations would be great. Prioritize natural settings - I don't think we need to build more buildings/centers. Acquiring more land for paths/hiking would be great.	5/24/2016 6:57 PM
132	I'd love to see more community garden space on the east side of the city.	5/24/2016 4:10 PM
133	A place to skate, roller, inline, hockey and skate board. The schools prohibit skating at school property. Sunnyvale and San Jose have no such probation. Maybe you could get the school district to remove the "no skating" sign as part of the recreation program.	5/24/2016 2:23 PM
134	New Cupertino Sports Center on the East side. And a pool/aquatic center. The Campbell Community Center could be a very useful reference point. Also open up more trails for bike use. There is plenty of space surrounding the creeks that has a trail ready but are currently fenced off. Also Cupertino High School has facilities (pool, tennis courts) that are currently off-limits to the community, they should open them up like other schools (Fremont High) do and that would provide more options at little additional capital cost, in particular in the East side if there is limited space.	5/24/2016 2:09 PM
135	Would like to see the expansion of the workout space at the Sports Center with more modern workout machines. This may be a separate Sports Center facility without the outdoor tennis or basketball courts.	5/24/2016 1:55 PM
136	like the city use the city's fund to create safer roads for our students to go to school and also promote teen activities and recreation center near Homestead High school.	5/24/2016 3:55 AM
137	A general comment: I DON'T think Cupertino should be trying to duplicate recreational/fitness opportunities that are already well provided by other organizations. Too often, such things are likely to be operated at a loss.	5/23/2016 2:54 PM
138	All-Inclusive Playgrounds that go behind ADA compliance. Playgrounds with rubberized play surfaces, specialized equipment for those with physical, cognitive, social/emotional differences so that they can take full advantage of playing with their near-typical or able bodied peers. A playground where grandparents who might use a cane/walker can take their grandchildren for example, because they can move around the play surface more easily. A 21st century playground where everyone can play. A playground like Magical Bridge in Palo Alto.	5/23/2016 2:53 PM
139	Put bathrooms in each park and locate near children areas, multiple bathrooms for large parks like Linda Vista.	5/23/2016 2:18 PM
140	More sports fields that have lighting and can be rented at night.	5/23/2016 1:18 PM
141	Add programs for various age groups on how to safely use the Internet.	5/23/2016 1:11 PM
142	We need to have large parks/playgrounds, trails and paths, in all areas of the city. I have read several times that Cupertino has parks in the western section (where I live) but not in the eastern section. This should be a high priority. All Cupertino residents should have access to the outdoors. With the continued pressure for business development in Cupertino, I fear that parks will lose rather than add space. As we increase our population, we need more, not fewer parks and recreational opportunities.	5/23/2016 11:37 AM

143	<p>- Work with the Fine Arts Commission to find a benefactor to build dedicated a community theater building that includes a separate children's theater. - Work with Block Leaders and the Rotary to use volunteer labor to build arklets (with mini-wilderness spots) throughout the city. - Close Stevens Creek Blvd. for special festivals and weekly farmer's markets. - Work with the Bike/Ped Commission to open all creekside service roads to bike/ped use. - Planting trees along ALL sidewalks to provide a "next door" shaded walking opportunity. - Collaborate with grantors and other park agencies to buy the "Parkside Trails" property. - Collaborate with County Parks and Midpen to build more parking and athletic fields at Rancho San Antonio. - Buy and open the "Haul Road" in its current alignment. - Relocate the Blackberry Farm swimming complex to Memorial Park, with back-in diagonal parking along Stevens Creen Blvd. and a flowing "river" so seniors and disabled persons can "jog" in the water. - Work with property owners to implement a voluntary long-term plan to buy Stevens Creek and complete the trail downstream. - Convert the golf course to rough, more natural turf with foot and frisbee golf, open evengs using LEDs to illuminate balls and holes. If not politically possible at this time, develop an agreement that if the golf course ever closes, it will be converted to a natural area with appropriate recreation. - Work with the Chamber of Commerce and local developers to develop an area popular with teens; just don't call it a "Teen Center". - Collaborate with CalTrans and grantors to build a park OVER 280 at Wolfe Rd. - Think about drones... - Build a walk-in campsites at the Blackberry Farm group picnic area. - Plant more trees in parks and leave the lower branches to encourage climbing. - Build a skate park next to the Library/City Hall. - Implement a demonstration educational prescribed fire program at McClellan Ranch. - Collaborate with the Planning staff and commission to require appropriate public access areas in new developments. - Work with the City of Santa Clara, the Bike/Ped Commission, and the owners of Main Street to build a trail from Lawrence Mitty Park tomStevens Creek Boulevard. - Work with the Planning staff and Commission to transform Stevens Creek Boulevard into a Champs Élisées-type recreational experience. - Build a "Magic Bridge" type play area.</p>	5/23/2016 9:38 AM
144	<p>As mentioned earlier, we would love to see more bike and pedestrian access to the parks from our side of town. Currently it is very hard to get to any parks without driving (Homestead is much too busy for young children to safely bike). We would be strong supporters of a bike trail being build in or near our neighborhood around Homestead villas.</p>	5/23/2016 2:48 AM
145	<p>More meditation, tai chi, rehabilitation therapy; good quality instructors.</p>	5/22/2016 9:36 PM
146	<p>Encourage bike trails to our parks. Make any bike trails through our parks partial walking trails to prevent bicycle throughfares.</p>	5/22/2016 3:18 PM
147	<p>Please save Blackberry Farm from reduction or elimination; it's the only golf course owned by the City.</p>	5/22/2016 12:08 PM
148	<p>Multi-use theater space for adults & kids. Community events that aren't just business booths. More tween and teen activities like a makers-type. Bathrooms available at all parks. More security lighting at parks (especially those that have classes). Bike path connections to parks.</p>	5/22/2016 10:53 AM
149	<p>Large pool complex, more dog parks or small areas in existing parks for dogs</p>	5/21/2016 9:28 PM
150	<p>more trees in parks</p>	5/21/2016 4:15 PM
151	<p>Was disappointed to find out how expensive it is to use community rooms for nonprofit meetings i.e. my dental hygiene organization - have to use other cities' facilities i.e. Campbell.</p>	5/21/2016 4:11 PM
152	<p>I think Cupertino provides lots of opportunities for its residents. Our parks are really good. I think more community gardens would be nice. Open space is not as important to me, as I think that the county and MROSD provide plenty of open space opportunities for residents. It would be nice to have more music like concerts in the park available to residents. As far as special events like Earth Day, 4th of July, and the cultural events I think the city provides lots and does a good job.</p>	5/21/2016 2:22 PM
153	<p>Guided hikes and walking group opportunities</p>	5/21/2016 1:31 PM

155	Several thoughts... These were inspired by things I saw while traveling in S America, Spain, and SE Asia 1) I'd like to see more adventure spaces. Examples are zip lines, climbing towers, mazes, swings for people in wheel chairs. I have many pictures of these which I could share if desired. In our electronic environment people have a need to experience and overcome physical challenges. 2) Free Dance aerobics sessions. Several S American cities offer these. People gather daily in a open space such as a basketball court for about an hour. There's a music system which plays recorded music and amplifies the voice of the leader. And there is a leader who demonstrates dance moves. 3) In Spain we saw a room in which roughly 20 kids aged 4 to 10 participated in building houses out of big plastic blocks. Some kids ran a kid powered train that transported the blocks, some ran wheel burrows to carry the blocks to building sites, some ran cranes to lift the blocs into position, and some actually positioned the blocks into walls. A few adults would reset the environment after each cycle, and train each set of kids.	5/21/2016 9:28 AM
156	Please leave Blackberry Farms as natural as possible. Let other park and recreation locations be improved with the addition of sport complexes, sport fields, and traffic inducing programs.	5/21/2016 3:30 AM
157	I don't think it helps to have the YMCA so close offering some of these same things, and also the Cupertino Sports Center right there, too. I think Sunnyvale has been a good model of Community centers that work well. Also, when I see the classes and camps offered to youth, I can't believe how expensive they are, but perhaps that is just inflation.	5/20/2016 8:51 PM
158	Fix blackberry farm golf course . For seniors it's easy to walk and good exercise. For kids & teens it's a great place to learn. I fact there should be a youth program for young golfers either city inspired or the " First Tee " program a USGA has available. Golf teaches respect, impulse control, confidence, self respect, leadership qualites, and a life long business or pleasure skill. The city has spent over a half a million dollars on consultants for guidance and nothing on the course. Just ask one of the golfers and spend the money on improving and marketing.	5/20/2016 5:13 PM
159	I think it is a shame that a city as large as Cupertino does not have a community theater for plays and other small performances. I think the Memorial Park pond area could easily be converted into a 2-3 small theater venues which will drive up retail and restaurant business as well. Right now we travel to other cities facility frequently.	5/20/2016 3:47 PM
160	I would like to see festivals with signs that are in English. As someone who was born here, I have never felt so unwelcome in my city. Also, please bring fireworks back to Cupertino. Very odd that the city does not see this as important.	5/20/2016 3:08 PM

167	I have noticed that the grass field at Creekside Park (the field closest to Miller Ave.) gets muddy after even small amounts of rain. I suspect that is why the field is often closed, and is gated off for months. Other grass fields do not seem to have the same problem, so maybe some kind of soil improvement could improve its availability?	5/19/2016 8:26 AM
168	I'd like to see the creeks opened and made into trails for walking, bicycling, and taking our dog for walks	5/18/2016 7:40 PM
169	Extend trails from Linda Vista Park into the local hills and county parks. I favor environmental and nature programs for youth to implant understanding and appreciation for the environment into them. The new facilities at McClellan Ranch are useful for this purpose.	5/18/2016 7:12 PM
170	In door halls for festivals or cultural programmes.	5/18/2016 2:48 PM

172	We currently have picnicing facilities at Blackberry, a hiking trail and community gardens at McClellan Ranch, a Sr. Center, Performance Center & tennis courts at Memorial Park & a baseball field and picnic area. 221	Year round sports activities for youth	5/9/2016 9:46 AM
222	Better and newer playgrounds. Swimming pools.	5/8/2016 8:06 PM
223	Several parks in Cupertino are underused and redundant. The overcrowding of Cupertino's schools could make it appealing to change parks such as Hoover park and Wilson park into elementary schools.	5/8/2016 9:31 AM
224	Some dog owners do not leash their dogs. They assume their dogs are the most friendly and lovable. It is dangerous to others. Plus, some dog owners only pick up after their dogs when others people are present.	5/8/2016 9:08 AM
225	Expanded trails and access.	5/7/2016 7:21 PM
226	We need to support our museum at Quinlan. It preserves Cupertino's evolving history. I think it is terrible that you took their little office away from them after 25 years of service to the community	5/7/2016 4:45 PM
227	The issue about teen space only asks about space, so I gave it a "neutral." In reality what is needed is an effective program and the facility the program would need to be successful.	5/7/2016 1:18 AM
228	improve golf course	5/6/2016 4:09 PM
229	I wish there were community space available for residents to use for group meetings- for example, I would like to meet with friends to sew or quilt, but the Rancho Rinconada community room would cost us over \$100 to use. It's tough to rationalize that.	5/6/2016 2:18 PM
230	Would love to see programs at small Ller neighborhood parks geared to both adults and h Kids to get neighbors to know each other, such as neighborhood picnics, family games, even emergency prep fairs, coffees, ice cream socials, and even local National Night Out,	5/6/2016 2:17 PM
231	Pet related non profit activities. Off leash dog walking time in certain park or trails	5/6/2016 1:23 PM
232	More bike trails	5/6/2016 10:39 AM
233	A designated field to fly remote control gliders (no engine; they are not drones) and the start of an official Cupertino club for adults and youths (as part of the STEM program). Currently, I have to bring my sons and his friends to Sunnyvale Baylands.	5/6/2016 6:49 AM
234	I would like to see more tennis courts. They are always in demand.	5/5/2016 9:36 PM
235	BRING THE GOLF COURSE UP TO THE QUALITY OF THE YEARS AGO. FIX THE PONDS THE CITY DRAINED.	5/5/2016 8:50 PM
236	Do not segregate seniors on some programs	5/5/2016 5:58 PM
237	A variety of play structures with ziplines and other features. My girls like Wildwood (Saratoga) and Calabazas (San Jose). Make parks more 'wild' with trees to climb. Rock climbing.	5/5/2016 5:32 PM
238	pool	5/5/2016 5:16 PM
239	Expanded dog park in shady area without grass or mulch. Dog parks in more parts of town. Dog training and/or agility classes.	5/5/2016 3:48 PM

261	I would like neighborhood community centers to offer more classes for adults - fitness, yoga etc so not everyone has to jump in their cars to drive to Quinlan, adding to traffic problems. This would also be very helpful for seniors who may not drive. Would it be possible to have personal trainer or a Physical Therapist that one could meet with at a city park on appointment basis? Say your doctor said you need to lose weight, you could then work with this person to come up with a plan to use city facilities to meet your goal. They could also lead classes targeting weight loss or increased mobility/flexibility. The facilities are already there, all that the client pays for is this person's time. The city could use these fees to support this staff. Please look up Marin City's 'Park Prescription' program.	5/3/2016 5:21 PM
262	Improve bike safety within the city. Build out Rodrigues Creek.	5/3/2016 5:06 PM
263	Build pedestrian/bicycle trail 1. from Mc Clellan Ranch across Stevens Creek and over Hwy 85 to connect with Mary Avenue, and 2. from the end StevensStevens Creek Blvd. past Foothill to link with the Hammond Snyder trail at Rancho San Antonio.	5/3/2016 4:24 PM
264	Please do not give Cal Cricket more fields. I oppose the green roof at Vallco- it is a green canopy and not a real park or a properly designed surface green roof, it's stupid. I live on the east side, we have too few playing area parks and Abu Dhabi backed Sand Hill is greedily over developing us and the parks and rec commissioner is too uneducated to know better, so she supported them. She should have demanded a park on the ground! It's bad design.	5/3/2016 4:17 PM
265	Much better parks that are innovative and creative; that stimulate young minds and incorporate nature instead of just the same boring structures; parks with water features. More parks even if smaller. Why isn't there some kind of inviting space for children outside the library instead of a patch of grass? I believe the fountains there are it - it's a start but only that. I take my grandson to Emerald Glen all the way out in Dublin. It's fantastic http://www.ci.dublin.ca.us/Facilities/Facility/Details/13 . I haven't been to Heather Creek Farm in Walnut Creek but it's on my list: https://www.510families.com/worth-the-drive-heather-farm-park-and-playground-in-walnut-creek/ guess my interest is not in structured programs but in great areas for free play and exploration.	5/3/2016 4:11 PM
266	More Bicycle trails, parking racks, and access.	5/3/2016 3:56 PM
267	I would like to see the Senior Center enhanced. What I see there now is frankly a very old model around things that people thought were for older citizens several decades ago. As a senior, I am not interested in bingo, or reading rooms or light exercise. I want things that interest me like a computer lab, real gym, lectures that are not just for "old" people, etc. Think vibrant and interesting, not "old" when you are planning for seniors.	5/3/2016 3:53 PM
268	If Cupertino residence can pay a fair price like \$3 for a swim, this would be great. We need a huge indoor swimming pool.	5/3/2016 3:50 PM
269	Badminton Courts	5/3/2016 3:37 PM
270	All weather, lit turf fields for youth sports use.	5/3/2016 2:49 PM
271	1) Tie in programs with REI. 2) community park and street clean 3) Cupertino history and culture center 4) community plant a tree 5) Stevens creek trail improvements and expansion 6) senior citizens and community mixers 7) recycle and up cycle community clothing swap	5/3/2016 2:38 PM
272	More park space in East Cupertino	5/2/2016 9:06 PM
273	Add par courses similar to the multi-age, multi-ability ones offered by the Park and Rec department in Incline Village, NV to parks in Cupertino, including Library Field.	5/2/2016 8:30 AM
274	We need more recreation/parks on the east side of Cupertino like Lawrence Mitty park. Our backyards are not parks on this side of the city we need more open space.	5/2/2016 8:24 AM
275	I would like to have a new Park or green areas for people to walk and rest.	5/1/2016 9:38 PM
276	1) senior center upgrades 2) park at Lawrence Mitty in rancho rinconada 3) new aquatics center at memorial park	4/30/2016 6:57 PM

279	Cricket fields	4/30/2016 12:54 PM
280	dance rooms/studios	4/30/2016 12:30 PM
281	Badminton courts	4/30/2016 12:02 PM
282	More parks and community spaces spread throughout city, including dedicated walking and bike paths so people can walk or bike safely vs. driving. Need more land dedicated to parks, green space, and shared community space vs. high-density development, which just makes the problem worse.	4/30/2016 11:45 AM
283	Roller Hockey Rink	4/28/2016 4:40 PM
284	Open space, nature, nature, nature...the less developed the better.	4/25/2016 5:55 PM
285	Additional public tennis courts, basketball courts	4/24/2016 9:31 PM
286	Please preserve and enhance nature and add butterfly gardens and natural areas in city parks	4/24/2016 8:18 PM
287	Improvement of walking paths in park spaces to increase length, avoid breaks and discontinuities	4/19/2016 1:18 PM
288	We need a very appealing place to congregate & more city events to bring us together. Quinlan with more amenities would be wonderful. Love the classes/programs offered. More would be great - art, languages, navigating high school (tests, planning, electives,...), computer programming, basic business,...	4/18/2016 5:13 PM
289	Extend Stevens Creek Trail south from McClellan Road. More bike racks everywhere. Improve bike/ped/handicapped access to parks (all-weather-surface paths, curb cuts, etc.). Add interpretive signs along Stevens Creek Trail.	4/13/2016 5:05 PM
290	Aquatic Center for lap swim	4/9/2016 4:42 PM
291	More Aquatics programs, more writing classes	4/9/2016 12:04 AM
292	Bathroom at Varian. The classes/camps my daughter has taken at Quinlan have been low quality.	4/6/2016 8:23 AM
293	An indoor, year-round swimming pool at the Vallco mall location would be wonderful. If it can be maintained without chlorine or salt water and therefore made organic by using a CD ozone unit, that would be great!! http://www.delozoneaquatics.com/about-ozone/ozone-vs-uv.php http://www.thepoolpros.com/swimming-pool-sanitation-explained	3/30/2016 10:58 AM
294	Connections to bike trails from south to north of 280.	3/26/2016 8:55 PM
295	I would like to see a comprehensive health center with yoga classes and aquatic facilities. There are not enough family oriented events.	3/26/2016 5:13 PM
296	Proposal: Outdoor all-weather ping pong tables in the parks. Explanation: I grew up in a small village in Germany where we had one of those ping-pong tables in our small park. We were using it a lot as kids and teenagers. Exercise in fresh air. Especially with the high percentage of Cupertino residence with Asian roots I believe this would be a hit. And my family would use the tables as well. Thanks for offering this survey.	3/26/2016 5:02 PM

Q14 Is there anything that we have not asked you about Cupertino parks, recreation facilities, programs, and services that you would like to tell us? (optional)

3	Perhaps fill in pond at Memorial Park- it's too shallow to be clean and looks bad empty. Make parks and trees and walking areas a big priority. Don't decrease size of Library Field- it's not the place for a Teen Center (conflict with library use programs and parking)	7/19/2016 12:59 PM

5	Many parks need maintenance. Specifically Memorial Park. Large portions of this once beautiful park are now completely dry. Even under the severe draught, other cities have figured out solutions (recycled water etc) to keep and maintain their green spaces.	7/18/2016 8:22 PM

6	Preserve mature trees that appear to be healthy. An olive tree in Portal Park was cut down, possibly due to "inconvenience".	7/18/2016 3:32 PM
7	The dog park needs to get rid of the gravel (it's sharp). The children need a place to run in the sprinklers.	7/18/2016 3:29 PM
8	in line skate rink, hockey leagues	7/13/2016 6:30 PM
9	If you don't drive, it's very difficult to get to the Cupertino parks. It would be great if the city had a shuttle bus to let people get to different parts of the city (similar to what some towns like Palo Alto and Mountain View have.)	7/13/2016 2:45 PM
10	Would really like to see city-sponsored theater/musical opportunities like Sunnyvale or Los Altos. These are great both to give opportunities for performers but also for residents to see a fun show. Would be nice if these could be done at the high school or DeAnza theaters. It would also be nice to have more city-run league or club activities - drones, model rocketry (maybe that's not legal anymore). Similarly, city support for music activities like youth symphony would be awesome - these are usually private or non-profit, but there are so many talented kids here, it would be nice for the city to try to help with facilities. Would really like to see community gardens distributed around the city - this will make the parks nicer for all and engage more people in developing a green thumb in their own yards. This is a small one, but more bike racks at the parks please.	7/11/2016 1:50 PM
11	We have quite a few creeks that are all fenced off. Please open them! Let's use them as trails for walking and biking!	7/10/2016 7:19 AM
12	Please pass on to city that the current Library reserved spaces are making it very difficult for patrons to use the library. Contractors with business at City Hall are also fuming about inability to park within 6 blocks to do their business. Reserved parking spaces meanwhile go 'empty'.	7/9/2016 8:13 PM
13	Please hire appropriate personnel to promote/manage facilities. A Cupertino Sports Center manager should be an athlete that plays the sports available and relates to the regulars, welcomes new members. A manager/participant would initiate events, receive feedback on what works and does not; provide active encouragement and support to the young athletes in the summer programs.	7/6/2016 5:56 PM
14	As I said in previous comments, I'd love to see Cupertino have a flagship park and playground. The schools in Cupertino are so excellent, there are clearly many children in the neighborhood. It would be awesome to have a playground so amazing that people would flock to Cupertino to enjoy our facilities. I imagine that would also help local businesses.	7/5/2016 11:40 AM
15	great	7/4/2016 12:12 PM
16	continue fire works and make library open to all.	7/4/2016 11:16 AM
17	Please add fencing around the basketball courts, particularly in creekside park. In parks like Calabazas, there is a lot more space to walk around on the pathways, so you don't have to go next to the court while walking. However, because creekside is a lot smaller, there have been multiple times where my family members, or myself, was almost hit by a basketball. As a result, we often have to cut across on the grass in that area, but sometimes that doesn't work out either because people could be playing sports on the grass too. Since it is unreasonable to expect only skilled players to play at that court, I hope you will consider adding a fence so that the walking path and the basketball court can be next to each other without the chance of anyone getting hurt.	7/1/2016 2:41 PM
18	Who's in charge of the fireworks? Why is there no fireworks this year? What's your excuse?	7/1/2016 12:22 PM
19	if we could have memorial parks ponds filled with recycled water.	7/1/2016 9:19 AM
20	There has been a lot of marketing that the Vallco Hills will have a park on top of the buildings. I do not consider this a park area. It is marketing to get more building density in Cupertino. I oppose both; area on top of buildings and more density in Cupertino.	6/29/2016 11:17 AM
21	More bathroom facilities.	6/28/2016 12:49 PM
22	Have the maintenance crews in Memorial Park start working instead of just hanging out.	6/25/2016 2:47 PM
23	Love the senior day trips	6/25/2016 2:03 PM
24	during drought, a better example of water conservation could be shown	6/22/2016 12:53 PM

25	Please see my note about bringing July 4th fireworks back to Cupertino at De Anza College! Memorial Park as a viewing location was ideal due to size, amenities/facilities, parking, location, etc.	6/21/2016 2:32 PM
26	No, I think you's have done an excellent job of covering everything, a good job to all of those who put this survey together.	6/21/2016 2:17 PM
27	Most of all we need to generate some low cost housing to help people live in our community who can work here and not be driven out by prices. Lots of help wanted signs in all eating places currently in Cupertino. School traffic is unbelievable to all grade and high schools. Have you ever considered busing children again?	6/21/2016 11:49 AM
28	More open sharing of school sport and other facilities to the public, longer library hours	6/20/2016 9:40 PM
29	Very pleased with the effort that the staff at the Senior put in to make being there a very enjoyable experience. Justin Cecil and Alex Corbalis have been doing an excellent job with the monthly senior birthday lunches.	6/20/2016 9:27 PM
30	Please continue programs to rid the city of Canada Geese	6/20/2016 8:05 PM
31	Request ground-level parkland for large development, preferably onsite of the development project. Request that the priority be put in purchasing more parkland in areas with insufficient parks or access to parks, instead of allowing developers to pay for parkland mitigation. Request that the existing parkland is preserved in size and not get reduced for other purposes like parking. No rooftop park should be counted towards parkland requirement. Large development projects should provide parkland instead of parkland mitigation fee.	6/20/2016 6:44 PM
32	I live in the county area so I appreciate all of the programs that are available to me. Keep up the good work!	6/20/2016 6:11 PM
33	Since I'm not a resident of Cupertino, I don't think I can fairly make suggestions.	6/20/2016 4:36 PM
34	You don't mention ice rinks.	6/20/2016 1:37 PM
35	There is a big parkland ratio gap between east and west side Cupertino.	6/17/2016 4:11 PM
36	Yes roller hockey rinks or programs	6/17/2016 1:45 PM
37	I do not support the Stevens creek trail plain that uses Maxine. I haves lived on Wallace drive my entire life and do not think it is necessary to put a bridge/underpass there when a path could easily be made along foothill expressway, which does not change our neighborhood dynamic	6/16/2016 10:12 PM
38	need to protect the Stevens Creek Corridor from development, including intensive recreation need for continued creek restoration in McClellan Ranch, especially McClellan Ranch West. desire for more natural areas (less turf grass) in other city parks, planting habitat for birds in every City Park native plant demonstration gardens, gardens featuring bird and butterfly attractive plants desire for other riparian corridors within the city to be restored	6/16/2016 6:28 PM
39	In general, the parks, facilities and programs are terrific.	6/16/2016 1:39 PM
40	The area around McClellan Ranch is beautiful and a jewel for your City	6/16/2016 6:30 AM
41	Bird and insect demonstration gardens are nice. Community gardens are an asset to the community. Natural areas like Ulistac in Santa Clara are great.	6/15/2016 10:45 PM
42	More native plants and natural spaces; bike routes; trails	6/15/2016 5:12 PM
43	please protect and support natural areas and wildlife in cupertino parks.	6/15/2016 3:39 PM

45	My child goes to a Cupertino Union school (John Muir) but doesn't have the same level of access to at school site afterschool programs like offered at many Cupertino Union elementaries. I have repeatedly been frustrated trying to talk with secretary and principal staff to get them to pay attention to getting afterschool programs with what the city offers in place. Can you please work with the superintendent to create so initiative to encourage (can't be bothered) school staff to care. Afterschool programs help the parents, the teachers and of course the kids. As well more access to these programs at school sites would help the Cupertino Recreation & Community Services as well as the School Superintendent as community would know that Recreation is available where it matters (instead of spending money on private companies after school programs) and that the Superintendent is actually involved in specific site quality of life improvements for the students and parents. Also there are no real social evening entertainments in Cupertino. Having a weekly or monthly all-age dance/concert would be great so we could stay and spend our time and money in Cupertino instead of San Jose or San Francisco.	6/15/2016 11:27 AM
46	Do not extend Stevens Creek Trail into the Oakdell Ranch Neighborhood. Do not spend money on furthering this trail. Keep Blackberry Farm and McClellan Ranch as a nature preserve. Do not add athletic fields or make into a major regional park destination.	6/14/2016 8:13 PM
47	I would like to see a sewing (for community) group started.	6/14/2016 9:45 AM
48	To dangerous. To many dogs running lose to be safe.	6/13/2016 6:03 PM
49	Where would Anything be placed?	6/13/2016 6:01 PM
50	Please keep Blackberry Farm Golf Course as it is. I'm opposed to changes to it.	6/13/2016 3:32 PM
51	Please consider more than the vocal minority - Blackberry Golf Course is not profitable, so change it into a money-making enterprise. I don't know if Blackberry Farm is in the black, but it should be. There are so many restrictions to using it that I can't believe it makes money. And finish the Stevens Creek Corridor trail!	6/12/2016 6:13 PM
52	Safety	6/12/2016 5:14 PM
53	There used to be judo classes at the facility at a park on Benton Avenue in Santa Clara. It would be good to have a similar facility here.	6/10/2016 6:18 PM
54	Roller rink	6/10/2016 12:43 PM
55	I would like a half court basket ball at Wilson Park	6/10/2016 12:40 PM
56	We need more non-commercial parks on the east side of Cupertino especially in the Rancho Rinconda area where we don't have any parks. There are very few parks on the east side of Cupertino vs. west of De Anza.	6/9/2016 5:56 PM
57	Exclusive bike trails to get around the city without having to share this with cars	6/8/2016 8:49 PM
58	Bicycling	6/6/2016 8:49 PM
59	Bike lanes: We need a bicycle master plan!	6/4/2016 2:23 PM
60	Limited to a lack of available parking is an issue in all of Cupertino. Senior citizens and those with mobility issues can't shop or participate because of parking issues. The community center and library parking area is frequently full and overflowing.	6/3/2016 5:28 PM
61	Advertise for newcomers the locations of these parks or put signs up or mention in Cupertino Scene or Cupertino Courier or post flyers in library.	6/3/2016 5:11 PM
62	Already said earlier, thanks for the opportunity to state my views.	6/3/2016 1:52 PM
63	Again, many trees died over years in parks. They take time to grow. For now, the parks are becoming bare-looking, not enough shades.	6/2/2016 3:28 PM
64	Shade at the dog park (small dog side) & perhaps a bathroom	6/2/2016 11:05 AM
65	Some of the park landscaping needs to be updated. Trees at Three Oaks are showing their age and need the deadwood to be removed. When complete trees are removed, their space needs to be filled with a new tree or leveled and have grass planted. How about some benches for just sitting.	6/1/2016 5:12 PM

66	Hopefully you will study the responses to this survey and the department will continue to involve the public in future surveys.	5/30/2016 9:54 PM
67	Some of garbage bins really smell at Blackberry and others due to dog poop being deposited. Recommend more frequent emptying	5/30/2016 4:36 PM
68	1)I think a sidewalk along Stevens Canyon road between Miramonte road and the first available trail at Stevens Creek regional park, which is approximately 1000 feet from Miramonte road, would greatly improve park accessibility and pedestrian safety. 2) Odors at San Antonio regional open space park in the vicinity of the bathroom/vault toilets near Deer Hollow Farm are often horrific!!! Surrounding trails are enveloped by these noxious odors and make for some very unpleasant trail running experiences. Better odor control/minimization is desirable at this location.	5/28/2016 11:48 AM
69	Bring back Fireworks show but put it at Memorial Park or back to DeAnza College. Thanks for asking us. Great opportunity to enhance the quality of life of Cupertino residents.	5/27/2016 3:52 PM
70	Like programs on gardening and nature/wildlife conducted by outside organizations such as SCVAS (Audubon), Master Gardeners, CNPS.	5/27/2016 12:26 PM
71	Once Sand Hill initiative fails, Vallco property will be worth much less and city could purchase it for a good price for a future park.	5/26/2016 4:20 PM
72	I want more ground level parks in Cupertino. I support the purchase of Mitty Park. I am strongly against rooftop parks. I want all large projects to provide parkland instead of parkland mitigation fees. Large projects that can not provide ground level parkland space should NOT be allowed in Cupertino. It should be mandatory for all development projects in Cupertino to preserve existing fully grown trees (even if they need to be transplanted within their property.) I want more performing arts and music centers in the parks around Cupertino.	5/26/2016 3:36 PM
73	more parks	5/26/2016 3:04 PM
74	Environmental education classes- programs, learning and exchange of ideas. With the large increase of new residence of all age groups - environmental education at schools (if even done) isn't enough.	5/25/2016 6:12 PM
75	what about expanding parks to be pathways and make water / creeks / railways park land that you can use to get from one place to the other and use for recreation, like walking, exercising, biking etc. we only got the stevens creek trail and the one by lawrence - what about the lehigh railway tracks, creeks that are fenced of and cannot be used to get from park to park and through neighborhoods - make them into path ways and bike paths etc.	5/25/2016 1:13 PM
76	I notice that garbage/litter are a problem at some parks, especially Monta Vista Park around the softball field. Also, dog owners put the dog poop in bags & then leave them all over the park instead of putting the bags in the garbage.	5/25/2016 9:16 AM
77	Please consider the Poet Laureate program as one of your showcase offerings in the City. Thank you.	5/25/2016 8:03 AM
78	Cost of programs -- sometimes prohibitive.	5/24/2016 11:54 PM
79	We need more and better parks in the northeast of Cupertino. Bike trails in the city to get to and between the parks would be terrific. If one park is booked, one could just bike to the next nearby park.	5/24/2016 7:11 PM
80	Love McClellan Ranch and what the city has done with the trails and restoration. Continue to push to connect, link and lengthen trails throughout the city.	5/24/2016 7:00 PM
81	I would like to see the Vallco complex converted to a large city park a la Central Park in New York City exclusive of significant retail, hotel, residential, commercial or hotels. I don't want to see the proposed green space on top of buildings that house thousands of people..	5/24/2016 2:03 PM
82	parking	5/24/2016 11:54 AM
83	More tennis courts	5/23/2016 10:55 PM
84	I would much rather see more OPEN SPACE than developed recreational facilities. Places where people can walk on paths in a quasi-natural setting -- preferably within walking distance of our homes. For example, the old HP campus (now Apple Campus 2) would have made a beautiful urban park -- what a lost opportunity!	5/23/2016 3:02 PM
85	Remove the ponds at Memorial Park.	5/23/2016 2:19 PM

Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

86	I have read and heard at Council meetings that Cupertino does not have a large swimming pool for children to use other than the one at Blackberry Farm. It is becoming a big traffic/neighborhood issue. A legal issue was brought up, too, which apparently satisfies no one. Adding another pool would go a long way to solving that issue for everyone.	5/23/2016 11:39 AM
87	- Work with the planning staff and the finance director to develop forecasts of park funds anticipated from upcoming developments, and fold those forecasts into the Park Master Plan.	5/23/2016 9:41 AM
88	Remove all poison oak from our parks. Make our parks destinations rather than bicycle throughfares.	5/22/2016 3:19 PM
89	Please do not reduce or eliminate Blackberry Farm golf course. It's the only course owned by the City. Please do not replace the Blue Pheasant; it's a community traditional place.	5/22/2016 12:09 PM
90	Recreation activities offered are generally good but would like the age ranges to be less of a range so the offering is better targeted. I appreciate the consolidated rec offerings of the last few years.	5/22/2016 10:56 AM
91	I love the Barnhart park; am proud of the city for turning an empty lot into a park that is popular and well used by residents. Every neighborhood deserves such a park!	5/21/2016 9:30 PM
92	fill in the ponds in memorial park ... they waste space, attract goose poop and are not drought friendly.	5/21/2016 4:16 PM
93	answered this in last quetion	5/21/2016 4:11 PM
94	Please keep the parks as good (or better!) as they are. They are very nice. Would like more places for dogs to be able to play, but I am glad we have the one dog park. You provide a great blend of activities for residents. I really like the pool and picnic areas at Blackberry Farm. And the environmental center and farm.	5/21/2016 2:24 PM
95	Importance on not over developing beautiful natural areas such as McClellan ranch and Blackberry golf course. Concentrate on facilities for Cupertino citizens --- not tech workers.	5/21/2016 1:34 PM
96	It may be that some facilities are using more water than they need to. I think it might be useful to look at how much water each uses, and the number of visitor days each receives so they could report water per visitor day.	5/21/2016 9:31 AM
97	I do not want to see BBF turned into a sporting field hub. BBF is a unique nature preserve and as such is the gem of Cupertino. Focus should be on nature study, community learning, and Cupertino history.	5/21/2016 3:38 AM
98	You have deliberately not included the BlackBerry Farm Golf Course. Why? Dump the soccer golf - no one ever use it and it's a disruption to golfer's. We do not need or have a huge desire to have Cricket introduced and our beloved golf course is desired and a jewel to our community. This survey -which the city paid 40 thousand dollars for doesn't even list the golf course but mentions cricket soccer gyms swimming etc. Did you ask survey monkey to rig the outcome against the golf course? The answer is obviously yes. Shame on you!	5/20/2016 5:25 PM
99	I am hopeful that the park along Lawrence expressway becomes a reality	5/20/2016 11:39 AM
100	very important to keep green space for the quality of life here	5/20/2016 11:17 AM
101	Open the trails to walking and biking	5/18/2016 7:41 PM
102	more handicap accessible parks and programs	5/18/2016 9:44 AM
103	I am prejudiced because I'm a senior golfer, but there are very few courses within miles of Blackberry that offer facilities for both beginning golfers and a walkable course for older adults. I would urge you to try and keep that facility.	5/17/2016 7:18 PM
104	Jollyman park really needs a full-size basketball court in addition to the 1/2 court. Because of dogs the back field is hardly being and a court could be built there.	5/16/2016 9:44 AM

Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

105	I would like McClellan Ranch and Blackberry Farm to be managed separately from the other city parks. It damages these resources to be in the same category as other parks. For instance, I think overgeneralized surveys such as this will make city planners think that just because people want additional amenities in local parks, they want them at McClellan/Blackberry too.	5/14/2016 11:12 AM
106	Water park would be great!	5/13/2016 3:51 PM
107	There seems to be an assumption that Cupertino's existing facilities are inadequate and need to be expanded and/or renovated. There is no way to choose a 'do little or nothing' plan.	5/12/2016 10:53 PM
108	That everything is located up west and nothing down east except for Creekside park. Most crowded area of town and no open spaces. And no the hills with a walkway is not cutti g it !!!	5/12/2016 9:23 PM
109	Just want to re-stress parking is a mush or developing additional space in walking proximity to spread out use.	5/12/2016 4:14 PM
110	I continue to worry about The Hille putting a garden on the roof of their development. I Hope Cupertino can find some space that is on the ground, central and safe for community gardening.	5/12/2016 3:03 PM
111	Make more use of the facilities on the weekends.	5/12/2016 2:38 PM
112	need to add lighting to the various parks. Too many questionable individuals hanging out at dark in unlit areas.	5/12/2016 1:50 PM

114	FIELDS WITH LIGHTS	5/12/2016 1:04 PM
115	The dog park on Mary is a joke - my dog doesn't even like it. I walk my dog, who is well trained, in the am off lease and it works very well. I keep an eye out, just as I would with a child, to safeguard all.	5/12/2016 9:30 AM
116	Please do not close the fields immediately upon rain. Fields should still be usable with rain showers lasting less than 3 hours in a day.	5/12/2016 9:14 AM
117	Please keep the fields/parks open all the time for the sport activities to run on the normal schedules!	5/11/2016 11:04 PM
118	If grass fields are kept, please maintain for use instead of mowing too high too infrequently. Also the fields are closed even when rainfall is minimal. I would prefer to see better use of the fields and resources for rental by investing in artificial turf.	5/11/2016 10:37 PM

123	Provide swimming pools for residents, children and Senior Citizens	5/10/2016 10:43 AM
124	Need lighting on Saratoga creek trail it is dangerous at night with people using drugs in the dark. With lights it would allow people to walk dogs and bike at night.	5/9/2016 6:07 PM
125	Why can't BBF pool be open year-round, and host swim classes? Swimming is a basic ability so important to safe enjoyment of any water sports. BBF was purchased by the City on behalf of all the residents. It should not be a private park for the benefit of a few noisy neighbors.	5/8/2016 1:20 PM
126	Do not put dog's interest over people's interest	5/8/2016 9:08 AM
127	More emphasis for Cupertino history at Blackberry and Quinlan! Every city in Santa Clara County has a history museum. We are making history and need to preserve ours as it evolves. Work with the Cupertino Historical Society and respect and cherish and support their work.	5/7/2016 4:49 PM

Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

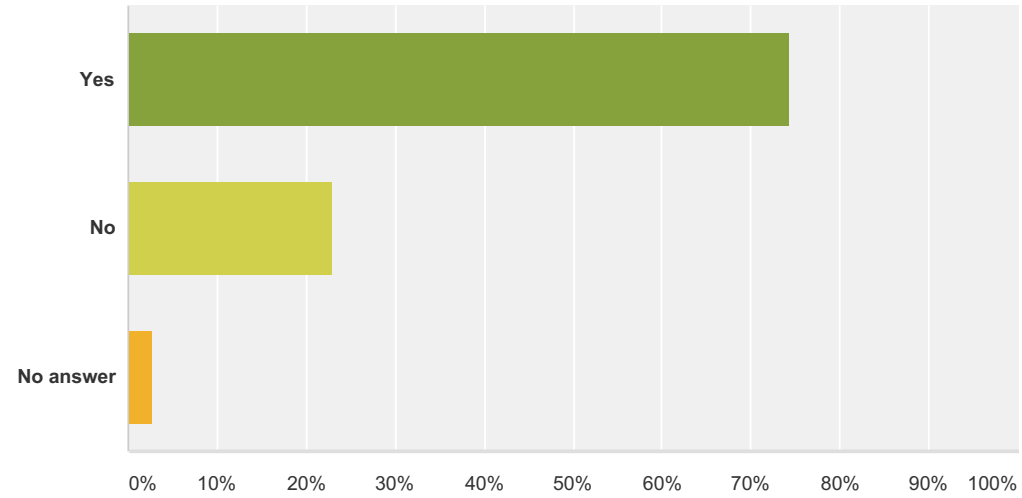

148	If Cupertino wishes to stay relevant in SV, it's important for there to be better technology education options offered by the city for everyone, and a maker space would be a great way to achieve that goal.	5/4/2016 3:58 AM
149	I would like to see that Cupertino creates more parks to preserve its natural beauty	5/3/2016 7:11 PM
150	As east side gets terribly crowded, looking forward to see more park space instead of more concretes	5/3/2016 6:21 PM

153	Fees for the facilities	5/3/2016 4:19 PM
154	Force Vallco to put a park on the ground, sand volleyball court, kids play area, badminton courts. They are greedy and we can't get the land back.	5/3/2016 4:18 PM
155	I love McClellan Ranch for it's flowing stream and feel of escape. Haven't been to Blackberry Farm but used to love taking my kids there. Creekside Park is nearest to me and it is a HUGE disappointment as it is so poorly thought out. Most parks around here that I know of anyway are just big fields and cater to organized sports.	5/3/2016 4:13 PM
156	Much of what we have is good, including the rehabilitation of McClellan Ranch; but maintenance issues appear to be rising (gophers making fields difficult to play on, unrepaired benches, tables, fences; do also need to improve the "bikeability" of the city so that people do not need to drive to the parks.	5/3/2016 3:55 PM
157	There is little life to the parks these days. Jollyman, which is close to us, has not changed in over a decade. Add some new things. Add things for people of all ages (like a up-to-date par course, Wi-Fi access, exercise facilities, etc. Jollyman is not that different from many of the other Cupertino parks which frankly are boring.	5/3/2016 3:55 PM

161	rooftop park shouldn't count as park.	5/2/2016 2:43 PM
162	We need more open space in the east side of Cupertino. We are under served. I understand that Lawrence Mitty is a park opportunity. Why is that not being brought on line?.	5/2/2016 8:33 AM
163	We need more ground level parks and open space. Roof tops with grass or plantings of any kind are not an acceptable substitute for ground level parks and open spaces.	5/2/2016 8:32 AM
164	Substantial upgrades could be made to the sports center facilities. Worth a significant capital investment. Cap dues afterward at 100/mo for families and this would represent a very considerable asset to the community and the health and quality of life of its residents.	4/30/2016 6:58 PM
165	more shady areas to sit	4/30/2016 1:11 PM
166	more parks and green space, bike paths and walkways	4/30/2016 11:58 AM
167	Providing specific times and/or physical separation in selected parks to allow dogs off leash would be a huge win.	4/28/2016 12:06 PM
168	Why do you have so much staff. Should have more volunteers	4/27/2016 5:47 AM
169	I would like to see additional space available at no charge for city-sponsored and approved programs,	4/26/2016 6:01 PM
170	I love McClellan Ranch and other natural areas along Stevens Creek. Linda Vista can be improved for more natural landscaping	4/24/2016 8:21 PM
171	Recreation is biased towards younger residents. Improvements that benefit all age groups should have the highest priority.	4/19/2016 1:21 PM

173	Please support Acterra's habitat restoration efforts, with money but especially by helping recruit volunteers.	4/13/2016 5:06 PM
174	The proposed remodeling of Vallco with the 30 acre park and trails, and hopefully an indoor swimming pool, plus the tech lab and meeting spaces sounds quite wonderful!!! We fully support the Hills at Vallco project, including the addition of housing that is so badly needed in this area. We hope that Cupertino moves this project forward quickly so that we can all start enjoying all the amenities it offers :) We just hope that more bike paths, lighted crosswalks, street lights and sidewalks are built all around the City in order to encourage alternatives to car and thereby reduce car traffic in Cupertino.	3/30/2016 11:04 AM

9	Yes, let's set up another addition to the Cupertino Sn. Center - it's outgrowing memberships 'cause of our great programs will be requiring an expansion of its facility.	7/18/2016 3:41 PM
10	A roller hockey rink and a pool	7/17/2016 2:04 PM
11	Roller hockey rink	7/14/2016 8:06 AM

13	Roller hockey rink, bocce ball / horseshoes area	7/11/2016 2:06 PM
14	Restroom facilities - Hoover Park is booked daily during the week with tons of soccer kids. This would really be a nice addition. More availability of tennis courts in the neighborhood parks "Hang out" social areas with concrete seating to create better places to congregate with neighbors. Paved sidewalk/track around park areas - a safe place for young kids to learn to ride bikes, encourage walking in the park for seniors. Nature play type play structures. I don't have a problem with the current type of units, but it's nice to move toward having a mix of structured and more natural type play areas. Consider having free city wifi in the parks More mix of features in the park - not just grass fields (Hoover park is bad this way, most in town are better) Drought-tolerant and native planting style.	7/11/2016 1:56 PM
15	Hockey rink - roller or ice	7/11/2016 9:49 AM
16	A sport court for in-line hockey, also called roller hockey, would be awesome. Especially with the success of the Sharks, more people will be playing. I also think skateboard parks and volleyball, as part of other active recreational facilities, would be appreciated	7/10/2016 11:28 PM

17	A roller rink for roller derby, roller hockey, and general public skating and fun.	7/10/2016 9:22 PM
18	Volleyball : D, please!	7/10/2016 5:56 PM
19	Again, please open the creeks for bike trails.	7/10/2016 7:20 AM
20	a full community center and aquatics center on the east side of town	7/8/2016 11:05 AM
21	As much open space and parks as possible. Cupertino is so high density with commercial and retail new development and the infrastructure is not expanding to support the influx of people, anything that can improve and add open space and parks would be greatly appreciated. Also, not sure this counts, but it does fall into relaxation - recreation - please save BlueLight Cinema. It is a unique community theater and I don't want it to get lost in the new proposed development (albeit on hold until Vallco is redeveloped) of the Oaks Shopping Center. I would also support expanding our current Sunday Farmer's Market - and perhaps moving the time to a late afternoon - evening weekday such as Thursday. Follow the example of Whole Food's "Off the Grid" Tuesday evening events.	7/5/2016 10:32 AM
22	Again, skate parks, basketball courts, gyms, dog parks. Something geared toward teens.	7/4/2016 10:03 PM

25	I would love to see these activities in my neighborhood also other places in Cupertino	7/4/2016 12:14 PM
26	I don't go to many recreational facilities here, so I don't have a preference.	7/1/2016 2:42 PM
27	Don't keep building crap. It's freaking elitist of you to build so much and only have people from Cupertino to be able to use it. Visitors from other counties can't do shit here. The Cupertino library is supposed to be free for everyone. The whole point of the library is supposed to be free for everyone, but freaking non-residents need to pay \$80 to rent a freaking book? This is why places like the library are dying. I used to love to go to the library to browse at books, but knowing that students are denied access based on where they live is bullshit	7/1/2016 12:26 PM
28	I would like to see more picnic areas that can be reserved by Cupertino residents. The areas would have a grill and water with plenty of shade over the table. Portal Park only has one area for a larger group. We need areas so that families can have get-togethers	7/1/2016 9:24 AM
29	Only if there are too many people using the facilities.	6/30/2016 10:50 PM
30	More sport courts including bocce.	6/28/2016 12:50 PM
31	I strongly feel city should consider adding a basketball court in the Wilson Park. If any kids want to play basketball in park the only option is go to Memorial Park. Also there is plenty open of open area available in Wilson Park where a basketball court can be easily added. It will make a Wilson park a great destination.	6/25/2016 10:23 PM
32	No	6/23/2016 9:31 AM

47	A half-court basket ball court at Wilson Park. This is important because (1) the contracted agreements with Eaton and Hyde (where the East Cupertino basketball courts are) do not allow using those courts during school hours, (2) Creakside has only 2 courts which are always used at full capacity. After school hours, children must be shuttled by parents to Eaton or Hyde.	6/17/2016 4:13 PM

72	Yes, as I mentioned in an earlier question, we need more parks on the east side of Cupertino. My neighborhood, Rancho Rinconada does not have a single park with green space (there's Barnhart Park but it's the super small).	6/9/2016 5:58 PM
73	Sport courts,	6/8/2016 8:52 PM
74	Aquatic center	6/8/2016 9:45 AM
75	pool and pickle ball court	6/7/2016 11:27 AM
76	I wish to preserve the parks near my home with future generations in mind. A recent mountain lion sighting just two blocks from my house confirmed the fact that all the building in the hills and the continued drought has diminished their range and are forcing these beautiful creatures closer to human living spaces. It is critical that open space and the restoration of McClellan Ranch be friendly to the presence of these big cats and other wildlife. We need to keep these wildlife safe from humans. I have a neighbor who continues to have California cotton tail bunnies and possums and raccoons trapped and destroyed because they are eating her flowers. Very sad. These creatures were here first and we need to find a better way to share this living space in Cupertino. The proposed development at Wolf Road and Stevens Creek, with it's roof top green space makes no mention of how any wildlife presence would be handled. I would imagine that more than birds would eventually inhabit this space.	6/7/2016 7:45 AM
77	I would like a 1/2 court basketball court added into Wilson Park, please. Basket should face South (shooters face North to keep the sun out of their eyes). Thanks.	6/4/2016 2:26 PM
78	yes	6/3/2016 5:39 PM
79	Anything and everything that appeals to and occupies children learning and recreation.	6/3/2016 5:32 PM
80	No, thank you.	6/3/2016 5:12 PM
81	I am living close to Lawrence Express Way, it would be nice to have more park in this area. Everything I go to is on the other side of Cupertino.	6/3/2016 2:41 PM
82	Yes. Bicycle trails	6/3/2016 2:34 PM
83	No I would not like to see any of this.	6/3/2016 1:53 PM
84	No more buildings or sport courts. More trees please. I have suggested through my cupertino.org account, for example, about portal park trees. But city clerk sais the city council is going to plan something out so they can not plant trees now.	6/2/2016 3:31 PM

85	Trails around the perimeter of Portal Park so there is more walking area. I have never seen the building there adjacent to the bathrooms used for anything. I belong to quilting non-profit groups who would love to use the area to sew if there were tables & electricity. I joined the Saratoga Sr Center so I can sew there as Cupertino does not have any program. The volleyball? sand pit behind the bathrooms is never used.	6/2/2016 11:11 AM
86	Every park needs to have a basketball court. Our youth need a place to gather within their neighborhood. Some neighbors have a communal hoop that is used by anyone who wishes but if that hoop is used in the early morning or late evening, the noise can become annoying if it is outside your windows. Some of our neighbors are older and like to enjoy the outdoors near their homes. A walking trail within their local park that can be used for exercise without having to walk in the street would provide a safe place for that exercise. Also a place with park benches so people can meet and enjoy conversation. Picnic tables are fine but a family may want to use the table for a picnic or barbecue.	6/1/2016 5:29 PM
87	Large or additional fitness center.	6/1/2016 12:01 PM
88	I would like to recommend separate bicycle paths at parks where people walk. Kids riding bicycles and people walking on the sidewalks are an accident waiting to happen.	5/30/2016 9:57 PM
89	No changes.	5/28/2016 2:50 PM
90	Outdoor basketball court and additional tennis courts.	5/28/2016 11:51 AM
91	Adaptive playground and a dog park. Wish you had sports programming for special needs kids (Autism, etc.) More off road trails, where possible so we can travel around town off city streets.	5/27/2016 3:54 PM
92	demonstration gardens, natural areas	5/27/2016 12:27 PM
93	I want more ground level parks in Cupertino. I support the purchase of Mitty Park. I want more performing arts and music centers in the parks around Cupertino. I am strongly against rooftop parks. I want all large projects to provide parkland instead of parkland mitigation fees. Large projects that can not provide ground level parkland space should NOT be allowed in Cupertino. It should be mandatory for all development projects in Cupertino to preserve existing fully grown trees (even if they need to be transplanted within their property.)	5/26/2016 3:37 PM
94	None. I think that there maybe a need for an additional park. I think people use the school fields in addition to the parks so no additional fields would be needed	5/25/2016 8:35 PM
95	Adding parks in the inhabited areas I think would be difficult, instead making the county parks and other areas close to the inhabited zones of Cupertino more accessible - including programs in these areas would be beneficial.	5/25/2016 6:15 PM
96	Parklettes	5/25/2016 8:04 AM
97	Indoor pool for classes and recreation, pocket community gardens, evening activities for seniors, special interest groups.	5/25/2016 12:02 AM
98	I'd like to see the City work with DeAnza to improve bicycle access into/out of their site - it is not a very bike friendly campus - there are not many "safe" places to enter the campus. I realize you can't do anything on their property, but anything you can do to improve egress would be great. For instance, exiting the campus on bike from the northeast corner (near Stevens Creek and Stelling) is really bad. There is only one exit, and it is right by the bus stop, so as soon as you exit campus you have to bike on the sidewalk (if you are going north on Stelling) until you get to Stevens Creek. This typically dumps you into a bunch of pedestrians waiting for buses. Not good. And biking south on Stelling near this bus stop is dangerous too when busses are present. Personally, I don't think we need to add a lot of facilities, I think we just need to improve and maintain what we have. Also, the bike "trigger" (embedded in the street) for the left turn lane from McClellan onto Bubb (going south on Bubb) doesn't seem to work - at least it doesn't for my bike.	5/24/2016 7:19 PM
99	A community center on the East side of town would be good. If we are to get places in bicycle instead of car, Quinlin is rather a stretch from parts of Cupertino. And Monte Vista Rec is way to the West.	5/24/2016 7:14 PM

100	I would like to see the city working with the school district to remove the ban in skating on school property. I skated at Lincoln for over 12 years and all of a sudden the security guard choose to order me off the grounds. Why did they have a rule that was never enforced and then decided to enforce it. That would complement the city's recreation plan. I now go to Sunnyvale where there is no ban. I have been teaching inline skating for Cupertino Parks and Recreation for almost 20 years. My students need a safe place to skate in Cupertino not Sunnyvale. Thanks.	5/24/2016 2:24 PM
101	Cupertino Sports Center in East side, including pool for lap swimming Get Cupertino High School to open facilities like swimming pool and tennis court to community	5/24/2016 2:15 PM
102	No.	5/24/2016 2:04 PM
103	Not necessary, maintain existing facilities with more cost saving.	5/24/2016 12:53 PM
104	I know there is some land cupertino owns at Peninsular and Barranca: can we put in some exercise equipment like those in Cupertino middle school so we can do stretching or maybe pushups or maybe create a community garden there.	5/24/2016 3:57 AM
105	Bike path extended through Fremont Ave, Mary Ave. to Stevens Creek.	5/23/2016 10:53 PM
106	Community garden. Convert one of the playing fields in Creekside Park to a community garden.	5/23/2016 3:04 PM
107	We live near Monta Vista park. It would be great to have a basketball court in addition to the tennis courts already there.	5/23/2016 2:55 PM
108	Playing fields should be located in parks that are already developed, not not in any present natural areas, especially none in the Cupertino Corridor area and golf course.	5/23/2016 2:28 PM
109	No. My location is next to De Anza college. I have lots of choices.	5/23/2016 1:18 PM
110	An improvement to Jollyman Park would be a par course (outdoor sturdy exercise equipment for adults/teens.) Note: Maintenance at the park would be improved if there were added trash cans near the picnic areas. After weekends, the three trash cans near the main picnic area are overflowing, whereas the trash cans farther away still have space. We walk every day through the park, and this is a problem on weekends with lovely weather. People mainly seem to care for the park properly, but busy picnickers sometimes, apparently, do not realize that there are other cans in the park. It is a lovely park in so many ways.	5/23/2016 11:46 AM
111	See answer above.	5/23/2016 9:42 AM
112	Any-parks or playgrounds within walking distance of our home would be wonderful for our 3 young children. Currently there aren't any near us.	5/23/2016 2:49 AM

121	I favor those ideas that bring more nature experience to BBF. Additional recreational enhancements at BBF should be modest and geared toward increased nature study, observation, education, and natural exercise (walking, hiking, swimming, biking, children's play, gardening.) There should be no additional roadways or parking lots that will disturb the nature preserve or bring large numbers of additional cars into the preserve. Spend the money on enhancing and adequately maintaining what is naturally there or already existing and encourage more school age learning programs, adult education workshops, community center activities or volunteer opportunities. Think in terms of "learn by doing".	5/21/2016 4:09 AM
122	Perhaps, but fix the existing tennis courts at Memorial first.	5/20/2016 8:55 PM

132	Indoor volleyball, basketball courts. Parks like Jollyman are overrun with soccer and baseball practices and are often overcrowded, with balls flying every which way. Teens have few pleasant places to hang out that are age appropriate; for example, school yards for pick up basketball games are okay, but Jollyman is more pleasant though courts are always busy.	5/19/2016 11:41 AM
133	I don't think there is space for a disc golf course, but I would enjoy having a few disc golf targets to practice putting.	5/19/2016 8:42 AM

136	Soccer fields. The cricket pitch next to the library ruined it for soccer.	5/18/2016 9:00 AM
137	I think we could try and fully utilize the facilities that are available, while keeping in mind the changing demographic of Cupertino. I would think that cricket fields and perhaps soccer fields for the young workers in our community would be a bonus.	5/17/2016 7:21 PM
138	More trails and pedestrian areas like creek trails and natural settings	5/16/2016 9:07 PM

140	No	5/16/2016 4:19 PM
141	Enforce rules on dogs running free. The back-part of Jollyman park, for instance, is not used by kids because there are so many dogs there. I have never seen a single dog in the dog park that was built by the city at considerable cost. A part of the Jollyman park field can be used to build a basketball court. Grass is left high for too long. It affects soccer playing on the field On weekends, especially in summer, there needs to be a curb on Club playing. The games go on till 7 - 7:30 pm reducing play time for residents.	5/16/2016 9:50 AM

147	Dance/music/art/gymnastics type facilities are costly and benefit a small minority. Additional picnic areas and trails can already be found sitting mostly unused and would more likely attract undesirable elements. Playgrounds and fields seem to be most heavily used. Area water parks are VERY popular, as are community swimming pools.	5/13/2016 3:54 PM

174	Yes see my suggestion before a new park can be created using the open but unused public space at Lawrence and Mitty Way. Part of this can be a new dog park as well. It is connected to the Saratoga Creek trail and is central to many people.	5/9/2016 6:10 PM

177	Yes, the Cupertino senior center is very noisy, and parking is limited. The Sunnyvale senior center is much better. May be there should be a reciprocate program between Sunnyvale and Cupertino so that we can have advantage of both cities.	5/8/2016 9:12 AM

183	golf course	5/6/2016 4:11 PM
184	I live in Rancho Rinconada and there is one tiny park here, for kids about 6 and under. It would be great if there were something close that would be good for the next age group, including maybe larger swings, tetherballs, water features for the better climatic times (there's a park on Stern I think that I've taken my 7 year old grandchild to and she LOVES the "showers" they have, and the library's water spouts), larger climbing structures, flat space for jumping rope or playing hopscotch, painted hopscotch squares for that matter, ball-walls (I can't remember what the game is, but kids hit the ball against the wall back and forth to eachother); a few community garden spaces would be so valued, I think, to people who live in apartments. I wish we had a co-ed softball area also for people who are not retired and want to play after work.	5/6/2016 2:34 PM
185	Aquatics center with multiple pools. A lap swim pool with slightly cooler water (80-82 degrees), a rehab/lesson pool heated to roughly 90 degrees with handicap entry, and a family friendly section with water park style amenities such as an aquatic playground.	5/6/2016 2:29 PM

189	Yes: a designated field to fly remote controlled gliders (no engine) with my children and their friends. We sometimes meet at Kennedy Middle School but we don't know if this activity is 100% approved by the city. We would like to start a club for adults and youths so they can learn about areaodynamics and build their own gliders (part of STEM program). Most of the weekends, I drive Cupertino children to Baylands Park in Sunnyvale to fly our gliders. We would like to do it in Cupertino itself.	5/6/2016 6:53 AM

194	More open space. Separate seating for watching sports teams play (instead of spectators using walkways and blocking access). Economical use of space, instead of acres devoted to baseball!!)	5/5/2016 3:51 PM
195	More parks for kids with shades. Kids cannot stay directly under the sun for too long. Those artificial tent/shades will be very helpful! Please add gymnasium for small toddlers to use and play indoor. They need this space when weather gets too hot or when it is raining outside. Please add some more water play area for kids in the summer. Thank you	5/4/2016 10:28 PM

230	More bicycle trail away from car traffic.	5/3/2016 3:59 PM
231	Yes. As noted earlier, the park facilities nearby me (even including Jollyman, Memorial, etc. lack vibrancy. Add new things. Add natural features other than grass and trees. Add useable functions like a Par Course, gym machinery, meeting or community rooms, nature center, anything but simply green fields, a playground and bathroom. They lack inspiration and creativity. They lack usability by adults other than just walking or jogging. Consider some more modern features like having Wi-Fi available in the parks. Add some art. Add aspects of things that can be used by the community for events.	5/3/2016 3:59 PM
232	A nature open space for walk.	5/3/2016 3:51 PM
233	More parks particularly in rancho rinchonada, which seems to have only one park.	5/3/2016 3:42 PM

237	rooftop park shouldn't count as park. should have more real open-space parks on the east side of Cupertino	5/2/2016 2:45 PM
238	We are really under served in the east side of Cupertino--sorta like the red headed step child. Rancho does not have one single park to the best of my knowledge and CUSD is angling to do my neighborhood out of the tot lot Portal Park. Or at the very least encroach on it. I understand that Lawrence Mitty park is a possibility--it is needed and I would like to know more about it.	5/2/2016 8:49 AM
239	As mentioned earlier in my survey, I would like to see par courses similar to those available in public parks in Incline Village, NV added to more of our local parks, especially at Library Field. To make getting around the city easier and safer for pedestrians and cyclists, I would like to see pathways adjacent to creek canals opened to foot and bicycle traffic, similar to the neighborhood approaches to Creekside Park, but throughout the City where canal paths can intersect with streets or open spaces.	5/2/2016 8:40 AM

260	We would love to preserve and increase the green spaces that are around, including islands on roads such as on DeAnza Blvd by the Apple campus. It makes such a difference to have tree-lined streets and to have some greenery around the roads. Even some potted plants on the sidewalks like they have on Santana Row vastly improve the attractiveness of a street. We encourage Cupertino to make mini parks wherever possible and to strive to make Cupertino a proper town, not just an office park or a suburb, through the preservation of trees and the addition of small park islands that bring the community together and give the City cohesion and the feel of a small town.	3/30/2016 11:17 AM

1	Gymnasium, Aquatics Center all year, Performance Space. Community gardens other places besides McClellan Ranch. Lot more trails and paths. Restore all the creek corridors in Cupertino and enhance wildlife value and add paths. Renovate Blackberry farm Golf Course like the creek corridor master plan. Provide a trail connection to Linda Vista Park and Santa Clara County Stevens Creek County Park. External Stevens Creek trail to Varian Park. Improve and emphasize habitat values in parks. Have a water lecture that is "creek-style" for kids.	7/25/2016 3:05 PM

6	Swimming Ctr. especially for lap swimming and water. Year-round aquatic center	7/19/2016 12:49 PM

10	Roller hockey rink, bocce ball / horseshoes pits	7/11/2016 2:06 PM
11	Would like to see a full size, year-round City swim center (similar to YMCA). Having a city gym facility would be nice in the same complex if works out financially. Can this be between the current Sport Center and Memorial Park? Would like to see some alternates to the Memorial Park ponds and make the space really more usable. Small city theater would be nice - doesn't need to be as big as a high school auditorium even, but would be nice to have one available for talks, music, film. City should grab any opportunities for additional open space (near Stevens Creek Park?). Would be nice to look at long-term plan for city to try to buy houses to ultimately recreate some park space on the east side.	7/11/2016 2:02 PM

16	Recreation center that could support night time activities and game nights for teens - (eg - late night basketball leagues, teen nights etc.) Performing Arts Center - Similar to Mountain View's - I do attend Celebrity Forum and other events at Flint but it would be great to have a center where plays and other events could be held. Please complete Steven's Creek Trail. I have a dog and also cycle so this area would add a huge + to quality of life for me and my friends who also live in Cupertino. Improved bike lanes on city streets please.	7/5/2016 10:37 AM

22	Stop building useless crap and fix what needs to be fixed first. 1) Keep library free to use for everyone 2) Keep the fireworks going!	7/1/2016 12:27 PM
23	Yes, parks, recreation buildings and gyms.	6/30/2016 10:53 PM
24	New facilities are always great, but please don't forget to update/clean the existing ones first. Eg Portal Park needs new, clean sand and a fence toward the street, and Memorial Park (and some others) need newer and cleaner toilets. Toilets can really make or break the experience of a day in the park.	6/29/2016 11:47 PM

62	I would like to see larger dog park areas set up even if they are not year round, e.g., when soccer fields are blocked off during the winter months. If there is a Dog Park added it needs to be larger than more open for dogs to run. The Mary Avenue Dog Park along 85 and Stevens Creek Blvd., is much to small for any dogs that need to run. We were there twice, once after it opened and once last year, it was not being used either time and the 2nd time we went it was not well maintained. It was definitely a good idea but not worthwhile use of City funds. A better size dog park would be something similar to the City of San Jose Saratoga Creek park by Graves Avenue long Lawrence Expressway between Doyle Road and Prospect Road behind Orchard Supply Hardware. It is very spacious and long for dogs to run with tables, chairs and water fountains.	6/7/2016 10:30 PM

69	As stated earlier in the suggestions. More trees to replace the dead ones. Also, need to take care of the existing ones. I heard the city does not even have a arborist, only tree trimming contractors. We need one arborist.	6/2/2016 3:34 PM

76	I want more ground level parks in Cupertino. I support the purchase of Mitty Park. I want more performing arts and music centers in the parks around Cupertino. I am strongly against rooftop parks. I want all large projects to provide parkland instead of parkland mitigation fees. Large projects that can not provide ground level parkland space should NOT be allowed in Cupertino. It should be mandatory for all development projects in Cupertino to preserve existing fully grown trees (even if they need to be transplanted within their property.)	5/26/2016 3:38 PM

85	A park in my neighborhood. Also, I don't think my neighborhood was actually included on your map in the previous question. I am north of 280 and west of 85. Hard to tell if your map included my little area.	5/24/2016 1:05 PM

87	I would just say don't give up any of the existing open space -- for example, in Stevens Creek Corridor. If continued operation of the golf course gets too expensive, convert it back to quasi-natural open space.	5/23/2016 3:09 PM

88	An All-Inclusive Playground where everyone can play, regardless of ability or age. Ideally, the "ponds" water feature in Memorial Park would be filled in and repurposed. I imagine expanding the current playground to include all-inclusive equipment. The expanded playground will be on part of the filled in ponds. Other sections of the filled in ponds will perhaps have undulating hills with native grasses and other native flora to give the park a more natural look. This 28 acre park has a lot of grass to water and this "wetter climate" park model cannot work in drought stricken California.	5/23/2016 3:00 PM

91	An additional swimming pool, year round would be best. Swim classes for youth and older would be good. I am thinking of swim classes/ lifesaving classes for younger people and water aerobics for older people as just two thoughts. Another walking/nature trail somewhere besides Blackberry Farm would be nice for those who do not live near there.	5/23/2016 11:50 AM
92	- I think we should take a long hard look at parks that have become wildly popular, especially with young people. I'm thinking specifically of Golden Gate Park and the High Line in New York City, but there are probably many many others. - Due to space limitations, I think we need to look at integrating inter-generational and co- located uses, such as chessboards next to skate parks and playgrounds. - I'm not a skateboarder myself, but I cringe when I see all these anti-skateboard clips and no skateboarding signs that prevent young people from getting out and developing their physical skills and health. We may be killing people in the long run by trying to protect them in the short-term. Facilities that involves risk, or at least the perception of risk, help to build courage and character.	5/23/2016 9:48 AM
93	Yes, any parks or playgrounds accessible by walking or biking near Homestead and Maxine ave.	5/23/2016 2:51 AM

171	Pickleball courts	5/4/2016 8:51 AM
172	Would like to see more foot/bike accessible parks. There are parks nearby, but no bike paths. Drivers in the area seriously lack driving ability/etiquette around bikers and I cannot send my kids out on bike. Same can be said of other bikers in the area. Major biking program needs to be rolled out in this town for all to understand how to share the road.	5/4/2016 8:19 AM

194	Some mini parks in areas of dense apartments.	5/3/2016 4:05 PM
195	This is a redundant question. Yes, again, add things to the parks that are updated, useable and creative. Right now, the parks lack vibrancy and usability by adults other than for jogging and greenspace sports. How about adding a Par Course, Gym Machines, some art, nature center, places for doing art or creative work? A small community room at each park would add to its usefulness. Perhaps add some character including things that change or are modern. Add access to Wi-Fi, etc. The parks are basic right now and lack enthusiasm, creativity and vibrancy. They need to be reconsidered for the modern times.	5/3/2016 4:02 PM

200	I would like to have Lawrence Mitty added to the park system in Cupertino.	5/2/2016 8:50 AM
201	As mentioned earlier in my survey, I would like to see more par courses added to parks. I would like to see more foot paths and dedicated bike paths, especially in the form of easements along canal access routes, to separate hikers and cyclists from dangerous motor vehicle traffic as much as possible. I have family members who would appreciate more places to play adult and teen volleyball indoors. Currently, they must leave Cupertino to play volleyball indoors.	5/2/2016 8:46 AM
202	Lawrence Mitty park should be built.	4/30/2016 7:00 PM
203	sports courts computer labs	4/30/2016 12:57 PM

206	Already answered: more parks and green space spread through city. Does not have to be big areas.	4/30/2016 12:06 PM
207	Roller Hockey Rink	4/28/2016 4:41 PM
208	Dog off leash facilities	4/28/2016 12:15 PM

210	Put path to allow full walking circle at Wilson park, right field. Open baseball fields that are fence for other activities.	4/27/2016 5:55 AM
211	Only what I previously stated, such as free available space for city-sponsored and approved programs. It is very disappointing to have to put in so much time and effort to find very limited space for programs, such as the Poet Laureate, in an area with the amount of wealth that exists in Cupertino.	4/26/2016 6:05 PM
212	Open space, nature.	4/25/2016 5:56 PM

215	I think upgrades are the way to go. Truly appealing areas and events to bring people together.	4/18/2016 5:18 PM
216	Provide enough parks, however small, so every resident can get to one without crossing a busy street. Provide community gardens on the east side, and especially near multi-family housing where folks don't have yards.	4/13/2016 5:18 PM

217	I am not sure what is needed or what the need is. Probably need fields for soccer and baseball and softball.	4/5/2016 11:51 AM
218	We would love an indoor, year-round swimming pool. The Vallco location seems ideal for this since there already is an ice rink and a bowling alley, making this a nexus for community/family recreational activities. Hopefully, it can be maintained with a CD Ozone unit, making it organic and eliminating the need to use harsh chemicals like chlorine or salt.	3/30/2016 11:25 AM
219	Performing arts center.	3/26/2016 8:59 PM

Q24 Are there additional recreation programs you would like to see added in Cupertino?(includes activities, classes, sports, day camps, etc.)

1	Activities that are multi-generational. Share Senior Center space for all ages. Archery classes. Outdoor skills classes. More environmental edu. esp. at McClellan (already great - add more) and Stevens Creek corridor. Travel for families. Gardening classes and organic/sustainable gardening. Year round swimming. Splash pad area. Even more arts, crafts, dance, performance. Dog-friendly activities,	7/25/2016 3:08 PM

5	Great senior Center and programs. Good selection of recreational classes for all ages.	7/19/2016 1:02 PM
6	More fitness levels for Seniors (separate levels, Beg., Inter., Advanced) (All are lumped together presently)	7/19/2016 11:50 AM
7	Roller hockey league and roller hockey camp	7/14/2016 8:06 AM
8	Swimming year round	7/13/2016 7:14 PM
9	League-type activities, maybe STEM focused - Drone Club, Rocket Club, perhaps computer or robotic areas. City activities would be particularly good as they would bring kids together from across the high schools/middle schools, etc. Love to see a City speaker series focused on environment, entrepreneurship, social issues, ethnic issues. If you could find compelling topics it could really draw the residents together more. Would like to see more casual entertainment activities - music series in some area, etc. These are often driven more by businesses, but maybe this requires a kickstart from the city.	7/11/2016 2:08 PM

43	More rec programs at School sites. Some schools dont have much simply because staff/principal aren't interested to take time to work with parents and Rec Services. There has to be a lot of lead time (at least 6 weeks) to set up new afterschool programs. Parents are really well scheduled around here and usually already have their kids signed up to stuff well in advance. Also there must be school site communication - we already get emails almost daily from Peachjar. A paper flyer that goes home with kids and posted up around school would be good.	6/15/2016 11:34 AM

66	Would like to see more small class programs at the Sports Center and Senior Center geared to older residents with trainers who are certified/knowledgable about Functional Fitness for older people. The current programs are mostly large classes - would like to see smaller classes (yes, expect to pay more), where the trainer can really make sure each person in the class is using proper form and working at the appropriate level for their fitness. The personal trainers at the Sports Center are lovely people, but none of them really specializes in, or is certificated in working with older residents. 71	I find that my children, ages 11 and almost 14, are in a tough age to find activities. My 14 year old does not do school sports, but he has aged out of most of what sports classes are offered. It would be great to have more 13-15 or 16 year old classes available. I know the Sports Center installed a basketball/volleyball court. They did not have classes for older kids. Sometimes, when they do have classes up to age 15, it is included with children as young as 8. Teenagers don't want to be in classes with such young students. How about other music, art, non-academic classes for this young teenager range? Especially since Cupertino is very focused on academics, it is important for the teenagers to have nonacademic opportunities.	5/23/2016 3:04 PM

74	The Cupertino Historical Society is being moved out of the Quinlan Community Center. I am a new member of the Society, and recently read that it is being moved. I dearly hope that the City will find a central, larger location for this organization. Especially, as our city grows and changes, the historical underpinnings of our city will be important for newer and younger citizens to understand the richness of our city. I understand that some of the activities in this organization include informational walks around our fair city.	5/23/2016 12:11 PM
75	- How to conduct a prescribed burn. - How to make something using a blacksmith forge. - How to camp overnight. - How to let your children go to the park without being a helicopter parent - or without your even being there. Seriously, this is a real problem in Cupertino because overprotective parental behavior prevents the healthy development of social skills and character in young people. - Wild, supervised play. There is plenty in the literature about this.	5/23/2016 9:53 AM

90	I favor classes and activities for youth that compliment subjects taught in school. People may have talents that are not included in normal school curriculum. In order to make wise choices on career direction at age 18, its crucial that each person understands his or her special talents. An example is someone who is naturally talented with fixing things. Permitting the local 4H club to have dedicated space and facilities at McClellan Ranch is an excellent example, too. I go by it on my daily walks, and it is gratifying to see young people deeply involved in animal husbandry.	5/18/2016 7:30 PM

152	Whatever encourages our citizens to all come out to use and share our communal spaces.	5/3/2016 4:07 PM
153	No.	5/3/2016 4:05 PM
154	Sure, more things kids and teens can utilize. They should not be hundreds of dollars. Make them affordable for all families. Also, they should not all be at the Community Center. Use the parks, use the other locations in Cupertino. More classes, day camps, creative offerings would be great.	5/3/2016 4:03 PM
155	More after schools programs.	5/3/2016 2:51 PM
156	Strengthen the cooperation between school districts and City. E.g., share high school tennis courts, gyms, pools with the community. Increased usage of the facilities results in higher maintenance costs (which the city would supplement), but it is probably more efficient to increase the utilization rate of existing facilities than to build new facilities.	5/2/2016 9:19 PM
157	How about a class on etiquette?	5/2/2016 8:51 AM
158	I'd be interested in more computer programming literacy programs/courses (Python, Scratch) for all ages (kids, teens, adults).	5/2/2016 8:49 AM
159	Maybe some track and field offerings for younger kids. Our city is not laid out in a manner as to make it particularly conducive to accessible and clean outdoor spaces in most areas of the city to run. However, there's a track within a reasonably convenient distance of most places. These types of facilities would be good to promote a little bit more for building up cardiovascular health.	4/30/2016 7:03 PM

169	Classes: art, languages, programming, high school navigation (testing, etc.). Family & neighborhood events. Upgraded ranch facilities & a meeting room at McClellan.	4/18/2016 5:20 PM
170	More nature activities, assuming there's sufficient interest.	4/13/2016 5:18 PM
171	writing classes survival skills camps year round aquatics	4/9/2016 12:07 AM
172	The day camps we've tried (Cupertino Rec, Action Flix Animation) haven't been good, so I wouldn't want to add more unless they were better quality. I would love an adult beginner Mandarin class during the day. They are only offered at the Senior Center.	4/6/2016 8:26 AM
173	Like your shakespeare and movies in the park	4/5/2016 11:51 AM
174	Some organized park clean ups, park maintenance or tree plantings, and graffiti removal that can bring the community together and help people feel tied to the community and to nature would be great.	3/30/2016 11:29 AM

1	More varied play structures. Give some of the parks a "theme". Renovate the golf course. Renovate Memorial Park. Consider that the population is aging - integrate senior friendly activities into multi-age programs. Add outdoor exercise equipment. Open up creeks to public access. Encourage festivals of all sizes and types. Consider sponsoring neighborhood-oriented events, maybe at the local park. Add special gardens - zen gardens, butterfly gardens, etc. Add mini parks. Add dog parks.	7/25/2016 3:12 PM
2	I'm happy as is.	7/25/2016 2:32 PM
3	not needed	7/25/2016 2:27 PM
4	no	7/19/2016 1:25 PM
5	Keep the park watered and green - Replace trees and plants when they have died and put more benches in for seniors for sitting. We do not needs more parks but keep the ones we have in good condition.	7/19/2016 11:59 AM
6	A fitness class in a gym so we could use the machines for training.	7/19/2016 11:51 AM
7	I am satisfy with my experiences that have been provided by the Sr. Center, Memorial Parks, Quinland Center, and the brochures, flyers, and announcements by the Cup. Services!	7/18/2016 3:43 PM
8	Bathrooms at all parks	7/17/2016 3:43 PM
9	Cleaner and more accessible restrooms	7/17/2016 2:05 PM
10	Roller hockey rink	7/14/2016 8:07 AM
11	The parks here are all really well maintained and safe. It would be nice if each one had a more individual character - this would draw people to visit in other neighborhoods more and think more about the city as a whole instead of individually isolated neighborhoods.	7/11/2016 2:11 PM

45	The continuing of nature balanced with the city - because nature is beautiful, and that is a serious answer.	6/15/2016 1:46 PM
46	More natural areas that support wildlife	6/15/2016 1:00 PM
47	Keep using surveys like this - send out an email through Peachjar.	6/15/2016 11:35 AM
48	Better parking.	6/14/2016 8:22 PM
49	Kepp facilities clean and encourage visitors to clean up after themselves.	6/13/2016 10:00 PM
50	Get rid of the duck shit in the park.	6/13/2016 6:05 PM
51	Have the rec buildings available for free for block leader activities.	6/13/2016 2:07 PM
52	Less restrictions on BBF use, connecting the Stevens Creek Corridor Trail	6/12/2016 6:18 PM
53	More dog friendly, easier bike access, more flexible picnic options	6/12/2016 5:05 PM
54	1/2 basketball court at Wilson Park!!	6/11/2016 9:36 PM
55	Basketball court at Wilson Park!!!! Why do you not have one there anyway????!!	6/11/2016 9:17 PM
56	More shade provided for baseball games at Wilson Park and other Cupertino parks.	6/10/2016 6:20 PM
57	Roller rink	6/10/2016 12:45 PM
58	More parks that are closer to my house.	6/9/2016 5:59 PM
59	more open space	6/8/2016 9:47 AM
60	Trash in the parks needs to be removed in a more timely manner. To visit McClellan Ranch and see trash is terrible. The section of McClellan road from Club House Drive along the McClellan curve is littered with so much trash it diminishes the park experience. Trash is trapped between two chainlink fences that boarder this section of road and needs to be cleaned up. It is a major walking route for students and daily walkers that more attention needs to be paid to this section of road.	6/7/2016 7:51 AM
61	The water fountains should work, not clogged with mud, or removed when broken. Wilson Park had 2 water fountains. One was broke, so it was removed. The other is clogged and became a bird-bath.	6/4/2016 2:30 PM
62	Additional parking	6/3/2016 5:33 PM
63	More transparency and advertisements so we know what, when and where.	6/3/2016 5:17 PM
64	less manmade anything and more quiet peaceful uncrowded areas -	6/3/2016 1:54 PM
65	As said, more trees and their maintenance.	6/2/2016 3:34 PM
66	More walking/biking trails away from traffic & safer bike lanes on Cupertino streets. I see cars driving down the bike lanes in the morning & evening on North Blaney.	6/2/2016 11:20 AM
67	Nothing really, I just need to use the facilities that already exist more.	6/1/2016 12:04 PM
68	Easier parking at Memorial Park	5/31/2016 9:25 AM
69	Separating bicycle riders on sidewalks that are used for walking around the perimeter of the park. Some of cyclists barely get out of the way of walkers. Getting rid of the geese and their droppings. Keeping bathroom facilities open and clean. Keep Blackberry Farm open and keep the golf course. Return to celebrating Fourth of July.	5/30/2016 10:05 PM

70	No issues, I am very happy with my experience using the parks and facilities.	5/28/2016 2:51 PM
71	Improved tennis court surface maintenance. Sweeping, cleaning, crack repair. Reduction or elimination of bathroom odors at San Antonio open space preserves' Deer Hollow farm.	5/28/2016 12:04 PM
72	Repair the tennis courts at Memorial Park.	5/27/2016 4:15 PM
73	Make it easier to register for use of facilities. I try to use Creekside Park for my son's birthday, but it is a hassle to come into the office and the event insurance requirement is unnecessary for events without alcohol. (I know Cupertino disputes this point.) You got rid of it then someone else in management changed the practice back to the event insurance requirement without alcohol. Online registration and payment for use of facilities would be great.	5/27/2016 3:57 PM
74	Restore McClellan Ranch West. It's mostly an eyesore, neglected property. More restoration of riparian areas in city. Better maintenance of creek restoration native plantings. Plants are being overwhelmed by non-native invasives. Protect city investment in the restored areas. Sports Center become a Silver&Fit fitness facility participant (free membership to Kaiser Permanente Advantage Plus registrants). This would bring me back to the Sports Center despite the things I don't like about it. More native plants and gardens that are attractive to birds, butterflies and other wildlife.	5/27/2016 12:40 PM
75	Currently I am forced to use High school grounds for walking and exercise. There should be ample park space in the eastern side of Cupertino for us to use. Unless the park space is lively with facilities, people will not use it as much. On the east side, we only have the creekside park which is mainly used on weekends by kids for sports. There is no performing arts or music facility available in the east side.	5/26/2016 3:43 PM
76	more open space for biking, walking.	5/25/2016 9:36 PM
77	Nothing	5/25/2016 8:50 PM
78	One thing - better lighting! Dusk and dawn in winter ! Btw - better / specific lighting for pedestrian crosswalks !!! Please look at a photo of a cross walk at night in Europe - and compare to here ...	5/25/2016 6:25 PM
79	Better trash & litter pick up, enforcement of dog leash laws, & updated bathrooms.	5/25/2016 9:18 AM
80	Water back in the ponds in Memorial Park; Parking	5/25/2016 8:05 AM
81	Better access into parks via bicycle. Continue to keep existing facilities open into the evening. Continue to improve and maintain biking, hiking paths - keeping surfaces even and pothole free.	5/24/2016 7:33 PM
82	Dog parks facilities on the East side. There is a theme going in my comments. Let's get a little more balance in the distribution of parks, rec facilities and bicycle paths, protected trails to get from one part of town to another.	5/24/2016 7:17 PM
83	Co-op with the school districts for mutual use of facilities.	5/24/2016 2:24 PM
84	Make it easy to reserve space in our parks for special gatherings at no charge for city residents..	5/24/2016 2:08 PM
85	Do normal things and do not go ballistic!	5/24/2016 1:01 PM
86	More benches alongside paths, to encourage people to just sit/read/enjoy the surroundings.	5/23/2016 3:11 PM
87	Just keep allowing enrollment/reservations via the internet as it seems much today is done online verses going in to offices or mailing something.	5/23/2016 3:06 PM
88	certainty that natural areas such in Stevens Creek Corridor will be protected.	5/23/2016 2:31 PM
89	As a regular sports center user, I would like to see more equipments/ varieties on the exercise area. (Which might need more space)	5/23/2016 1:25 PM
90	Multiple ways to access parks by pedestrian and bike ways.	5/23/2016 1:21 PM

91	South of Stevens Creek Blvd and north of Orion, along Stelling Rd. does not have sidewalks provided on both sides, which is a surprise. Perhaps this is due to road winding in the future? That does not seem to apply to the area between Stevens Creek Blvd and Jollyman Park. This would provide safer access for people walking to and from the parks in the area. That should be looked at for all parks, I would think, since people often walk to neighborhood parks from their homes.	5/23/2016 12:11 PM
92	- Lots more trees – big trees. - A more prominent place in the city's website homepage for recreation activities. Combining Notification with smart phone and tablet apps.	5/23/2016 9:55 AM
93	Are there any basketball courts in our parks? I haven't seen any in the ones we visit. Also, increased/year round access to the pool at Blackberry farm would be great. Currently the very limited schedule seems a little silly for such a large city investment.	5/23/2016 2:55 AM
94	Safer access to parks on Mary and Foothill.	5/22/2016 3:28 PM
95	Improve maintenance of the golf course.	5/22/2016 12:12 PM
96	More lighting. Bathrooms at every park facility. More biking trails.	5/22/2016 11:00 AM
97	A close-by dog park, maybe senior activities closer to my Rancho neighborhood? We have an indoor facility at the pool/bbq. area in Rancho as well.	5/21/2016 9:38 PM
98	more walking and bike trails, volleyball courts, basketball courts, dog parks,,better water fountains	5/21/2016 4:20 PM
99	for how I use the parks, my experience is fine now.	5/21/2016 3:39 PM
100	I am happy with the current state of things.	5/21/2016 2:26 PM
101	Blackberry farm pool does not seem to be open enough hours. Blackberry farm golf patio no longer has a shaded sitting area. Trees were cut.	5/21/2016 1:45 PM
102	Parking	5/21/2016 1:40 PM
103	Adequate maintenance	5/21/2016 4:13 AM
104	Less expensive Sports Center usage for Seniors. It is not that crowded now and a lower fee would only increase usage by seniors. Rate has increased every year I have been a member and I am now looking for cheaper alternatives when my renewal comes up.	5/20/2016 3:55 PM
105	nothing.	5/20/2016 3:20 PM
106	more music in the park events	5/20/2016 1:39 PM
107	More walking trails	5/20/2016 12:55 PM
108	less crowds and competing activities- for example there are soccer teams at parks all weekend so you can not walk around the park with your family or dogs	5/20/2016 11:23 AM
109	Parks are excellent	5/19/2016 2:10 PM
110	Getting off my arse.	5/18/2016 7:31 PM
111	shady green spaces, ample parking.	5/18/2016 2:50 PM
112	More & better bike lanes and bike racks when I get there. Like the post office has no bike rack & many shopping centers do not. That does not encourage less driving when they are close & I only need a couple of things.	5/18/2016 9:02 AM
113	I enjoy the golf course and walking path near my house.	5/17/2016 7:24 PM

118	Keep the open spaces. No more buildings.	5/16/2016 9:51 AM
119	Late hour usage of the sports center (up to 11pm)	5/14/2016 10:43 PM
120	Creekside bathrooms need updating as they smell horrible.	5/14/2016 9:01 AM
121	More playground structures and jogging trails	5/13/2016 8:50 PM
122	Less crowd	5/13/2016 7:56 PM
123	Less commercial buildings. More open space	5/13/2016 3:14 PM
124	Keep the grassy areas and trees. Keep the casual, low-key atmosphere. Keep the fruit trees. Keep the quiet. And keep it simple!	5/12/2016 11:00 PM
125	That I could afford to rent and use a room for an event or gathering. Setting up a group for kids as Girl Scouts, craft, sports, or other events where you need to meet in a place that is not home or don't have an affiliation with a church it is simply too expensive to rent city facilities do a lot of creative group gatherings end up not getting off the ground as it is too expensive to rent a location within the city. Even Los altos was cheaper to rent and Sj had better options.	5/12/2016 9:29 PM
126	Less traffic! Traffic, traffic, traffic. Just saying traffic. IT is bad, will get worse and the lack of enforcement is depressing me.	5/12/2016 3:08 PM
127	A full cricket field	5/12/2016 2:38 PM
128	Enforce leash law!	5/12/2016 1:59 PM

171	Already mentioned	5/4/2016 8:19 AM
172	Getting rid of wood chips. Replacing with rubber or sand	5/4/2016 7:48 AM
173	regular maintenance of existing parks	5/4/2016 6:56 AM
174	Easier to find rest rooms	5/4/2016 5:15 AM
175	dog hours in the park. the dog park the city put in is unacceptable. bad location and too small	5/3/2016 8:29 PM
176	Keeping our open green spaces is important to quality of life. Adding a dog park would be valuable.	5/3/2016 8:05 PM
177	I feel that my current experience in the parks and facilities have been pretty positive overall.	5/3/2016 7:37 PM
178	senior citizen services for Indian parents	5/3/2016 7:01 PM
179	Add more parks, actual green space that people can play on! Not the fake proposed "green roof" for Vallco which does NOT provide any additional space for actual people to exercise and play.	5/3/2016 6:47 PM
180	More parks, easier access	5/3/2016 6:23 PM
181	More facilities and programs	5/3/2016 5:37 PM
182	I would like access to Blackberry farm trail from Scenic Circle be the same as other entries to the trail. It is a shame to have such a beautiful park in our neighborhood and have limited pedestrian/bike access. I would also like to see more walking trails in Cupertino. Would it be possible to have a trail along the railway track?	5/3/2016 5:34 PM
183	A way to walk between parks. I know that may be impossible	5/3/2016 5:33 PM
184	A single web portal showing all locations and activities of calendars. In today's connected world, it would make it easier to find and keep track of opportunities	5/3/2016 5:07 PM
185	I would really like a walking/running trail that goes 5+ miles without hitting a street.	5/3/2016 5:00 PM
186	Municipal park at Vallco.	5/3/2016 4:27 PM
187	More shaded picnic areas	5/3/2016 4:27 PM
188	Clean bathrooms in parks, walking trails, more open spaces	5/3/2016 4:25 PM
189	More green parks on the ground	5/3/2016 4:23 PM
190	Access; many of our parks are tucked into quiet corners of our neighborhoods, and all too often it appears as if visitors are not encouraged (few, if any, signs, et al). I concede the problems of inviting too many cars (more parking spaces means less space for the park itself), but perhaps explicit support for bike paths that connect our parks would help us all to reach and enjoy what we have. Maintenance; potentially a large expense, the alternatives are more expensive in the longer term. Parks are far less inviting when they are not well maintained; when there is an appearance that the City does not care, then there is much more room for individuals to compound the neglect.	5/3/2016 4:16 PM
191	More bicycle friendly access and trails.	5/3/2016 4:08 PM
192	Less use of non English in printed materials.	5/3/2016 4:07 PM

193	Right now, I don't see much of a modern experience other than at the Community Center (and I don't see that much there). We have some of the largest and most diverse companies in the nation in Cupertino. Why not do some public-private cooperative efforts where the companies sponsor programs at the Parks and Recreation departments. Offer a wider range of possibilities. Expand the Senior Center. Add job assistance programs. Add programs for teens/youth that are more accessible and widely spread. Bring the parks and recreations offerings into the 21st century adding technology and learning.	5/3/2016 4:06 PM
194	Bigger park.	5/3/2016 3:53 PM
195	Less congestion	5/3/2016 3:43 PM
196	Unknown	5/3/2016 2:51 PM
197	Clean restrooms, more picnic/bbq areas by reservation only, trees	5/3/2016 2:23 PM
198	More parks in my part of the city.	5/2/2016 8:52 AM
199	More par courses in parks, including Library Field. Safe, dedicated routes and paths for pedestrians and cyclists throughout the city, so people can travel by foot or bike without motor vehicle interference as much as possible.	5/2/2016 8:52 AM
200	I think a good aquatic center would be a real boon. With state of the art water management systems, we could potentially be a good example of an unsurpassed community swim center in terms of quality of amenities and conservation principles. De Anza College used to make their facilities available to the general community, but that hasn't been the case for a long time. The area between the senior center and the sports center would be a good place to place such a facility.	4/30/2016 7:07 PM
201	if more people participated	4/30/2016 12:58 PM
202	Sometimes there isn't a court available for tennis because parents drop their children off to practice, but the kids sit on the courts and text and eat as soon as their parents leave and no one else can use the court. This hasn't happened of late but was very prevalent issue for a long time before.	4/30/2016 12:36 PM
203	More opps to enjoy them because there are geographically more of them spread through city.	4/30/2016 12:07 PM
204	Changing tables in bathrooms.	4/30/2016 11:45 AM
205	dog off leash	4/28/2016 12:16 PM
206	More parks and open spaces	4/27/2016 12:12 PM
207	Make facilities more green. I like led lights. The community center uses too much energy.	4/27/2016 6:00 AM
208	More off road bike paths, such as exist in Davis, Ca	4/26/2016 6:06 PM
209	More natural trails and natural environments where I can watch birds and listen to nature in peace.	4/25/2016 5:57 PM
210	Improve walking opportunities in park spaces.	4/19/2016 1:27 PM
211	Preserve the natural, open space parks the city has and perhaps add more.	4/19/2016 12:44 PM
212	Greater sense of community. Safety at Creekside - seems dangerous at night.	4/18/2016 5:20 PM
213	More bike racks more places. Outside buildings where meetings are held, it would be great to have a some bike racks under shelter from rain. (Wouldn't have to be many.)	4/13/2016 5:19 PM

214	<p>Most critically in need are better sidewalks, bike paths, street lighting, and lighted crosswalks to make getting to parks easier, safer and reduce the need to pave over land for more parking lots. If parents felt their kids were safe going to the park and school alone, there would be less car traffic. The missing sidewalks and bike paths are a major reason for the car traffic. There are other cities around the world that have made biking a viable alternative to car usage, like Amsterdam: https://en.wikipedia.org/wiki/Cycling_in_Amsterdam Cupertino should strive to build the infrastructure that would allow people to have alternatives to cars. Since Apple is already leading in this area, with its bike sharing program, a city bike-share program would likely be very successful here and again Cupertino can learn from other cities, like New York: https://www.citibikenyc.com</p>	3/30/2016 11:39 AM
215	<p>Individual reservable picnic tables and area at Blackberry to residents. Not just big sites in the bbq area.</p>	3/26/2016 9:02 PM

Q26 Are there particular features within a Cupertino park or recreation facility that stand out (positive or negative)? Please describe:

1	I noticed that the plaque inscribed with names of past CREST recipients are gone? Where can I find them?	7/25/2016 3:28 PM
2	Good = trees, shade, well-maintained walking paths, habitat/native plantings, presence of wildlife to enjoy. Year round flowering plants, presence of water, places to site and gather. Varied programming.	7/25/2016 3:16 PM
3	Staff at the Senior Center is wonderful!	7/25/2016 2:33 PM
4	Positive: Memorial Park amphitheater and summer programs. Negative: Memorial Park dry ponds and fountains	7/25/2016 2:27 PM
5	Get ride of the geese, keep the ducks, operate the water facility at Memorial Park	7/25/2016 2:22 PM
6	Blackberry Farm Golf Course is a great of an executive style golf course, please upgrade the boxes and drainage of course	7/25/2016 1:08 PM
7	no	7/19/2016 1:25 PM
8	Positive- "gathering space" (Memorial Park), Trees, paths, grass, place to enjoy	7/19/2016 1:02 PM
9	Senior Center	7/19/2016 12:49 PM
10	No machines for fitness training at Cupertino Senior Center. Sr. Center is well organized, staff is well trained and helpful. The facility and clean and attractive.	7/19/2016 11:53 AM
11	There is a small park at Franco Ct. and Homestead Blvd. Equipment is not kid friendly. The concrete sign for the park is on the corner and is too big. Blocks sight with oncoming traffic. Have to go into crosswalk to see around it.	7/19/2016 11:44 AM
12	we need a roller hockey rink	7/14/2016 8:07 AM
13	The trail at Blackberry Farm is great but I would like it to be linked to neighboring cities so that I do not have to go on the street with automobiles.	7/13/2016 7:15 PM
14	Positive - everything is well kept and maintained. When you take the school yards and nearby parks from San Jose and Sunnyvale, the availability isn't too bad, although there are parts of town that are quite deficient. Negative - there is a lot of variety in parks here, but I don't think people know about what's here. Figure out how to get the news out more. This is particularly true about some of the great regional open space areas around here like Fremont Older or Rancho San Antonio. These are great assets to the area but are challenging to find parking (can the city help there?). Missing a better scale of swim and gym center for residents. There are good facilities at DeAnza and high schools, but they are largely unavailable to residents.	7/11/2016 2:15 PM
15	No	7/10/2016 11:28 PM
16	Location!	7/10/2016 9:22 PM
17	None so far.	7/10/2016 5:58 PM

18	Park well maintained	7/9/2016 9:57 PM
19	old and need to be refreshed	7/8/2016 11:07 AM
20	Need water back in the man made Memorial park lake. The umbrellas in the amphitheater were great at July 4th concert. Can these be brought out and used for other events? Memorial Park was well designed and is friendly for all ages and also, thank you for allowing dogs at the events. Cupertino Sports Center is a fantastic resource. Thank you!	7/5/2016 10:43 AM
21	I prefer more trees, natural areas, and ability to walk long distances in a park setting.	7/4/2016 10:06 PM
22	The parks are beautiful and well-maintained. Keep up the great work!	7/4/2016 12:42 PM
23	postive: we should add more cool video games areas	7/4/2016 12:17 PM
24	Creekside Park is unsafe for people walking along the circle section because of the basketball courts, I've seen plenty of people hit in the head because of a run away ball. People don't go to the park to get hit in the face with balls, they can do that at home in their own free time.	7/1/2016 12:31 PM
25	People working at the recreation facility are friendly and helpful.	6/30/2016 11:05 PM
26	We love Jollyman Park & like how well kept it is and that it had a small kids playground & older kids playground. paved walkway for walking/running. Lots of open space, grass field, bball court, bathrooms. There could be more seating/picnic tables.	6/30/2016 10:00 AM
27	Please see previous comments.	6/29/2016 11:52 PM
28	Blackberry Farm is a nice facility and Memorial Park. Neither are within walking distance of my home though.	6/24/2016 9:18 AM
29	Accent on nature. An open space with trees and flowers.	6/21/2016 9:14 PM
30	swimming pools	6/21/2016 5:29 PM
31	The Senior Center Travel Program is outstanding. I could not imagine another city with a better program. Koo Do's to Kim and her staff.	6/21/2016 2:25 PM
32	A great job of maintenance of parks. Senior Center is greatly appreciated. You are all doing a great job.	6/21/2016 11:52 AM
33	The handicap parking at the library is located too far away from the entrance.	6/20/2016 9:34 PM
34	Like adult education opportunities at the senior center I would like to see the natural water features restored to our parks without turning the water a fake teal color	6/20/2016 8:13 PM
35	no The staff has always been great and most accommodating.	6/20/2016 6:46 PM
36	None	6/20/2016 6:01 PM
37	Like I said before the trips the senior center arranges	6/20/2016 4:54 PM
38	Cupertino has one of the best Senior centers with more activities than many others	6/20/2016 4:44 PM
39	We have the BEST senior center and trips	6/20/2016 4:19 PM
40	Our Parks are kept in great condition, keep it up.	6/20/2016 4:07 PM
41	.	6/20/2016 1:39 PM
42	I like the maintenance of the park. I would like some more courts for sports.	6/19/2016 6:10 PM

43	Sometimes Cupertino gives developers a "parkland credit" for small onsite parks, but they are not really useful parks at all. Take the Cali Mill Plaza park for example; what can you do there? Can't kick a soccer ball. Can't throw a frisbee. Can't play volley ball. Security would make you stop if your tried any of those things. Same thing at the Main Street plaza park credit. these should not be counted at parkland credits, unless you can use it legitimately as a park.	6/17/2016 4:38 PM
44	The upkeep of parks are nice	6/17/2016 1:48 PM
45	Stevens Creek Corridor creek restoration in McClellan Ranch, especially McClellan Ranch West. native plant demonstration gardens, gardens featuring bird and butterfly attractive plants riparian corridors within the city	6/16/2016 6:32 PM
46	I really love both Quinlan CC and the Sports Center. I think they are outstanding facilities.	6/16/2016 1:47 PM
47	No trails thru residential area's.	6/16/2016 1:37 PM
48	I love the water features at Memorial Park	6/16/2016 6:37 AM
49	McClellan Ranch Preserve - next to fine golfing and a wonderful place to get connected to nature. Having the Audubon group in this facility is a great asset. Plenty of nature information and friendly, well informed staff.	6/15/2016 9:31 PM
50	I support the meadow restoration at McClellan ranch. Good job, please keep it up cause it needs more work!	6/15/2016 3:44 PM
51	The enhancement of nature and wildlife balanced with activity.	6/15/2016 1:46 PM
52	Very friendly staff at Rec desk - like Kevin.	6/15/2016 11:36 AM
53	Poor lighting after dusk. Not comfortable walking at parks in the evening.	6/14/2016 8:23 PM
54	Chair exercises- partner. Computer classes	6/14/2016 9:52 AM
55	Dirty restrooms. Un-kept barbecue pits	6/13/2016 10:01 PM
56	No.	6/13/2016 2:07 PM
57	BBF is great - for the limited use that is offered. (see last question)	6/12/2016 6:18 PM
58	Blackberry Farm and park are excellent. But the Golf course is useless. Fewer and fewer people are golfers and the land is wasted. Lots of money spent for very few users.	6/12/2016 5:06 PM
59	Good open fields though grass is slowly getting ruined. Nice play structures.	6/11/2016 9:36 PM
60	NEGATIVE: no basketball court at Wilson Park! POSITIVE: good parks.	6/11/2016 9:18 PM
61	no comments	6/8/2016 9:47 AM
62	Memorial Park is LOVELY	6/7/2016 11:29 AM
63	I can't stress enough that development at Blackberry Farm and McClellan Ranch be kept to a minimum. City Council members and other staffers need to keep to the master plan submitted and approved years ago.	6/7/2016 7:53 AM
64	What really stands out, is that most of the nice parks are all on the West side of Cupertino. The tennis facilities, the golfing facilities. The BlackBerry swimming facilities. We need to build-up equitable access to the parts for East Cupertino residents. Access to Cupertino High school tennis and swimming can go along way.	6/4/2016 2:32 PM
65	Making sure the areas including parking are well lit for safety and discouraging illegal activities.	6/3/2016 5:17 PM
66	Where I can find a quiet peaceful area I am happy - they have gotten fewer and smaller in the 20 yrs I've lived - it's getting oppressive around here.	6/3/2016 1:55 PM

Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

67	positive: clean restrooms. negative: trees down, or get sick, or not planting new ones.	6/2/2016 3:35 PM
68	Shady areas, picnic spots, benches, bathrooms are all great to have. If the ponds aren't going to be used in Memorial park any more (I don't see an excess of water in California's future), converting that space would increase usable park area. It is kind of an eyesore now.	6/2/2016 11:31 AM
69	Have noticed that the facilities that currently exist are well maintained.	6/1/2016 12:05 PM
70	Good programs for kids.	5/30/2016 10:07 PM
71	Maintenance of sports center is substandard.	5/29/2016 6:51 PM
72	I love the open space of McClellan Ranch and Blackberry Farm, especially since all of the improvements to both areas. It is a beautiful place to walk and relax, and the kids can swim and play too.	5/28/2016 2:52 PM
73	Fremont Older mountain bike trails are great! Views and scenery. Montebello open space preserve mountain bike trails are excellent! Views, scenery, single-track!!! Like the location of Monta Vista tennis courts.	5/28/2016 12:17 PM
74	The tennis courts at Memorial Park are a disgrace.	5/27/2016 4:15 PM
75	In my area, we have many parks in the area, and I love that fact. I think there is great rec programming, but because my son is on the Autism spectrum, I don't think we can continue to take advantage of them. He's very high functioning, but you need instructors who understand how to work with them.	5/27/2016 3:59 PM
76	McClellan Ranch West is a long-term embarrassment. The stretch of creek within McClellan Ranch Preserve needs restoration with the same professional attention as Blackberry Farm and Stockmeir restoration projects. The redwood bark at Mary Ave. dog park was a big mistake. It matches the color of dog poop making it difficult to spot, it deteriorates creating dust storms when dogs play in it. Remove it. There are a number of things I would change at the Sports Center. Positive: 1. Riparian plant and creek restoration projects. Keep up these habitat improvements into McClellan Ranch. 2. McClellan Ranch new environmental center, exhibits and programs.	5/27/2016 12:48 PM
77	Like the open air amphitheater in Memorial Park.....needs to be enlarged and made more comfortable.	5/26/2016 9:22 PM
78	I think there is a lot of variety of activities already in Cupertino. I think we need to balance activities for the whole rather than the request of the few. Money is not an infinite supply. The people in charge of the parks need to get out to the parks and see how they are used.	5/25/2016 8:51 PM
79	Standing out, hmm not really. Maybe there are but not the parks I go to. More creek side access would be nice	5/25/2016 6:30 PM
80	At Memorial Park we particularly like the playground & the performance area. The plays & summer concerts are great. At Linda Vista Park the open space is beautiful. Also, at Monta Vista Park we especially like the small redwood grove in back of the preschool, and the stand of trees on the corner of Voss & McKlintock. It's a soothing, peaceful area that attracts many types of birds. We fervently hope that this open space at Monta Vista Park would remain untouched.	5/25/2016 9:23 AM
81	Facilities generally kept up well	5/25/2016 8:06 AM
82	Love the 4H, community gardens, bees at McClellan Ranch. Keep it natural and smelly. Love the bike bridge - thank you Love the Sports Center - love the Precor machines. More remote controls for the TVs would be fantastic - the remotes are always missing and then you have to go around trying to figure out who has the remote. I think there are only two remotes - let's DOUBLE it - can't be that expensive!	5/24/2016 7:35 PM
83	Replace the pond in Memorial Park. More picnic areas in the parks.	5/24/2016 7:17 PM
84	Thank you for providing doggie waste bags at our local Creekside park! The neighboring houses really appreciate it!	5/24/2016 4:17 PM
85	some places like Creekside children and toddler playgrounds are too far apart. This makes it inconvenient for parents with multiple children. Neighborhood play areas such as Sedwick could use some benches.	5/24/2016 2:18 PM
86	I don't like that Memorial Park has no water in the pond. It makes the whole park look uninviting. Otherwise, it is a beautiful park.	5/24/2016 2:11 PM

Help Us Envision the Future of Our Parks, Open Space, and Recreation in Cupertino

87	The Golf Course needs to be fixed up it is in terrible shape, you have a pond with out water in it and it looks like the city dump, but you spend 3.5 million dollars for a three quarter mile dog pad. On the golf course you have two forty foot high screens totally in the wrong place, I do not know what genus Architect you employed who made such a bangle !!!	5/24/2016 1:16 PM
88	A negative: The fence that separates Creekside Park from the creek. I would love to have a way for people to get closer to the creek and enjoy it close up. I admit this is not an easy project -- bank remediation would be in order, and security concerns would have to be addressed.	5/23/2016 3:13 PM
89	Positive: The Blackberry Farm/McClellan ranch redevelopment is gorgeous. We have a lot of parks and many programs to choose from. Negative: The sports fields maintained by the City can be in poor shape. For example, the field at McAuliffe school is bumpy and has holes. If the city maintains fields like these, perhaps consider an artificial turf field? I know the one at Mise Park is very popular. The City could charge more for using this type of field. Monta Vista park has a very outdated building. The playgrounds do not serve all our citizens as modern day features for people of all abilities are missing. See Magical Bridge in Palo Alto as an example of the type of playground that we should have in the City.	5/23/2016 3:12 PM
90	Cupertino preschool and nature programs, and summer programs have been excellent in the past. Keep these going, they are needed. The parks are generally kept clean, and that is also appreciated.	5/23/2016 2:32 PM
91	Tennis programs (with the lifetime tennis) are great. Various area in the black berry farm is very nice.	5/23/2016 1:28 PM
92	I loved the water feature in Memorial Park, but not the problem with Canada Geese poop that came along with it. Therefore, I would be in favor of re-thinking that park to make it more useful for people and children to visit and use. It is a huge area with a lovely tranquil appearance. I would like that feeling to remain, if at all possible. I would like to see some large grassy areas (or, drought tolerant plants with winding paths) remain, but it appears there may be room for something to be added.	5/23/2016 12:11 PM
93	- The Stevens Creek corridor is an absolute gem, and the restoration of Stevens Creek is something about which I frequently post to my friends and colleagues. - I love Shakespeare in the park. - Many of our neighborhood parks have dated designs that reflect the overuse of turf and the underuse of creativity. - Many more Cupertino residents are recreating in the evenings by taking walks. Many of our sidewalks are too narrow, and have become overgrown. This is a code enforcement issue, that can be resolved with an app that would lets residents to text photos of problem areas to Code Enforcement, and the use of a drone by code enforcement to follow up. Perhaps block leaders could get involved if the volume of complaints ends up overwhelming staff. A good future standard for new sidewalks would be wide enough to allow for people to pass abreast.	5/23/2016 10:00 AM
94	What's going on with memorial parks ponds? I know there is a drough issue, but having a huge dry concrete area for much of the year is quite an eyesore... Are there plans to change the giant dry pond into so,etching else?	5/23/2016 2:56 AM
95	Negative: Leaving poison oak in our major parks. Putting a bicycle freeway through Blackberry Farm. Positive: Having access by bicycle to (not through) our parks.	5/22/2016 3:30 PM
96	Blackberry Farm golf course is not well maintained, especially the tees.	5/22/2016 12:13 PM
97	Lots of playgrounds for tots and little kids, not much for the slightly older crowd. Very few have swings or other jungle-gym type of equipment for older kids. Climbing walls. Kids love the slide at Blackberry farm pool. Love the path from McClellan Ranch to Blackberry -- more of this type of connections. Rec facilities (excluding Quinlan) are old and outdated inside.	5/22/2016 11:04 AM
98	Play structure + tables and benches at Barnhart park are well used. Basketball hoop at Creekside is popular; could use more of those. Are there any public tennis courts in Cupertino?	5/21/2016 9:41 PM
99	like the new trail from STEvens Creek through to Nature Center on McClellan. Close to Varian Park and it's always maintained well. I do wonder who comes through and picks all the apricots every year - before they're even all ripe. Use to love picking a few but that was several years ago.	5/21/2016 4:20 PM
100	generally appear well kept up	5/21/2016 3:39 PM
101	Blackberry Farm, the farm, pool, trail, agricultural info, environmental center, and all is terrific. I really like the peacefulness of Linda Vista Park too.	5/21/2016 2:27 PM

102	McClellan/Blackberry corridor is a standout in terms of natural beauty. Memorial Park Goose problem has been fixed, but the ponds are an eyesore and always seem to need work. The fountains at the library are a nuisance --- messy and inappropriate in that location.	5/21/2016 1:50 PM
103	BBF is a one-of-kind property and should remain primarily a nature preserve devoted to maintaining minimal to modest human recreational activities within its boundaries. As Cupertino continues to add more businesses and residents the need for quiet, natural, open space, to escape the noise and traffic will only become more precious. Please don't wreck it.	5/21/2016 4:29 AM
104	The new facility at McCellan Ranch is awesome.	5/20/2016 6:26 PM
105	I love the walk on the golf course and would love to see more attention given to it.	5/20/2016 5:45 PM
106	no	5/20/2016 3:55 PM
107	The kids and adults in this area are so rude. They don't follow rules, they park and do whatever they want with out any teachers or anyone else around to say anything. It is a real turn off!!	5/20/2016 3:23 PM
108	I love the no smoking I hate dog owners who let dogs off leash	5/20/2016 11:24 AM
109	New Stevens creek trail and blackberry farm/McClellan ranch improvements are excellent.	5/19/2016 2:12 PM
110	My experience with the Campbell Community Center is positive--inexpensive classes, and outdoor track with exercise pit stops. They also have ample parking for that after school/work walk/run, that's not prohibitive--De Anza College has a nice track but there's a parking fee and it is not truly for public use as there are school sports activities and Club Soccer games going on there most of the time.	5/19/2016 11:49 AM
111	I visited many parks for my recent survey for emergency use, and was highly impressed with the cleanliness and up-to-date maintenance. I like how the Stevens Creek corridor has been developed between Stevens Creek Blvd. and McClellan Rd.	5/18/2016 7:31 PM
112	Dog friendly parks	5/18/2016 2:51 PM
113	The cricket pitch by the library ruined the soccer field	5/18/2016 9:02 AM
114	Appreciate your attempt to include the residents in the plan.	5/17/2016 7:24 PM
115	Natural settings, quiet trails	5/16/2016 9:11 PM

117	Nice big parks, well maintained.	5/16/2016 4:24 PM
118	maintenance	5/16/2016 11:55 AM
119	Dogs running free. Too many contracts with clubs and private coaches which reduces residents' access to facilities.	5/16/2016 9:51 AM
120	Well maintained park and facilities.	5/14/2016 10:44 PM
121	Memorial park amphitheater and tennis courts	5/13/2016 8:51 PM
122	Too crowded	5/13/2016 7:57 PM
123	The parks are a wonderful asset. They are fun, casual, beautiful, and great for young families. Please don't turn them into noisy, competitive aquatic parks that will be used by only a small fraction of the community.	5/12/2016 11:05 PM
124	Squeaky swing at memorial park. Is Cupertino rec center city run?	5/12/2016 4:48 PM
125	Keep the bathrooms open and clean with working water, paper and soap available.	5/12/2016 3:09 PM

126	We have nice kids playgrounds.	5/12/2016 2:00 PM
127	un appealing and very small for the tax base you are tapping	5/12/2016 1:54 PM
128	We need programs and parks and playgrounds that are inclusive for those old and young, with or without disabilities.	5/12/2016 1:40 PM
129	Jollyman is a great park and is a nice open space. Creekside has amazing fields and is well planned.	5/12/2016 1:40 PM
130	Love Kevin Moran Park - nice trees, great bathrooms, nice tennis courts, picnic tables, playground, trail, beautiful park	5/12/2016 10:39 AM
131	P & R has always been outstanding. Very family oriented. Over the years as my family grew we used more facilities then I do now, but from what I see the department is still working hard for us all.	5/12/2016 9:39 AM
132	The fields get closed to easily and stay closed too long.	5/12/2016 9:17 AM
133	no	5/12/2016 2:38 AM
134	Creekside bathrooms are disgusting. Hoover and jollyman grass fields are terrible and may cause injury from lack of maintenance. Kevin Moran is a wonderful park.	5/11/2016 10:41 PM
135	absence of basic facilities like bathrooms in some of the parks like Somerset and Hoover	5/11/2016 10:13 PM
136	We love the soccer fields. Thank you for the opportunity to utilize your parks for our children.	5/11/2016 10:00 PM
137	You have to fix the pecolation ponds situations! it looks horrible out there. baby ducks are walking around looking for water	5/11/2016 6:57 PM
138	Play structures are too old at the parks. Bring some new, interesting structures and activities for kids.	5/11/2016 6:01 PM
139	Good turf maintenance. Need better lighting on the sport fields.	5/10/2016 8:03 PM
140	The fields and facilities are very well maintained.	5/10/2016 3:34 PM
141	Well maintained! :)	5/10/2016 2:10 PM
142	More kid friendly restrooms. Lower toilets and sinks	5/10/2016 1:27 PM
143	why is there literally so much grass... WHAT ARE PEOPLE DOING ON THE GRASS MAN... they're not doing anything... put some actual facilities in ... LESS GRASS	5/10/2016 12:23 PM

146	Blackberry farm is a nice attraction in Cupertino	5/9/2016 6:13 PM
147	kids playgrounds are great	5/9/2016 9:48 AM
148	McClellan ranch update has been very wonderful. Also the extension of Black Berry Farm trail to steven's Creek.	5/8/2016 6:58 PM
149	Extensive, connected, and shaded trails often improve the quality of parks by a lot.	5/8/2016 9:37 AM
150	The geese are a negative and Shakespeare in the park is positive.	5/7/2016 4:58 PM
151	Positive, Walkability and Beauty of Memorial Park.	5/7/2016 9:03 AM
152	The new environmental center at McClellan is outstanding.	5/6/2016 5:58 PM
153	I like the Quinlan Community Center, but I'm not sure how much of the community gets to use it...	5/6/2016 2:44 PM

154	Very concerned about parking or alternative ways to get to parks if you can't drive or bike. Would love to see more footpaths and even weekend-guided walks in the area. Also, history walks (we had a lot!).	5/6/2016 2:31 PM
155	The open space parks seem to be well used and yet still quite spacious.	5/6/2016 2:30 PM

159	I use the Kennedy field most Sunday mornings and it's really nice having the port-a-potty there. Also, the field maintenance is EXCELLENT. It's nice having the Sunday "volunteers" pass through to remove the trash. I make a point to exchange pleasantries with these folks.	5/5/2016 10:15 PM
160	Linda Vista's open space is serene and inviting. It is the perfect place to walk.	5/5/2016 9:42 PM
161	Memorial Park goose droppings. Cancellation of July 4th fireworks.	5/5/2016 6:25 PM
162	positive everything	5/5/2016 5:19 PM
163	I like the water features at Serra Park and Ortega Park. I hate the goose poop at Memorial Park, which makes the grassy areas unusable. I hate that the water is always drained at Memorial Park - makes it look so ugly. I would like to see more open, grassy fields that are not designated as athletic fields.	5/5/2016 3:52 PM
164	good classes and programs offered. Why are so many schools being remodeled unnecessarily. They look good, there is no need to spend money in remodeling, instead you can expand or add classrooms in schools with a long wait list.	5/4/2016 5:54 PM
165	not really ... the facilities are scattered throughout the city, so people generally only know about what's close by.	5/4/2016 5:04 PM
166	Dog poo pick up bags, clean, well maintained	5/4/2016 3:49 PM
167	Generally clean and well kept.	5/4/2016 1:55 PM
168	Stevens Creek Trail is fabulous. Add a pickleball court to Blackberry Farm, add a Par Course, too	5/4/2016 8:54 AM
169	Parks lack mosquito control	5/4/2016 8:20 AM
170	Negative/wood chips Positive-convenience, good maintenance	5/4/2016 7:49 AM

172	NO	5/4/2016 5:15 AM
173	Cupertino has a great ratio of parks vs cityscape. Most cities have far less park space and the abundance of parks is a real asset to Cupertino.	5/3/2016 9:10 PM
174	I am deeply concerned that the Green Roof proposed for the Hills at Vallco will not be built to plan, or will not be built at all because it isn't tenable. I'm concerned that the requirement to build a park in that development will be ignored as it was in the Main Street development.	5/3/2016 8:07 PM
175	Portal park is our favorite right now we like the green space, the various play structures and the shade. Less tan bark and more cushioned flooring would be great.	5/3/2016 6:48 PM
176	Well maintained	5/3/2016 6:24 PM
177	I commend the friendly staff and clean, safe facilities.	5/3/2016 5:36 PM

179	Wilson is awesome for little league	5/3/2016 5:10 PM
180	i don't really use any now.	5/3/2016 5:00 PM
181	The Veterans Memorial, especially the Guardians statue, has been a great addition to Memorial park. On the other hand, the "water" in that park may reveal a weakness in planning. Even without the drought restrictions the cement ponds are of dubious value (with the goose droppings being one difficult side effect), but several years of nothing but plumbing and paving right through the middle of the park does suggest that it is past time for a better design. The fields at Garden Gate Elementary were recently redone completely (quite beautifully), and then only a few months later that field has been rendered effectively unusable by gophers or other animals trenching and mounding all over that field. Similar problems have made the fields behind Faria Elementary difficult to use. If we are not going to be able to sustain these facilities as playing fields, perhaps we should just let them go wild like the Blackberry corridor?...	5/3/2016 4:32 PM
182	The gross sand pit at portal park.	5/3/2016 4:32 PM
183	Vallco Municipal Park: Think of Central Park in New York city.	5/3/2016 4:28 PM
184	Tennis and badminton programs are excellent	5/3/2016 4:26 PM
185	Over use of Creekside	5/3/2016 4:24 PM
186	Negative - Creekside Park. Not functional for pets or very small children or people taking multiple age children when the play areas are so far apart from each other. Why is the toddler area so far away from everything else - especially the bathrooms. Too much emphasis on sports fields and not on neighborhood needs. Positive - McClellan Ranch. The center there is amazing for kids to learn about nature. Gardens are nice and natural feel and access to the creek are great. Need more of that	5/3/2016 4:18 PM
187	Over developed parks that use too much water. Need more water tolerant vegetation.	5/3/2016 4:09 PM
188	Parks are generally calm and calming during the day.	5/3/2016 4:08 PM
189	This survey is asking more or less the same question over and over again. Please see my prior response. Negative: The parks and recreation facilities are old, boring, lack creativity, lack technology, and are not inspired or truly open to the entire community. Positive, there is a lot of good room/space for adding new facilities, new offerings, and a blank slate to be creative.	5/3/2016 4:07 PM
190	Well kept	5/3/2016 2:52 PM
191	Clean restrooms, Varied play structures, Trees	5/3/2016 2:23 PM
192	Library Field is an excellent pocket park. Not sure of the bathroom situation there, though. Would be great to see better signage directing people to bathroom facilities (inside the library and adjacent to the community hall). Please do not shrink Library Field by adding ground level parking and a driveway on Pacifica. I would support underground parking or a parking structure before supporting any changes that will reduce the size of parks and open spaces, including Library Field.	5/2/2016 8:58 AM
193	I really like memorial park --minus the bird leavings. It is charming. Like the shakespeare in the park. It is large enough to feel like you have room to run, but small enough to be intimate.	5/2/2016 8:53 AM
194	We like jollyman playgrounds for the shade, and franco park is an excellent example of a park with well thought-put facilities given the space available and the location and demographic. The rentable indoor space at creekside is very good. The field there on the north side of the driveway seems to be underutilized. Shade is always good. A facility like what palo alto did with the magical bridge would be great. Lawrence Mitty would be a good candidate.	4/30/2016 7:11 PM
195	positive a lot of open space	4/30/2016 12:58 PM
196	I like the cleanliness or the parks. They are also pretty safe and we'll-lit, but more lighting is always better.	4/30/2016 12:37 PM
197	Linkage between McClellan ranch and blackberry farm is great, we should seek to do this with more of our parks	4/30/2016 12:14 PM

198	cleanliness, good signage	4/28/2016 12:16 PM
199	More natural open space is positive.	4/27/2016 12:44 PM
200	Too few	4/27/2016 12:12 PM
201	Parks are clean & friendly. Open porta potty at Hover park	4/27/2016 6:03 AM
202	I love the natural environment at McClellan Ranch, the creek, the birds, the quiet and peace of the place. Keep it this way!	4/25/2016 5:58 PM
203	McClellan Ranch and Blackberry Farm are wonderful	4/24/2016 8:23 PM
204	Cupertino offers extremely high quality classes. Creekside needs work.	4/18/2016 5:23 PM
205	I'm proud to show off Stevens Creek Trail along the restored Stevens Creek, as well as McClellan Ranch Preserve, although much could be done there in the way of habitat restoration.	4/13/2016 5:19 PM
206	Varian is lovely, with lots of space to run, a tree to climb, fruit trees, areas to explore, playgrounds, and a paved track around it for biking or scootering. It just needs a bathroom. Monta Vista Park is pretty good. I think other areas like Los Altos and Sunnyvale have better playgrounds though.	4/6/2016 8:28 AM
207	We have a good variety of places and equipment - tennis, fields, bocce, hiking, biking, swimming, even farming	4/5/2016 11:53 AM
208	Tennis courts should be repaired, cracks filled, and better maintained. We also strongly oppose the addling of Canada goose eggs and the harassment of geese by trained dogs within Cupertino parks. Cupertino should be an environmental leader and should strive to co-exist with nature and wildlife. The goose droppings on walkways can be cleaned up economically with street/outdoor sweepers. Volunteers can also be employed, and park clean up events can be a great way to build community involvement and foster a sense of togetherness and a sense of purpose as well as provide educational opportunities about organic farming, waste management, and wildlife preservation. Preventing wildlife from living in our area means depriving residents of the opportunity to learn about the environment and nature. It prevents residents from building a sense of caring and empathy for animals. And it prevents residents from experiencing the joy of seeing hatchlings in the spring. We hope Cupertino reconsiders the current Canada goose abatement program, and embraces a more humane, nurturing, progressive, and educational path that allows these and other wildlife, like ducks, to become protected and cherished community members.	3/30/2016 11:57 AM
209	Blackberry farm and the Stevens Creek Corridor are beautiful. Keep them maintained and beautiful.	3/26/2016 9:05 PM

1	city does great job working with parks that are mostly fairly old. Good staff. Good programs. City should invest in updating the parks and facilities. Stevens Creek Corridor McClellan Ranch, Blackberry Farm, the trail- City should be very proud of these! Keep going with the restoration. The Environmental Education Center programs, keep it up- great and want even more.	7/25/2016 3:18 PM
2	available for all ages; families, singles, seniors.	7/25/2016 2:28 PM
3	Great summer programs with music, Shakespeare and movies. Enjoy the various artists and crafts and other festivals.	7/25/2016 2:22 PM
4	no	7/19/2016 1:25 PM
5	Well maintained, feel safe. We have many opportunities for recreation in Cupertino - we are lucky	7/19/2016 1:13 PM
6	For Seniors - CSC- provide a nice variety of programs for our seniors. As money is available would like to see more trips to local and regional parks such as Coe State Park	7/19/2016 12:51 PM
7	Well planned classes. Good instructors for all classes. Helpful classes for seniors. Travel program is great though expensive for some trips. The staff at the Cupertino Senior Center are very helpful.	7/19/2016 11:54 AM
8	It's volunteer programs of community activities. City of Cupertino continue support	7/18/2016 3:44 PM
9	The community is very capable at adding features to community parks	7/14/2016 8:08 AM
10	The parks are clean.	7/13/2016 7:16 PM
11	Great community, so people are respectful of the facilities and they are safe places for families and residents. I think the city has been very responsive to public requests for activities (maybe less so for facilities).	7/11/2016 2:18 PM
12	Having the funding to give towards strengthening and improving parks/rec services and community programs, in addition to public support.	7/10/2016 9:23 PM
13	Currently, you offer many many programs for pre-school, kids and tweens.	7/10/2016 6:01 PM
14	Please see previous answers. Also, thank you for running this survey and asking for feedback to be used for future planning.	7/5/2016 10:45 AM
15	Apple's funding - property tax and building fees of all their leased buildings in Cupertino. Including the sales tax generation.	7/4/2016 7:22 PM
16	Infrastructure is there, just needs to be expanded	7/4/2016 1:52 PM
17	We already have a beautiful wealth of parks and excellent programs. You are doing great work!	7/4/2016 12:43 PM
18	cultural events	7/4/2016 12:19 PM
19	they have a lot of space in the park for various activities	7/1/2016 3:19 PM

20	You guys do keep your shit clean, I give you that, but you people are starting to become extremely closed in terms of sharing facilities with people of other counties. It's off-putting, with all the money you have, you would think that you could offer something interesting. There is literally nothing exciting to do in Cupertino, I always go to Sunnyvale or Santa Clara to have fun and the only great thing Cupertino did was the FIREWORKS, and you guys went ahead and cancelled that. I literally just come home to sleep. That's it. Even your farmers market is SHIT! Seriously, what do you guys do? Other than have some lame ass programs and keep the parks clean there is literally nothing to do in Cupertino.	7/1/2016 12:37 PM
21	Not sure about parks but recreation services are mostly what the people in Cupertino like.	6/30/2016 11:13 PM
22	Offering diverse class offerings.	6/30/2016 10:02 AM
23	Overall good maintenance of parks, great diversity of community activities	6/29/2016 11:58 PM
24	Cupertino City recreation runs lots of programs, and doing a great job making it available every year. No Complains! Keep up the good work,	6/25/2016 10:28 PM
25	Well kept park maintenance. Need to keep ecology in mind for water conservation.	6/24/2016 9:25 AM
26	I don't have enough information to properly comment. However the parks and rec areas I have used over the years have all been well maintained and laid out	6/23/2016 9:37 AM
27	Commitment to offering the best facilities to its residents (as shown by running this survey)	6/21/2016 2:36 PM
28	Your people really care about the people who live in Cupertino.	6/21/2016 2:31 PM
29	A very dedicated staff.	6/20/2016 9:36 PM
30	Committed employees!	6/20/2016 8:14 PM
31	Friendly and they listen.	6/20/2016 6:47 PM
32	The fact that the city has a program!	6/20/2016 6:02 PM
33	Many of us seniors have no families to take us anywhere and use this facility to enjoy the world around us. A simple excursion to Half Moon Bay or go up to the City to learn it's history is something to look forward to and a very inexpensive way to feel like you have had a mini vacation or a type of outing.	6/20/2016 4:57 PM
34	The people	6/20/2016 4:55 PM
35	There's a lot of variety available	6/20/2016 4:45 PM
36	Good offering of classes and trips for seniors.	6/20/2016 4:33 PM
37	Well taken care of.	6/20/2016 4:10 PM
38	Super senior community	6/20/2016 4:06 PM
39	The people. There are enough people interested in the same things you are. There is a healthy tax base to make these things happen. I want to see how much percentage of the taxes are going to these things. I have the same concerns for Sunnyvale, the community in which I live.	6/20/2016 1:42 PM
40	The parks and recreations committee is engaging community on a master plan. this is great!	6/17/2016 4:40 PM
41	More roller hockey	6/17/2016 1:49 PM
42	riparian corridors within the city	6/16/2016 6:33 PM
43	Strong financial position due to good management and tax base (Apple) Involved citizens	6/16/2016 1:48 PM
44	I believe there are sufficient funds given your tax payer base and corporate presence	6/16/2016 6:39 AM

45	The staff, the citizens, and the current facilities. Not over done, not over-crowded soccer fields, not huge gymnastic facilities.	6/15/2016 9:36 PM
46	enviornmental center at McClellen ranch and creek school program	6/15/2016 3:45 PM
47	McClellan Ranch and Blackberry Farm. Please, if you are, stop arguing over this.	6/15/2016 1:47 PM
48	the fact that you would go a survey is great!	6/15/2016 11:37 AM
49	Programs available for all age groups.	6/14/2016 8:24 PM
50	A wonderful oppportunity for residents to be able to enjoy the wonderful weather in a clean, safe, and beautiful areas. Fresh air. YES!	6/14/2016 9:53 AM
51	Ability to fund new construction to create a real community center in the Quinlan/Sports Center/Memorial Park/ DeAnza College/ The Oaks area.	6/13/2016 10:04 PM
52	Parks and Rec services are ok, I guess, but I'm drawn more to the neighboring cities' parks and rec centers because of their programs. I guess the greatest strengths is designing their programs to the Chinese and East Indian communities, but that's not necessarily a positive for me.	6/13/2016 2:11 PM
53	Cupertino has money	6/12/2016 6:20 PM
54	the facility seems well organized.	6/12/2016 5:17 PM
55	You listen	6/12/2016 5:08 PM
56	Grass trimming though not much grass left to trim in some parks.	6/11/2016 9:38 PM
57	Nice playgrounds and grass area for playing	6/11/2016 9:19 PM
58	I like living close to Wilson Park and knowing that it will always be nice clean park to visit. The bathrooms are sometimes not clean though on weekend days.	6/10/2016 6:22 PM

60	Safety Open spaces Parks	6/8/2016 9:49 AM
61	Place for youth to play, seniors to get exercise walking and socializing, families to feel safe and relax.	6/7/2016 10:31 PM
62	Senior Center classes and programs	6/7/2016 11:30 AM
63	Hopefully the city council and parks and recreation staff will have a clear vision of the parks and facilities that will benefit generations to come. Doing the right thing is not always easy or popular.	6/7/2016 7:56 AM
64	we have a relatively strong program of perception facilities and programs	6/3/2016 5:34 PM
65	This survey! The city's residents need to share their input on a regular basis (e.g. every 2-3 years, at least).	6/3/2016 5:19 PM
66	unsure how to answer but I would like to say it seems like we keep getting these questions and input opportunities and perhaps you hope the answers will change ?? As an aside, I think Master Plans should last for at least 25 years if not 50 years 'Master' should mean what it says,	6/3/2016 1:57 PM
67	Cupertino generally has clean restrooms and parks. The play structures are maintained. The park density is high, which is good.	6/2/2016 3:38 PM
68	The parks are well maintained	6/2/2016 11:32 AM
69	The fact that the City even has a Master Plan for these facilities is a plus.	6/1/2016 12:07 PM
70	Parks are usually clean, well lighted and safe. The city is known for its kid programs.	5/30/2016 10:09 PM
71	Generally clean and mostly safe.	5/29/2016 6:53 PM

72	Cupertino is fortunate to have set aside space to provide its residents with beautiful and unique parks. We have ordinary neighborhood parks, but we also have beautiful places like McClellan Ranch and Blackberry Farms too.	5/28/2016 2:55 PM
73	Resources. Community priorities - health and wellbeing.	5/28/2016 12:24 PM
74	I think the programming is robust.	5/27/2016 4:00 PM
75	It's financial health to provide these services.	5/27/2016 12:53 PM
76	Public works department does a good job in maintaining the parks.	5/26/2016 4:22 PM
77	Asking for citizen input.	5/25/2016 9:36 PM
78	The individuals who take care of my local park seem to be conscientious.	5/25/2016 8:52 PM
79	Fair number of parks, well maintained. Friendly city park and facility maintenance employees!	5/25/2016 6:32 PM
80	We have so many beautiful parks & a fantastic community center. There are many great classes offered & our family has enjoyed many of them over the years.	5/25/2016 9:25 AM
81	Commitment; continuity of leadership; appreciation of balance of offerings	5/25/2016 8:08 AM
82	Wonderful facilities - good hours - great staff Well maintained parks, facilities, bike bridge, improvements at McClellan Ranch are outstanding	5/24/2016 7:46 PM
83	Emphasis on recreation for children, very important. But, older adults still love to live in Cupertino and want active activities, not just armchair events.	5/24/2016 7:22 PM
84	Great maintenance. Our parks are always clean and tidy.	5/24/2016 4:18 PM
85	Cupertino has diverse highly educated citizens which want a pleasant and enriching community which reflects their high reaching aspirations and also offers relief from their often stressful daily lives. Cupertino citizens desire and are willing to support excellence in our parks and recreational services.	5/24/2016 2:33 PM
86	That they care and support it.	5/24/2016 2:25 PM
87	Having all that tax money from the industry, I remember Cupertino in 1956.	5/24/2016 1:20 PM
88	We are a well funded city, as well as having outstanding service organizations that give back to our city. We sit in the heart of the technology center of the world and have the ability to deliver 21st century programs and facilities to our citizens. We have a commitment from the city to improve our parks and services. We are lucky to have all of this!	5/23/2016 3:16 PM
89	Maintenance seems to be excellent. I especially appreciate that fact that graffiti are promptly removed.	5/23/2016 3:16 PM
90	Stevens Creek Corridor and associated facilities at McClellan Ranch, and the number and quality of the existing parks in Cupertino.	5/23/2016 2:37 PM
91	Quality of the users and safe and secure environments.	5/23/2016 1:39 PM
92	I am fortunate to live near and use: Cupertino Sports Center - community events and exercise classes for adults Quinlan Community Center Cupertino Historical Society Blackberry Farm Audubon Center Memorial Park Jollyman Park Linda Vista Park These are all well maintained and provide excellent outdoor experiences.	5/23/2016 12:12 PM
93	- Unquestionably, it is the staff. They are enthusiastic, helpful, creative, and committed. - Second, it is the leadership, for the reasons stated above.	5/23/2016 10:04 AM
94	The parks feel very safe and, though maybe not a huge positive to some, are very empty (notably blackberry farm) whenever we visit.	5/23/2016 2:59 AM
95	Interest in expanding open space recreation use	5/22/2016 9:47 PM
96	We have an incredible area in blackberry farm. Why do we want a bicycle freeway through it.	5/22/2016 3:33 PM

97	Blackberry Farm facility. Rec programs are plentiful and cover most activities available.	5/22/2016 11:06 AM
98	Turning empty lots into parks. Providing events that represent different ethnicities in our city, such as cherry blossom festival, etc.	5/21/2016 9:45 PM
99	well maintained -	5/21/2016 4:20 PM
100	doing the master plan process	5/21/2016 3:40 PM
101	Great blend of activities provided.	5/21/2016 2:27 PM
102	Making use of natural gifts of it's location --- creeks, hillsides,	5/21/2016 1:56 PM
103	The Blackberry Farm facility and walking paths have been a big improvement. The Library complex/city hall, etc. is very attractive. Shakespeare in the Park has been enjoyed by our family for many years. Please keep it.	5/20/2016 9:04 PM
104	location	5/20/2016 6:26 PM
105	You have money and can afford it.	5/20/2016 5:48 PM
106	Expansive programs.	5/20/2016 3:57 PM
107	Movies, Shakespeare and music in the park	5/20/2016 3:26 PM
108	Excellent assortment of recreation programs for all ages, nice natural parks. Well maintained facilities.	5/20/2016 1:42 PM
109	Pretty clean and kept up and safe	5/20/2016 11:26 AM
110	No answer	5/19/2016 2:12 PM
111	The City and its citizens appear to be a group that would want to support and maintain a clean/safe environment for health/fitness/sports activities.	5/19/2016 11:56 AM
112	The greatest strengths are the sheer number of quality parks and their dispersion throughout the city. The Memorial Park/Quinlin Center/Sports Center complex located near the geographic center of the city is a tremendous strength. The large number of recreation programs offered is impressive. The recreation catalogs are loaded with many offerings.	5/18/2016 7:39 PM
113	Clean, green areas .Plenty of fresh air.	5/18/2016 2:52 PM
114	Many programs & options	5/18/2016 9:03 AM
115	Not sure	5/17/2016 7:25 PM
116	Safe areas for children and adults to use	5/16/2016 9:13 PM
117	Keeping the open spaces. Lots of people use the open spaces which is good for the community.	5/16/2016 9:54 AM
118	they have nice fields and playground equipment	5/14/2016 9:02 AM
119	Cleanliness and safety	5/13/2016 8:52 PM
120	Highly populated and presence of few corporates	5/13/2016 8:00 PM
121	The city has great parks. As a parent of a toddler I appreciate them	5/13/2016 7:03 PM
122	Parks should be a haven from the hustle and bustle of our daily lives. Cupertino's parks are varied in how they are used and are wonderful, well-maintained assets. The summer programs for children are fantastic. Keep up the great work!	5/12/2016 11:14 PM

123	That there is a lot for younger kids and programs were great. Great senior programs too but really nothing for teens - yes teen center but location is bad and options there having been there once is boring. No social dances etc which used to be very successful has stopped.	5/12/2016 9:33 PM
124	Building community is always important	5/12/2016 3:12 PM
125	From what I can see Cupertino does a good job of keeping their facilities neat and clean.	5/12/2016 2:42 PM
126	Keeping up what we have.	5/12/2016 2:39 PM
127	We have a nice mixture of classes and events.	5/12/2016 2:02 PM
128	you have a ton of money - use it.	5/12/2016 1:55 PM
129	Open space for kids to have recreational sports in and play kids in the community. Green space is also great for relaxation from the stress of our hectic silicon valley life!	5/12/2016 1:42 PM
130	Having so much already in place.	5/12/2016 9:42 AM
131	communication	5/12/2016 2:39 AM
132	well managed parks,	5/11/2016 10:15 PM
133	Mostly safe	5/11/2016 8:03 PM
134	Listening to the community feedback.	5/11/2016 6:03 PM
135	Well maintained parks and added programs for community members	5/10/2016 2:11 PM
136	Good access	5/10/2016 1:28 PM
137	the parks are very clean and well maintained, with the exception of the bird poop in memorial park. Recreation programs are made with a good intent, but they're a little bit repetitive.	5/10/2016 12:26 PM
138	All parks are clean and maintained well	5/10/2016 10:57 AM
139	Again - great to have these areas accessible and generally well maintained.	5/10/2016 10:14 AM
140	Diversity and family oriented	5/9/2016 7:26 PM
141	safety and cleanliness - good work here	5/9/2016 9:49 AM
142	Well managed classes and offerings for all citizens.	5/8/2016 7:00 PM
143	Love the parks and the open space.	5/8/2016 9:16 AM
144	Beauty of the area	5/7/2016 7:24 PM
145	Our beautiful parks and golf course and properties should be valued and upgraded continuously. I worked for Measure T which allowed us to buy all the land from McClellan Ranch to Stockmeir to make it contiguous. It is a real treasure with so much history there.	5/7/2016 5:04 PM
146	The Cupertino Senior Center IS the greatest strength in Cupertino and ALL that it provides for the city's Senior Citizens.	5/7/2016 9:05 AM
147	Continue providing opportunities for citizens of all ages and abilities to use the services.	5/6/2016 5:59 PM
148	We have got nice facilities (the parks are clean, the community center is nice, we have better class offerings than other places.) Employees are nice too. I'm glad for that, but I think there's room to improve.	5/6/2016 3:14 PM

149	Part of the strength has been in excellent maintenance. There are a great variety of classes, but in facilities mostly concentrated in the sports center no Memorial Park, getting difficult to get to because of traffic and lack of parking. Would love to see small, transportable programs sent it to smaller community parks, e.g., "family relay games and races atPark this Saturday afternoon at 2 pm," or Want to knit , knot or crochet? Come toPark,"	5/6/2016 2:44 PM
150	Well maintained	5/6/2016 1:31 PM
151	No opinion.	5/6/2016 12:03 PM
152	trees plants	5/6/2016 10:33 AM
153	Listening to its residents for ideas on how to improve.	5/6/2016 6:57 AM
154	Everything is very well maintained!	5/5/2016 10:18 PM
155	Funding.	5/5/2016 9:43 PM
156	I've known parks that were in place since the early day. The City is hell bent on developing every square inch of any space.	5/5/2016 6:29 PM
157	Quality of residents in Cupertino	5/5/2016 5:20 PM
158	Lots of parks but we still need more because too many people!	5/5/2016 3:57 PM
159	I really appreciate that you are doing this survey to ask the community our opinions.	5/5/2016 3:55 PM
160	Willing to take people's advice into consideration	5/4/2016 10:35 PM
161	Tax money	5/4/2016 5:55 PM
162	not clear ... the city has so many major problems (like the asinine Vallco project, and complete disregard for the quality of life for residents) that it's hard to even see the parks and recreation program.	5/4/2016 5:05 PM
163	Clean, well maintained	5/4/2016 3:50 PM
164	it should be two things: 1) a resulting revenue surplus from the enormous property-value appreciation that has taken place in Cupertino over the last thirty years; and 2) the wealth of intelligence and creativity that exists among Cupertino's residents.	5/4/2016 2:39 PM
165	Good quality facilities and programs.	5/4/2016 1:56 PM
166	great variety of programs for all ages	5/4/2016 11:58 AM
167	Many choices of classes, Lots of ostks	5/4/2016 8:56 AM
168	Beautiful environment and location. Several local major employers who can contribute to enhancing the quality of life here.	5/4/2016 8:22 AM
169	Classes	5/4/2016 7:50 AM
170	Great landscaping work. Frequent upkeep of park equipment. I rarely see facilities out of commission.	5/3/2016 9:12 PM

190	Without a doubt, the spaces. There's a huge amount of potential with the seventeen or so parks and other facilities owned by the city. Beyond the updates, the best thing we could do would be to provide more city-wide activities and events. The Fourth of July with the fireworks was always the most community-building event we held during the year. It's unfortunate that they are not there anymore. Events like that where we give many neighbors to congregate together in our parks are far too rare and very needed.	4/30/2016 7:15 PM

201	The parks are well maintained and clean. The athletic fields are kept in good condition.	4/13/2016 5:23 PM
202	Good management of resources. Good maintenance of facilities	4/5/2016 11:54 AM
203	The maintenance of parks and green strips like the one on DeAnza Blvd by the Apple Campus I/280 is Cupertino's greatest strength. The parks look beautiful and the mini parks and park islands around roads really let you know that you are in a town. Unfortunately, many of our neighbors in Santa Clara and in San Jose have completely bare streets with only concrete strip malls and no trees, grass, or plantings of any kind. We hope Cupertino does not become like this and encourage the City to continue to create these small green oases that do so much to bring up the quality of life, which in turn increases the sense of safety and community and define Cupertino as a town, not just a business park or a suburb.	3/30/2016 12:10 PM

Q29 Are there other ideas or observations about parks, recreation facilities, and recreational programming you would like to share with the City?

1	I hope strongly something will be done to the Quinlan parking. When there is a big event during normal class time, there is a sign "No Event Parking" does not seem to serve the purpose at all. I was 30 minutes late for a one hour class, and some students had to miss the class because could not able to find parking space.	7/25/2016 3:32 PM
2	Could partner with the County, YMCA, schools, Mid Peninsula Open Space District to offer joint programs to share their space. Water District too. Consider if any of the parks could have some lighting for evening use, maybe ending at 8 or 9 pm - in winter it gets dark so early, would be nice to enjoy the parks a little longer.	7/25/2016 3:20 PM

4	Too many questions!	7/19/2016 1:25 PM
5	We need more beauty, more scenic areas - high rise apartments and business lining streets are soul deadening. It's very hard to trust that plans for Vallco/the Oaks/Goodyear Tire areas will turn out well. I think "Main Street" is a huge disappointment so far. The emphasis seems to be on big buildings not spaces for people. Lazy dog restaurant has no view- for example.It didn't have to be that way.	7/19/2016 1:16 PM
6	I like the Center very much. I think the park is beautiful. Thank you for all the work you do.	7/19/2016 11:55 AM

16	when you do set up a reservation for a picnic area, someone needs to be there by a certain time or they would lose the reservation. That way if they had changed their minds the tables can at least be freed up for someone else. Another option would be to offer time periods 8 AM to 2 PM and 3 PM to sunset. Doing something like this will give more residents access to these prime locations.	7/1/2016 9:33 AM

48	I'd love to see the city buy up a residential property or 2 in each neighborhood (say 8-10 block area) and create mini parks that are designed as natural parks/wildlife habitat. Maybe footpath and a bench or two and not one other thing except maybe trash cans. That would be progressive and add to local quality of life. I think that would be really really great.	6/3/2016 2:02 PM

65	Work with local headquartered companies to provide enterprise support facilities/activities might be better for us to know each other? 66	The Cupertino Historical Society is being moved out of the Quinlan Community Center. I am a new member of the Society, and recently read that it is being moved. I dearly hope that the City will find a central, larger location for this organization. Especially, as our city grows and changes, the historical underpinnings of our city will be important for newer and younger citizens to understand the richness of our city.	5/23/2016 12:12 PM
67	Cupertino's strength and vitality lies in its diversity. Our facilities and programs should continue to reflect and build upon that diversity. The city is in a state of great angst regarding change. Part of this angst is, I believe, due to a perceived lack of opportunity for public input. Our park planning efforts, therefore, should take great pains to conduct outreach and provide opportunities for citizen input, perhaps even by holding neighborhood meetings. When asked by the city Council how the city can better get peoples attention, I half-jokingly suggested that we can hire a fleet of planes to fly over the city at Treetop level dropping leaflets. We need to be creative, and perhaps even outrageous, in our public outreach efforts.	5/23/2016 10:27 AM

73	There seems to be a tendency to want to over develop everything. Focus on maintaining what we have. We don't need every bell and whistle form of entertainment program or facility. 141	I think we've covered it. Thanks!	4/18/2016 5:27 PM
142	We would like to emphasize that the City can use problems like geese droppings on walkways in parks as a way to build and engage with the community while protecting, coexisting with and respecting wildlife. Implementing a volunteer program that hosts park clean up events, graffiti removal events, tree plantings, nature trail walks, historical walks, etc., would allow residents to join together to learn about and cherish our shared resources. The addling of eggs and the chasing off of Canada Geese in parks has the effect of removing residents from nature and removing nature from our environment. This is not the right lesson to promote. Rather, we should have the goal of protecting and preserving as much of the natural environment as we can, and to teach others how to maintain it for future generations.	3/30/2016 12:22 PM
